It forms the third volume of the five essential 'Way of Mastery' texts. Jeshua shares: "The Way of the Heart... is that pathway that begins with a commitment to healing and awakening, and is founded on the premise that you are perfectly free at all times. And everything that is experienced has been by your choice. And at no time has there been any other cause." His invitation to us is to wake up from every illusion that we have ever been separate from God, and to remember the deepest Truth of who we are: Christ. This is the only authorized version, precisely it was first given and including the original question and answer sections. Nothing has been added in the transition from audio to text: no chapter titles appear, nor themes given to sub-sections - for He gave none. What if Jeshua (Jesus) appeared in your living room? In July 1987 He first appeared to Jayem in a field of Light, coming closer and closer "...until his eyes were all I could see. And then his eyes seemed to pour right through me and I felt like I was dissolving into them, into those incredibly peaceful eyes." Over a period of nearly two years Jeshua appeared many times and gave ' dictation ', which Jayem scribbled down as fast as he could.

Eventually He asked Jayem to publish it as 'The Jeshua Letters' and this book emerged. It is the start of an astounding body of work given by Jeshua (called The Way of Mastery) which restore the essential truths of His original teachings, previously ' lost in translation ' in their passage from Aramaic to English. Jeshua ' s ' Letters ' are simple, profound and practical. His voice is certain but always gentle; inviting, never demanding. To read them is know beyond doubt - to know palpably - that Truth is being expressed

" His invitation to us is to wake up from every illusion that we have ever been separate from God, and to remember the deepest Truth of who we are: Christ. "I have come at this time, in this place, and through this being to speak my truth, to speak the story of my life – the true story of my life." The purpose of this book is to clarify, to tell the truth, and to share my energies with you so that you can begin the transformation of your mind and, therefore, the transformation of your heart and your world. It is in the misteachings that have been associated with my name that much death and pain has been caused and that much guilt and self-recrimination has been expressed. That was not my purpose; that was not my lesson. This story will begin the change. It will not make the change. It will facilitate turning the key in the lock, but you must open the door and walk through it into a new realm that is opened by this information. That is your responsibility. We can only bring you the message, this channel and I. We can only work together to transmit the information, but it is through your actions and your transformation that you will see a change in your world, a change in the subjective world that is manufactured from your beliefs, your thoughts, and your feelings. I talk about the truth of my birth and the truth of my life. I cover some stories that are recounted in the Bible and tell you the true story of those events. I describe some of my personal traits, my human traits, and I define what I am, who I am, and why these things happened. You will be able to understand the truth, and you will begin this reconditioning, this retooling of your mind – of your thoughts and beliefs – on this subject of my life, my meaning, and my purpose, for it is a long process. The time is ripe. The need

for a spiritual revolution is here. – Jesus

According to the Pew Research Center, approximately 37 percent of Americans identify themselves as spiritual but not religious. How to Be Spiritual Without Being Religious is a book for that sizable number of folks who seek a rich and authentic interior life but find formal religious affiliation unappealing. It is a clear and nondogmatic guide for finding one's own path of transformation, for embracing a vision of a "practical faith" that enhances a life of happiness and peace. Miller's concise approach arises out of what he calls "the spirituality of ordinary life." It is an approach dedicated to exploring the big questions: "Why am I here?" "Who am I?" "What is the best way to be of use." "A spiritual faith is a more practical way to deal with everyday life than cynicism, toughness, or defensiveness...it daily increases its usefulness and reliability. Spirituality is the way out of misery, the way in to self-knowledge, and the way toward a more fulfilling and effective life." --From the introduction Praise for The Book of Practical Faith "Succinct and salutary . . . D. Patrick Miller's thoughtful treatment of faith clarifies why this is such an important part of the sacred adventure of life." --Frederic Brussat, SpiritualityandPractice.com "This book offers a gentle, disciplined approach to growth with subtle insight and compassion. Miller names the habitual obstacles that keep us small and opens up a way to greater love, faith, and freedom." --J. Ruth Gendler, author of The Book of Qualities Love Without Conditions Foundation for Right-Mindedness

As crazy as this will sound to some, Jeshua ben Joseph (the authentic name for Jesus) began communicating a contemporary version of his teachings through numerous channels in the twentieth century. This game changing process is ongoing. No longer do we have to rely on inaccurate ancient documents in attempts to garner the vast wisdom of Jeshua. Just as he did 2,000 years ago, he promotes a message of spirituality and Love versus fear-based dogma. This inspirational and extensive body of information conveys a 21st century version of his teachings, void of the Christian misinformation that has distorted his message for 2,000 years. It is noteworthy that his teachings mirror 21st century quantum-based, single field principles. Physicists often refer to this as the Unified Field Theory. The scientific underpinnings of Jeshua's message about God, who we are and why we are here are mind boggling. Three of his many channeled books are referred to as The Way of Mastery series; The Way of the Heart, The Way of Transformation and The Way of Knowing. Jeshua's stated purpose was "to provide a pathway that can carry any soul from its first stirrings to awaken, all the way to a mature manifestation of the Christ energy..".also known as enlightenment, ascension, Oneness Consciousness and/or Christ Consciousness.For lack of a better description, The Way of Mastery series is Jeshua's contemporary correspondence course. As only Jeshua can do, he communicates a step by step approach to understand and then transcend the challenges of the third dimension of Earth. Jeshua's course instructions include taking notes on what each student perceives as his most important teachings. This element of his instructions were expanded, and major portions of his texts were converted into a first person, positive affirmation format. You will be amazed at the positive effects of a few deep calming breaths combined with just a page of Jeshua's affirmations. This practice will assist anyone in making the shift to their natural enlightened state. Anyone can use this personalization of Jeshua's path to enlightenment as a tool to retrain your mind, engraining his wisdom into your consciousness, and thereby assist you in owning and living the energy of his wisdom.This book (Part I) is organized in the same sequence of Lessons found in The Way of the Heart. Two additional books (Part II and III), in the same affirmation format, will be produced for the second and third books of The Way of Mastery course. References to many of Jeshua's exercises, the importance of which cannot be overstated, are also present.

Before she died, Theanna (then Sara Lonsdale) developed a means to continue communication with her husband Ellias. Her words from beyond death's doors first appeared in *The Book of Theanna*, an introduction to the many realms of consciousness. Now Ellias has gathered and transcribed *The Christ Letters*, a collection of detailed accounts of Theanna's encounters with the Christ presence, transmitted at Christmas and Easter time over the course of several years. Drawing deeply on the feminine aspect of consciousness and framing her discussion around the astrological qualities of each of the seven classical planets, Theanna reexamines the figure of Christ and his teachings, exploding the myths imposed on Christ by church-based Christianity. What emerges is an unusual and inspirational account of the journey each one of us must take, from the darkest places of consciousness to eventual resurrection into the light of redemption. Not just another account of life after death, nor a channeled book in the usual sense, *The Christ Letters* enacts a virtually ignored method of spiritual communication. Theanna's principal goal is to make her process available collectively so that from this point on, people will "discover inside their own strength of being a Christ presence, something unexpected and wildly unknown."
