A Lady's Code of Misconduct Mail Order Bride
A historical western cowboy romance novel about a mail order bride. Tessa O'Connor lives in a world of privilege and excess. Her doting parents want her to make a good match with a worthy gentleman and live a respectable life. She is beautiful and intelligent and she comes with a hefty dowry. There is no reason that she shouldn't be able to find an eligible man and settle down. Tessa herself is the reason. The men who are

attempting to court her are, in her opinion, boring and conceited. Not only that, Tessa craves excitement and adventure, of which there is little in her social circles. By chance, she comes across an advertisement for a bride brokerage company seeking eligible women of good breeding to go west and find husbands. One man on the list catches her eye and she begins corresponding with him, eventually agreeing to go to Montana to meet him. She can't resist the possibility of finding someone different and even if she doesn't, the adventure itself would be worth her time.

Tessa makes a successful escape and sets out to make a new life in Montana. Dean Samuels is a Montana rancher who is in over his head. His ranch is struggling and his two children are unruly and in need of a caretaker. It's clear to his younger brother, Marcus, that he needs help. He tells Dean about a mail order bride service and convinces him that he should utilize it to find a wife. After his wife, Sarah, had passed away, Dean never intended to marry again. His ranch and his children became his life. However, it becomes apparent that Sadie, his daughter, and his son, Jack, need stability and love. The

demands of raising his children and keeping his head above water financially have taken a toll and Dean grudgingly gives in to Marcus' idea. Sarah had been the love of his life and Dean doesn't intend to let any other woman into his heart. He's locked those kinds of emotions deep inside, not wanting to take the chance of getting hurt like that again. Because Dean has trouble expressing his feelings in writing, his younger brother Marcus agrees to help write the letters to Tessa. Dean is happy to leave that part up to him. When Dean and Tessa meet, sparks fly between the two strong willed people. Tessa is disappointed that Dean isn't the romantic, sophisticated man she was lead to believe he was in the letters she received. Dean is aggravated that she isn't a meek woman who is easily managed. Never mind the fact that she has no idea of how to take care of children and keep a home. Dean and Tessa struggle to find common ground and make their marriage work. Will they each take the risk and open their hearts to one another? Can their marriage survive and will they find love and contentment in each other? Their future happiness hangs in the balance under the Montana skies. Mail Order Bride -

Ruth Ann Nordin

A straitlaced bookseller and a rowdy trail guide fight their ill-suited attraction in Book Five of the Prairie Hearts series by USA Today bestselling author Caroline Fyffe. Wyoming Territory, October 1883 Tabitha Canterbury came to Logan Meadows with one goal: to open the bookshop she's always dreamed of having. In a town full of illiterate cowboys, though, making the Storybook Lodge a success is easier said than done. And things get more complicated when the saloon next door gets a new co-owner and Tabitha finds herself falling for the wrong sort of man.... After a lifetime guiding settlers across the prairie, Hunter Wade isn't looking to stay put in Logan Meadows. But as a partner in the Bright Nugget saloon, he's determined to turn a profit--and if that puts him in competition with Miss Hoity-Toity Canterbury, that's fine. Even if she is beautiful, and clever, and always ready with a

witty retort. Can these two stubborn souls come together--or will pride keep them apart?

Krakauer 's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying...

Eloquent... A heart-rending drama of human yearning."

—New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions,

burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a

blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's

uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

Refusing to believe that either is her fate, she finds a third option: she answers a mail order bride advertisement and boards a train to Wyoming to wed a man named Harry. Moments after her arrival, she learns that Harry isn't who he seemed to be, and the advertisement turns out to be a giant mistake. Selected as a Most Anticipated Book of Fall by The Globe and Mail and The Toronto Star *A Chatelaine Fall Best Books Selection* “ A necessary meditation on the richness and multiplicity of Islamic history and practice. ”

—Desmond Cole, author of The Skin We ’ re In

“ Explore[s] Islam ’ s deep roots in himself and the Americas and crafting a striking portrait of both. ”

—Macleane ’ s “ [A] fascinating...almost infallibly instructive read. ” —The Wall Street Journal An insightful and perspective-shifting new book, from a celebrated journalist, about reclaiming identity and revealing the surprising history of the Muslim

diaspora in the west—from the establishment of Canada ’ s first mosque through to the long-lasting effects of 9/11 and the devastating Quebec City mosque shooting. Discover the book that is sparking conversation from Brazil to Canada ’ s icy North.

“ Until recently, Muslim identity was imposed on me. But I feel different about my religious heritage in the era of ISIS and Trumpism, Rohingya and Uyghur genocides, ethnonationalism and misinformation. I ’ m compelled to reclaim the thing that makes me a target. I ’ ve begun to examine Islam closely with an eye for how it has shaped my values, politics, and connection to my roots. No doubt, Islam has a place within me. But do I have a place within it? ” Omar Mouallem grew

up in a Muslim household, but always questioned the role of Islam in his life. As an adult, he used his voice to criticize what he saw as the harms of organized religion. But none of that changed the way others saw him. Now, as a father, he fears the challenges his children will no doubt face as Western nations become increasingly nativist and hostile toward their heritage. In *Praying to the West*, Mouallem explores the unknown history of Islam across the Americas, traveling to thirteen unique mosques in search of an answer to how this religion has survived and thrived so far from the place of its origin. From California to Quebec, and from Brazil to Canada's icy north, he meets the members of fascinating communities, all of whom provide different

perspectives on what it means to be Muslim. Along this journey he comes to understand that Islam has played a fascinating role in how the Americas were shaped—from industrialization to the changing winds of politics. And he also discovers that there may be a place for Islam in his own life, particularly as a father, even if he will never be a true believer. Original, insightful, and beautifully told, *Praying to the West* reveals a secret history of home and the struggle for belonging taking place in towns and cities across the Americas, and points to a better, more inclusive future for everyone.
