An award-winning scientist offers his unorthodox approach to childrearing:

“ Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its

conventions ” (Amy Chua, author of Battle Hymn of the Tiger Mother). If you ’ re like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In Parentology, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique

names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley ’ s sassy kids show him the limits of his profession. Parentology teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You ’ ll be laughing and learning at the same time. *Blackwell Handbook of Childhood Cognitive Development* Amer Gear Manufactures Assn
The Congressional Record is the

official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

The legend of the Frankish emperor Charlemagne is widespread through the literature of the European Middle Ages. This book offers a detailed and critical analysis of how this myth emerged and developed in medieval German and Dutch literatures, bringing to light the vast array of narratives either idealizing, if not glorifying, Charlemagne as a political and religious leader, or, at times, criticizing or even ridiculing him as a pompous and ineffectual ruler. The motif is traced from its earliest origins in chronicles, in the Kaiserchronik, through the Rolandslied and Der Stricker's Karl der Große, to his recasting as a saint in the Zürcher Buch vom Heiligen Karl.

Brand new for 2015, The Rough Guide to Colombia provides in-depth, expert coverage of one of South America's fastest-growing destinations. Get the lowdown on street art in Bogotá and colonial architecture in Cartagena, stay on a working finca in the emerald green hills of the Zona Cafetera or hike through pristine jungle to reach a remote white sand beach in Tayrona National Park. Packed full of practical information on getting around and where to stay and eat, The Rough Guide to Colombia has more than 50 full-colour maps, along with suggested itineraries and regional highlights. The Rough Guide to Colombia authors have explored the mysterious tombs of Tierradentro, been white-water rafting in San Gil, trekked to Ciudad Perdida, the "lost city" of the Indigenous Tairona, and soaked up salsa in Cali and Barranquilla so you can too. Or follow in the footsteps of Gabriel García Márquez, dive in Caribbean reefs off Providencia and motor along jungle-smothered waterways in the Amazon. Make the most of your trip with The Rough Guide to Colombia.
