The Millionaire Real Estate Agent White Coat Investor LLC the  
By the author of the bestselling guide, "What Every Real Estate Investor Needs to Know about Cash Flow... " (McGraw-Hill, 2004)  
Develop a command of the essential formulas and concepts that underlie income-property investing: \* Capitalization Rate \* Net Operating Income \* Present Value \* Debt Coverage Ratio \* Internal Rate of Return and much more Here Gallinelli revisits the 37 key metrics from his "Cash Flow" book and guides you through examples that will lead you to mastery of those concepts. He then takes you beyond those formulas to the next level, with detailed case studies of four different properties: \* Single-Family Rental \* Renovation Project \* Apartment Building \* Strip Shopping Center You'll analyze these properties with him and learn to look behind the numbers, to think like a successful investor and to recognize both the opportunities and the perils you might

encounter when you invest in real estate. Frank Gallinelli is the founder and President of RealData, Inc., one of the real estate industry's leading software firms since 1982. He has written several books and numerous articles on real estate investing, and teaches income-property analysis in Columbia University's Master of Science in Real Estate Development program. The Millionaire Real Estate Investor Createspace Independent Publishing Platform  
It's time to stop living deal to deal. Real estate investors have systems for almost everything-to make the phone ring, to find deals, and to fix, rent, and sell their properties. What they don't have is a system for their finances that ensures positive cash flow and profitability. This is why many investors end up scrambling to cover payroll, taxes, and even their own bills. In Profit First for Real Estate Investing, real estate finance expert, David Richter, reveals his simple cash flow system that not only makes "pay yourself first" possible; it makes it easy. Built on the proven Profit First method created by Mike Michalowicz, this system is tailored to the unique realities for real estate investors. Designed to help you reduce stress and build a healthy and

---

profitable real estate company, this step-by-step guide will even show you how to get more deals using the Profit First System. Starting today.

The depth of knowledge one possess about the real estate dynamics usually separates bad investors from good investors. Actually, it is the information about the market flow and how to navigate around the market that makes all the difference. Haters and lazy bodies will always find a reason to justify themselves when they make bad decisions and fail to make profits in the market. In every business, information mining is necessary before anything else to make it successful. You cannot wake up one morning and expect to succeed thus, bad investors are breed through such a mentality. However, there are challenges to be endured to make it in the real estate market. Getting the right information and using that information to the latter is vital for one to succeed in real estate investment. Therefore, I will take you through the basics that you have to

know before venturing in real estate investment. If taken into consideration, you will probably make it, but if you rush into it thinking that the little information is enough, it is well and good, at the end of the day it is your money. Most of us will not get the kind of life they want for themselves and the children out of employment thus getting passive income is much important. To be independent, have peace of mind and the luxury money offers, all you need is to invest in real estate. Naturally, people will inquire about real estate investment on the internet through online real estate marketplaces available for them to get the required information. That is not enough for a person willing to commit real money into the business. The business is governed by many factors lest you want to become a bad investor. Great investors first invest in the knowledge they obtain from realtors in the market, and they also take their time to learn from these realtors before committing. As such, this book seeks to explain core

real estate investment factors like; How to spot the ideal investment opportunity that will be cheap to upgrade and easy to sell. The traits possessed by the best real estate investors and how beginners can adopt them in order to succeed in the vast and ever-changing real estate industry. How to master the art of timing in real estate. Timing determines whether you get the best and on-demand property that will not only sell fast but give the best market returns. Cautions new real estate investors on the possible risks and how to mitigate them/ Trains potential real estate investors about how to apply financial intelligence in order to become the best real estate investors. The rules for good real estate investment that are beneficial to both buyers and sellers. Evidently, this book is written to help every real estate investor to get rich by making the right real estate investments based on timing and opportunities available. Therefore, if you are interested real estate investors who dreams of having an ever-growing

The Insider's Guide to Real Estate Investing Loopholes  
eBook Partnership

With real estate investing on the rebound, more and more people are jumping into the market. But not everyone is finding equal amounts of success. Why do some investments turn into gold mines and some into money pits? Oftentimes, the return on investment hinges less on the physical property and more on the math. If they had taken the right measures beforehand, they would've realized that the numbers just didn't add up. Before your next real estate investment, you need to ask things like: Have you measured every component of value, such as cash flow, income taxes, financing, and investment yield? Do you know which calculations to use on specific properties? Have you weighed all the risks? The Real Estate Investor's Pocket Calculator helps you analyze the financial picture before shoveling out the money. Simple explanations, worksheets, and more than 100 Excel formulas will have you crunching numbers like a pro. Just like the

---

professionals, you will learn how to:

- Gauge supply and demand
- Project return on investment and equity
- Analyze present and future value
- Calculate cash flow
- Make accurate tax projections

And more--before you commit capital! Fewer mistakes and less guess work. Larger returns and even more opportunities for additional investments . . . It's all possible now with the help of this invaluable resource!
