Managerial Accounting Wiley Global Education

Intermediate Accounting: IFRS Edition provides the tools global accounting students need to understand IFRS and how it is applied in practice. The emphasis on fair value, the proper accounting for financial instruments, and the new developments related to leasing, revenue recognition, and financial statement presentation are

examined in light of current practice. Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, and discuss the ongoing joint convergence efforts to resolve them. Comprehensive, up-to-date, and accurate, Intermediate Accounting: IFRS Edition includes proven pedagogical tools, designed to help students learn more effectively and to answer the changing needs of this course.

The Team for Success authors understand where students struggle in this course and have developed a learning system that illustrates the accounting cycle and key transactions, while giving them the tools to apply their learning through sample exercises throughout the chapter. By expanding coverage of IFRS, this edition keeps students at the forefront of global issues that impact their future careers in business and accounting.

*Managerial Accounting: Tools for Business Decision Making 8E Evaluation Copy* John Wiley & Sons Incorporated

This successful textbook is highly regarded, especially in programs that want a solid, comprehensive text for students who sit for the CPA exam. The book is loosely organized into five sections which allow for flexibility in sequencing the topics. Many of the topics are illustrated by examples using a continuous case involving a fictitious company called Peerless Products Corporation and its subsidiary, Special Foods, Inc.

Tools for Business Decision Making Wiley Global

Weygandt's Managerial Accounting provides students with a clear introduction to fundamental managerial accounting concepts. This edition helps students get the most out of their accounting course by making practice simple. Designed for a one-semester, undergraduate Managerial Accounting course, the authors provide new opportunities for self-guided practice allowing students to check their knowledge of accounting concepts, skills, and problem solving techniques and receive personalized feedback at the question, learning objective, and course level. Newly streamlined learning objectives help students use their study time efficiently by creating clear connections between the reading and video content, and the practice, homework, and assessment questions. Using metric units and companies with a more global feel, this new text is ideal for courses across the world.

**Financial Accounting with International Financial Reporting Standards** FK Publications

While there is growing interest in IFRS within the US, interest outside the US has exploded. Weygandt's fourth edition of Financial Accounting: IFRS highlights the integration of more US GAAP rules, a desired feature as more foreign companies find the United States to be their largest market.

---

The highly anticipated new edition retains each of the key features (e.g. TOC, writing style, pedagogy, robust EOC) on which users of Weygandt Financial Accounting have come to rely, while putting the focus on international companies/examples, discussing financial accounting principles and procedures within the context of IFRS, and providing EOC exercises and problems that present students with foreign currency examples instead of solely U.S. dollars.

Solutions Manual for Financial Accounting John Wiley & Sons

The approach used by Hoyle, Schaefer, and Douppnik in the new edition allows students to think critically about accounting, just as they will do while preparing for the CPA exam and in their future careers. With this text, students gain a well-balanced appreciation of the Accounting profession. As Hoyle 12e introduces them to the field's many aspects, it often focuses on past controversies and present resolutions. The text continues to show the development of financial reporting as a product of intense and considered debate that continues today and into the future. The writing style of the eleven previous editions has been highly praised. Students easily comprehend chapter concepts because of the conversational tone used throughout the book. The authors have made every effort to ensure that the writing style remains engaging, lively, and consistent which has made this text the market leading text in the Advanced Accounting market. The 12th edition includes an increased integration of IFRS as well

as updated accounting standards.

*Working Papers to Accompany Financial Accounting, 8e* John Wiley & Sons

Weygandt helps corporate managers see the relevance of accounting in their everyday lives. Challenging accounting concepts are introduced with examples that are familiar to them, which helps build motivation to learn the material. Accounting issues are also placed within the context of marketing, management, IT, and finance. The new Do It! feature reinforces the basics by providing quick-hitting examples of brief exercises. The chapters also incorporate the All About You (AAY) feature as well as the Accounting Across the Organization (AAO) boxes that highlight the impact of accounting concepts. With these features, corporate managers will learn the concepts and understand how to effectively apply them.
