Code of Federal Regulations, Title 40, Protection of Environment, Pt. Pt. 85-86 (Sec. 86.600-1 to End), Revised as of July 1, 2011 Macmillan + ORM God ' s plan for you as a believer is that you live in victory on earth with your eyes earnestly focused

on the life of eternity with Him. The Lord revealed this much to prophet Jeremiah when He declared in Jeremiah 29:11, “ ‘ For I know the plans I have for you, ’ declares the LORD, ‘ plans to prosper you and not to harm you, plans to give you hope and a future. ’ ” John the Apostle reiterated the same promise when he wrote in 3 John 2, “ Beloved, I wish above all things that thou mayest prosper and be in health, even as thy soul prospered. ” Victory connotes winning over circumstances that are in opposition to the fulfillment of your destiny, and to be victorious is to be free to live and utilize your potentials as God has ordained. From the Scriptures, we can therefore boldly conclude that there are three levels of prosperity the Lord plans for His children: prosperity in health, material prosperity, and prosperity in the spirit. I call this total or true prosperity. Therefore, to be a prosperous Christian, you must seek for and position yourself to be a partaker of this total prosperity. And this may not be possible unless you

obey certain laws that pertain to life and godly living. These laws are seven in number. This book is a compilation of all the seven laws in one volume.

Damocles On The Couch, is about getting your life straight, and it is about stories. Throughout history humans have used stories as vehicles to communicate and pass along information. Herb Stricklin, therapist and educator, has found that stories are a tremendous tool for relaying information regarding sound principles to live one ' s life by. Stories afford the listener an opportunity to take the information that they are hearing and apply it to their lives on a much deeper level than just hearing cold hard facts. Jesus used parables to relay some of his most powerful messages. Ancient Greeks and Romans used plays to both entertain and educate those witnessing

the performance. Morality Repair Illustrated covers plays, such as The Sword Of Damocles, help us to learn life lessons and understand the human condition. In this story, Damocles finds himself placed in a chair with a sword dangling over his head suspended by a single hair. The angst and fear that he experiences is a universal experience for humans (not necessarily a sword, but we have all had things “ hanging over our heads ”). Stricklin uses stories such as this to paint a picture for people regarding healthy and unhealthy ways of confronting life ’ s many challenges.
