User Guide South-Western Pub

Legal Research Guide: Patterns and Practice has been popular with both law students, attorneys, and other researchers. The new edition continues its rich tradition and leader as a practical guide to the research process and the checklist approach. This Seventh Edition, explains the interrelationship of manual and electronic research. Each method has its advantages and disadvantages. To do legal research accurately, quickly, and efficiently, the researcher must have a basic understanding of each method. Each is an important component and is best suited to certain types of information. Even with advances in electronic research, the authors believe that it is important to understand the manual research process and that some research can still be done more efficiently or completely through manual research due to the time and substance restrictions in databases. The eBook versions of this title feature links to Lexis Advance for further legal research options.

Wolters Kluwer

Westlaw Database Pricing for Law Firms
Westlaw Research Guide for Paralegals Wolters Kluwer
" ... list of all the databases and services available on Westlaw to Law Firms with special pricing plans (1C, 1E, 1P accounts). The list includes database and service names, identifiers, and hourly [per minute] and transactional pricing information."--Introd.
The Essential Guide Wolters Kluwer

This Guide book does not teach substantive tax law, which constantly changes, but rather the language of tax, which largely remains constant. Thus, a student who learns how to read the Internal Revenue Code effectively will be able to understand each new tax reform. To that end, A Student's Guide to the Internal Revenue Code:

- Examines statutory organization and language;
- Introduces basic tax constants to provide a frame of reference from which to view tax law, no matter what future tax reform might bring;
- Teaches how to use and research the cases, regulations, and Internal Revenue proclamations;
- Provides numerous problems and exam questions which students can use to test their ability to apply the language of the Internal Revenue Code; and
- Provides sample answers to problems and exams for students to monitor their progress.

The eBook versions of this title feature links to Lexis Advance for further legal research options.

Legal Research Guide Cengage Learning
Be nice, but not too nice. Be successful, but not too successful. Just be likeable. Whatever that means? Women are stuck in an impossible bind. At work, strong women are criticized for being cold, and warm women are seen as pushovers. An award-winning journalist examines this fundamental paradox and empowers readers to let go of old rules and reimagine leadership rather than reinventing themselves. Consider that even competent women must appear likeable to successfully negotiate a salary, ask for a promotion, or take credit for a job well done—and that studies show these actions usually make them less likeable. And this minefield is doubly loaded when likeability intersects with race, ethnicity, sexual orientation, and parental status. Relying on extensive research and interviews, and carefully examined personal experience, *The Likeability Trap* delivers an essential examination of the pressure put on women to be amiable at work, home, and in the public sphere, and explores the price women pay for internalizing those demands. Rather than advising readers to make themselves likeable, Menendez empowers them to examine how they perceive themselves and others and explores how the concept of likeability is riddled with cultural biases. Our demands for likeability, she argues, hinder everyone's progress and power. Inspiring, thoughtful and often funny, *The Likeability Trap* proposes surprising, practical solutions for confronting the cultural patterns holding us back,

encourages us to value unique talents and styles instead of muting them, and to remember that while likeability is part of the game, it will not break you.

A Guide for Tomorrow's Lawyer Amer Bar Assn

Featuring Deborah E. Bouchoux 's highly regarded assignments, examples, and building-block approach, Concise Guide to Legal Research and Writing, Fourth Edition continues to provide timely coverage of the essential research and writing skills used by today 's paralegals.
