In the tradition of *Bridget Jones's Diary*, a lovably flawed high school student chronicles her life as she navigates the highs and lows of family, friendship, school, and love in a diary that sparkles with humor and warmth. I'm Chloe Snow, and my life is kiiiiind of a disaster. 1. I'm a kissing virgin (so so so embarrassing). 2.

My best friend, Hannah, is driving me insane. 3. I think I'm in love with Mac Brody, senior football star, whose girlfriend is so beautiful she doesn't even need eyeliner. 4. My dad won't stop asking me if I'm okay. 5. Oh, and my mom moved to Mexico to work on her novel. But it's fine—she'll be back soon. She said so. Mom says the only thing sadder than remembering is forgetting, so I'm going to write down everything that happens to me in this diary. That way, even when I'm ninety, I'll remember how awkward and horrible and exciting it is to be in high school.

The “brilliantly wry” (Lena Dunham) and “lovably awkward” (Mindy Kaling) New York Times bestseller from the creator of HBO's *Insecure*. In this universally accessible New York Times bestseller named for her wildly popular web series, Issa Rae—“a singular voice with the verve and vivacity of uncorked champagne” (Kirkus Reviews)—waxes humorously on what it's like to be unabashedly awkward in a world that regards introverts as hapless misfits and black as cool. I'm awkward—and black. Someone once told me those were the two worst things anyone could be. That someone was right. Where do I start? Being an introvert (as well as

“funny,” according to the Los Angeles Times) in a world that glorifies cool isn’t easy. But when Issa Rae, the creator of the Shorty Award-winning hit series *The Misadventures of Awkward Black Girl*, is that introvert—whether she’s navigating love, the workplace, friendships, or “rapping”—it sure is entertaining. Now, in this New York Times bestselling debut collection written in her witty and self-deprecating voice, Rae covers everything from cybersexing in the early days of the Internet to deflecting unsolicited comments on weight gain, from navigating the perils of eating out alone and public displays of affection to learning to accept yourself—natural hair and all. *The Misadventures of Awkward Black Girl* is a book no one—awkward or cool, black, white, or other—will want to miss.

Seventeen short stories are featured in Thomas Wm. Hamilton ' s latest book *Weird Thoughts*. Spanning the years 1912 to fifty million years in the future, the book ' s genres cover science fiction, fantasy, and satire. The stories are followed by seven essays in the field of astronomy,

including issues that can be easily misunderstood by the general public. The author was previously an astronomy professor who worked three years on the Apollo Project, determining orbital characteristics, fuel usage, and radar accuracy requirements for space travel. This experience is described in one of the astronomy essays in the book. Three stories set in the far future describe wars taking place among highly evolved animals, including intelligent monkeys, raccoons, dogs, cats, and dolphins. One tale describes an alternate world in which a murder victim gains justice in a time travel adventure. The U.S. presidency is at stake! In other stories, teenagers discover the importance of Spell Check while doing magic, and then there ' s the tale about Halley ' s Comet. My Holiday in North Korea Daniel Mainwaring

Why LGBTQ adults don ' t end troubled ties with parents and why (perhaps) they should Families We Keep is a surprising look at the life-long bonds between LGBTQ adults and their parents.

Alongside the importance of " chosen families " in the queer community, Rin Reczek and Emma Bosley-Smith found that very few LGBTQ people choose to become estranged from their parents, even if those parent refuse to support their gender identity, sexuality, or both. Drawing on interviews with over seventy-five LGBTQ people and their parents, Reczek and Bosley-Smith explore the powerful ties that bind families together, for better or worse. They show us why many feel obliged to maintain even

troubled—and sometimes outright toxic—relationships with their parents. They argue that this relationship persists because what we think of as the " natural " and inevitable connection between parents and adult children is actually created and sustained by the sociocultural power of compulsory kinship. After revealing what holds even the most troubled intergenerational ties together, Families We Keep gives us permission to break free of those family bonds that are not in our best interests. Reczek and Bosley-Smith challenge our deep-rooted conviction that family—and specifically, our relationships with our parents—should be maintained at any cost. Families We Keep shines a light on the shifting importance of family in America, and how LGBTQ people navigate its complexities as adults.

The concept of ' live ' has changed as a consequence of mediated culture. Interaction may occur in real time, but not necessarily in shared physical spaces with others. The Digital Evolution of Live Music considers notions of live music in time and space as influenced by digital technology. This book

presents the argument that live music is a special case in digital experience due to its liminal status between mind and body, words and feelings, sight and sound, virtual and real. Digital live music occupies a multimodal role in a cultural contextual landscape shaped by technological innovation. The book consists of three sections. The first section looks at fan perspectives, digital technology and the jouissance of live music and music festival fans. The second section discusses music in popular culture, exploring YouTube and live music video culture and gaming soundtracks, followed by the concluding section which investigates the future of live music and digital culture. gives perspectives on the function of live music in digital culture and the role of digital in live music focuses on the interaction between live and digital music takes the discussion of live music beyond economics and marketing, to the cultural and

