Every book has resources, contact information, and web sites of the products or companies discussed. *The Unofficial Guide to Real Estate Investing* ClydeBank Media LLC
It's time to stop living deal to deal. Real estate investors have systems for almost everything to make the phone ring, to find deals, and to fix, rent, and sell their properties. What they don't have is a system for their finances that ensures positive cash flow and profitability. This is why many investors end up scrambling to cover payroll, taxes, and even their own bills. In Profit First for Real Estate Investing, real estate finance expert, David Richter, reveals his simple cash flow system that not only makes "pay yourself first" possible; it makes it easy. Built on the proven Profit First method created by Mike Michalowicz, this system is tailored to the unique realities for real estate investors. Designed to help you reduce stress and build a healthy and profitable real estate company, this step-by-step guide will even show you how to get more deals using the Profit First System. Starting today.

The depth of knowledge one possess about the real estate dynamics usually separates bad investors from good investors. Actually, it is the information about the market flow and how to navigate around the market that makes all the difference. Haters and lazy bodies will always find a reason to justify themselves when they make bad decisions and fail to make profits in the market. In every business, information mining is necessary before anything else to make it successful. You cannot wake up one morning and expect to succeed thus, bad investors are breed through such a mentality. However, there are challenges to be endured to make it in the real estate market. Getting the right information and using that information to the latter is vital for one to succeed in real estate investment. Therefore, I will take you through the basics that you have to know before venturing in real estate investment. If taken into consideration, you will probably make it, but if you rush into it thinking that the little information is enough, it is well and good, at the end of the day it is your money. Most of us will not get the kind of life they want for themselves and the children out of employment thus getting passive income is much important. To be independent, have peace of mind and the luxury money offers, all you need is to invest in real estate. Naturally, people will inquire about real estate investment on the internet through online real estate marketplaces available for them to get the required information. That is not enough for a person willing to commit real money into the business. The business is governed by many factors lest you want to become a bad investor. Great investors first invest in the knowledge they obtain from realtors in the market, and they also take their time to learn from these realtors before committing. As such, this book seeks to explain core real estate investment factors like; How to spot the ideal investment opportunity that will be cheap to upgrade and easy to sell. The traits possessed by the best real estate investors and how beginners can adopt them in order to succeed in the vast and ever-changing real estate industry. How to master the art of timing in real estate. Timing determines whether you get the best and on-demand property that will not only sell fast but give the best market returns. Cautions new real estate investors on the possible risks and how to mitigate them/ Trains potential real estate investors about how to apply financial intelligence in order to become the best real estate investors. The rules for good real estate investment that are beneficial to both buyers and sellers. Evidently, this book is written to help every real estate investor to get rich by making the right real estate investments based on timing and opportunities available.

Therefore, if you are interested real estate investors who dreams of having an ever-growing source of passive income, do not hesitate to read this book for guidance and tips.

A Wealth of Common Sense Atlantic Publishing Company
A simple guide to a smarter strategy for the individual investor A Wealth of Common Sense sheds a refreshing light on investing, and shows you how a simplicity-based framework can lead to better investment decisions. The financial market is a complex system, but that doesn't mean it requires a complex strategy; in fact, this false premise is the driving force behind many investors' market "mistakes." Information is important, but understanding and perspective are the keys to better decision-making. This book describes the proper way to view the markets and your portfolio, and show you the simple strategies that make investing more profitable, less confusing, and less time-consuming. Without the burden of short-term performance benchmarks, individual investors have the advantage of focusing on the long view, and the freedom to construct the kind of portfolio that will serve their investment goals best. This book proves how complex strategies essentially waste these advantages, and provides an alternative game plan for those ready to simplify. Complexity is often used as a mechanism for talking investors into unnecessary purchases, when all most need is a deeper understanding of conventional options. This book explains which issues you actually should pay attention to, and which ones are simply used for an illusion of intelligence and control. Keep up with—or beat—professional money managers Exploit stock market volatility to your utmost advantage Learn where advisors and consultants fit into smart strategy Build a portfolio that makes sense for your particular situation You don't have to outsmart the market if you can simply outperform it. Cut through the confusion and noise and focus on what actually matters. A Wealth of Common Sense clears the air, and gives you the insight you need to become a smarter, more successful investor.

Long-Distance Real Estate Investing RDA Press, LLC
Written by a practicing emergency physician, *The White Coat Investor* is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from

student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a "Backdoor Roth IRA" and "Stealth IRA" to boost your retirement funds and decrease your taxes Protect your hard-won assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your children and your money go where you want when you die Minimize your tax burden, keeping more of your hard-earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation Take a look at the first pages of the book by clicking on the Look Inside feature Praise For The White Coat Investor "Much of my financial planning practice is helping doctors to correct mistakes that reading this book would have avoided in the first place." - Allan S. Roth, MBA, CPA, CFP(R), Author of How a Second Grader Beats Wall Street "Jim Dahle has done a lot of thinking about the peculiar financial problems facing physicians, and you, lucky reader, are about to reap the bounty of both his experience and his research." - William J. Bernstein, MD, Author of The Investor's Manifesto and seven other investing books "This book should be in every career counselor's office and delivered with every medical degree." - Rick Van Ness, Author of Common Sense Investing "The White Coat Investor provides an expert consult for your finances. I now feel confident I can be a millionaire at 40 without feeling like a jerk." - Joe Jones, DO "Jim Dahle has done for physician financial illiteracy what penicillin did for neurosyphilis." - Dennis Bethel, MD "An excellent practical personal finance guide for physicians in training and in practice from a non biased source we can actually trust." - Greg E Wilde, M.D Scroll up, click the buy button, and get started today!

Insider Secrets to Financing Your Real Estate Investments: What Every Real Estate Investor Needs to Know About Finding and Financing Your Next Deal White Coat Investor LLC the

With real estate investing on the rebound, more and more people are jumping into the market. But not everyone is finding equal amounts of success. Why do some investments turn into gold mines and some into money pits? Oftentimes, the return on investment hinges less on the physical property and more on the math. If they had taken the right measures beforehand, they would've realized that the numbers just didn't add up. Before your next real estate investment, you need to ask things like: Have you measured every component of value, such as cash flow, income taxes, financing, and investment yield? Do you

know which calculations to use on specific properties? Have you weighed all the risks? The Real Estate Investor's Pocket Calculator helps you analyze the financial picture before shoveling out the money. Simple explanations, worksheets, and more than 100 Excel formulas will have you crunching numbers like a pro. Just like the professionals, you will learn how to:• Gauge supply and demand• Project return on investment and equity• Analyze present and future value• Calculate cash flow• Make accurate tax projections• And more--before you commit capital!Fewer mistakes and less guess work. Larger returns and even more opportunities for additional investments . . . It's all possible now with the help of this invaluable resource!
