This book collects and discusses the Old Iranian divine names, personal names, geographical names (toponyms, hydronyms and oronyms) and loanwords, which are attested in texts written in Aramaic, Babylonian, Egyptian, Elamite, Lycian, Lydian and Phrygian. The texts, both royal inscriptions and documentary texts, are discovered in the entire territory of the Achaemenid Empire (from Egypt to Bactria), which controlled the Ancient Near East from ca. 550 to 331 B.C. The Iranica discussed in this book are divided into four categories: (1) directly transmitted Iranica, (2) semi-directly transmitted Iranica, (3) foreign Iranica and (4) indirectly transmitted Iranica (the so-called "Altiranische Nebenerlieferung"). All expressions, which do not belong to one of these categories, are brought together in a section called "Incerta". The etymology and linguistic setting of each Iranian expression is studied and a list of occurrences is added to this analysis.