And the boy ' s gaze would haunt James forever. Because it seemed to be Phil still — the kid across the street with the soft handshake and polite manners and unstoppable off-tackle. Phillip looked up and his eyes met James ' . Phil stopped eating then, and just stared. James stared back, saying everything but nothing at all, two neighbors considering each other from opposite ends of a shallow grave. They seemed to share the same universal thought — what have we come to? Phil's eyes dropped to the pavement and his shoulders sunk, a melted candle of a boy. “ Am I

next? ” James asked. “ We ' ll see, ” Phil responded in a somber voice and as if it wasn't up to him. He returned to his work, pulling and stabbing and cutting away at the dead girl ' s oozing jugular. James recognized her — the girl who made the front page of the Greenville Times for tying the district ' s 400-meter sprint record. His inclination was right — she was Phil ' s girlfriend indeed. The paper had run a photo of the couple in tux and gown, standing in the atrium of Greenville ' s aquatic center. Runners-up to the coveted Prom king and queen, the photo inset had read. She had looked pissed about it. Phil pulled and tore at her. Strands of flesh, still attached to the corpse, hung from his bloody grasp like tight elastic bands. When his eyes met James ' again, they embodied blank serenity. Get ready to enter the dark, disturbing waters of a dystopian sci-fi world in this widely-praised, mind-bending trip to An Other Place... where time and space are fluid... where the moon changes colour and savage beasts run wild... where teeth are used as currency and love-making is a perilous proposition... where cannibalism occasionally comes into fashion and the dead are swiftly forgotten... where strange sandmen offer sanctuary in times of danger and a mysterious Alchemist rules over all. When Newman Riplan's flight into the unknown turns into a nightmarish slide between worlds, he must explore an unnamed city where unpredictable

terrors are the norm. By the end of his first day adrift, his life has spun completely out of his control, but the most mind-twisting and soul-crushing revelations are only beginning. As he desperately searches for meaning and a way out, he starts to realise that perhaps only madness can provide him with the answers, while surrender might offer him his only true hope of escape... REVIEWS "This is, by far, the best book of 2016, possibly the best book of this decade... the illegitimate love child of Kafka and Rod Serling, throwing in a dash of Ray Bradbury for good measure. 5/5 -- brilliant. Just brilliant." Kelly Smith Reviews. "An Other Place sees an imaginative writer at the top of his craft. It brings to mind The Twilight Zone, yet even Rod Serling himself would have struggled to come up with an alternate world so completely off-the-wall and yet oddly meaningful as Dash has here. 9/10 stars." Starburst. "Darren Dash has opened a new artery of terror... unlike any book I have ever read... hints of The Twilight Zone, Pines, and Station Eleven." The Literary Connoisseur. "Its luckless

hero moves from ghastly scenarios to even ghastlier scenarios with such horrid reliability that his story reads like extreme black comedy. 4/5 stars." SFX. "Lewis Carroll, L. Frank Baum, and Brett Easton Ellis may have written some weird stuff, but An Other Place tops all of it, both in terms of readability and overall scope." Dread Central. " This book really did blow my mind... each page turn was both chilling and thrilling in equal measure... the conclusion left me with goosebumps. 5/5! " Rachel Hobbs, author of Shadow-Stained. "Dash ' s surreal tale has its share of unsettling moments. There ' s also an abundance of intriguing peculiarities. An often baffling tale, but its protagonist ' s wry commentary is undeniably entertaining." Kirkus -- a Recommended Read. "An Other Place is a deliciously quirky novel that is surreal and powerful in equal measure. This is by far Dash ' s best work to date. It is challenging and absurd, artistically brave and politically conscious, but this abstract painting of a novel is one thing above all else... completely original." Books, Films &

Random Lunacy. " This story had me hooked from the get go... an ending that sent my mind into a spin. 5 stars. " Reviews And Randomness. " This book is utterly unique... I was amazed at how well Dash could create this baffling world from scratch and draw me into it so completely. 5 stars. " A Place In Which Jessie Writes. "If Jonathan Swift wrote horror, he might have written An Other Place. Powerful, imaginative, and occasionally disturbing, An Other Place will linger in the reader ' s mind long after the last page is turned." Safie Maken Finlay, author of The Galian Spear. A human-centric guide to solving complex problems in engineering management, from sizing teams to handling technical debt. There's a saying that people don't leave companies, they leave managers. Management is a key part of any organization, yet the discipline is often self-taught and unstructured. Getting to the good solutions for complex management challenges can make the difference between fulfillment and frustration for teams—and, ultimately, between the success and failure of companies. Will Larson's *An Elegant Puzzle* focuses on the particular challenges of engineering management—from sizing teams to handling technical debt to performing succession planning—and provides a path to the good solutions. Drawing from his experience at Digg, Uber, and Stripe, Larson has developed a thoughtful approach to engineering management for leaders of all levels at companies of all sizes. *An Elegant Puzzle* balances structured principles and human-centric thinking to help

any leader create more effective and rewarding organizations for engineers to thrive in.
