Online Style Guides - Web Design Ledger

The best way to learn about style guides is to copy what others are doing and make it your own. For this post I've scoured the web to find some beautiful examples of corporate brand style guides.. For those of you who don't know: a style guide outlines your brand ID.

APA Citation

Examples - UMGC Library

One of my favorite elements of this style guide, though, is how closely it follows its own guidelines. The tone and grammar is spot-on, turning the guide itself into an example of MailChimp's finest content. Take this lesson to heart. Your style guide

should reflect your brand's own vision. *Reference Examples*

A style manual, or style guide, is a set of standards for the design of documents, website pages, signage, and any other form of other brand

identifier. The reason for their existence is to ensure complete uniformity in style and formatting wherever the brand is used.

Web Style Guide

Examples

This example is particularly fascinating because it's a case where a company's web design style guide was so successful that it is also being deployed across traditional channels. This notion of "digital-first branding" is set to become more and more popular.
