Daisy grew up around secrets she knew by heart but were never spoken. She had no idea just how much damage secrets could do, but she would soon learn. It’s a warm, cloudless morning on the day the envelope arrives for Daisy. Soft sunlight streams into the apartment she shares with her partner, Anderson, who is sleeping peacefully. Daisy’s fought hard for this happiness, worked her way up from being a vulnerable teenage runaway to a woman with a stable job and a loving boyfriend. But when Daisy discovers the handwritten wedding invitation from her childhood best friend, Stella, her bright morning turns suddenly dark. The

wedding is back amongst the misty woods and rolling hills of Daisy’s North Carolina hometown. The same town where she is still known as ‘the crazy one’ for telling people about the dead girl she saw that summer’s day in the woods. A girl who looked just like her, and whose body was never found. During that fateful summer, as rumors spread that Daisy was either insane or a liar, she sought refuge in her friendship with kind and beautiful Stella. Until the day she discovered Stella’s shocking betrayal and their sweet friendship grew bitter. Now, fifteen years later, can Daisy forgive Stella, the girl she once called “blood sister”? And why is Stella reaching out now, after all

this time? There's only one thing Daisy is sure of—if she wants to build a happy future, she's going to have to finally confront the mysteries of her dark past. The Girl I Thought I Knew is a spellbinding and moving novel for fans of Liane Moriarty, Kristin Hannah and Kerry Fisher. Read what everyone is saying about The Girl I Thought I Knew: "A beautiful book by this amazing author. I loved this author's debut and this one is even better! Addictive from start to finish, a poignant tale of love and friendship. I would recommend this lovely story to everyone. An incredible tale." Renita D'Silva ????? "This is my first read by this author, I cannot wait to read more... Gripping and addictive... guaranteed to keep the reader engaged. I highly recommend this absolutely beautiful read... one of the best I've read. Kelly Heard managed to pull me in from the very beginning and I loved every single second." Little Miss Book Lover 87 ????? "Riveting... will capture you from the beginning and you will not want to put it down." Goodreads Reviewer ????? "A breath-taking

mysterious read that is full of secrets... Had me hooked and enthralled right from the beginning... It was very hard to tear myself away... I was completely immersed in all that Kelly brought to the story... This is the first book I have read from Kelly and it will most definitely not be my last... A thrilling conclusion that I did not see coming." Once Upon a Time Book Blog ????? "A compelling tale with a good sprinkling of drama, heartbreak and harboured secrets... A must-read! Right from the opening line there was such a lot happening in this wonderful suspenseful drama... The author really worked wonders... There was lovely depth and poignancy to Kelly Heard's writing which kept me hooked throughout... I thoroughly enjoyed this book and I highly recommend it with confidence." Brianne's Book Reviews ????? "An excellent drama and mystery in one... beautifully written and heartfelt. Highly recommended." Goodreads Reviewer ????? "The plot twist... brilliant! It was well worth the wait." Read With Oiza ????? "A well-written, beautiful and heart wrenching story...

The tension builds and builds... I really enjoyed this novel and would recommend it!" Goodreads Reviewer ????? "An enthralling story about life and its complications." Fiction Addiction ????? "Kept my attention throughout. I felt like I was with Daisy as she opened each box until she was able to fully reconcile her past with hopes of having a much happier future." Robin Loves Reading ????? "A terrific read and emotional moving novel... A book about secrets a book that drew me right in." NetGalley Reviewer ????? "I enjoyed The Girl I thought I Knew very much... A great read. Totally recommend." Goodreads Reviewer ?????
What I Thought I Knew
" Anyone who is not shocked by quantum theory has not understood it. " Since Niels Bohr said this many years ago, quantum mechanics has only been getting more shocking. We now realize that it ' s not really telling us that " weird " things happen out of sight, on the tiniest level, in the atomic world: rather, everything is quantum. But if

quantum mechanics is correct, what seems obvious and right in our everyday world is built on foundations that don't seem obvious or right at all—or even possible. An exhilarating tour of the contemporary quantum landscape, *Beyond Weird* is a book about what quantum physics really means—and what it doesn't. Science writer Philip Ball offers an up-to-date, accessible account of the quest to come to grips with the most fundamental theory of physical reality, and to explain how its counterintuitive principles underpin the world we experience. Over the past decade it has become clear that quantum physics is less a theory about particles and waves, uncertainty and fuzziness, than a theory about information and knowledge—about what can be known, and how we can know it. Discoveries and experiments over the past few decades have called into question the meanings and limits of space and time, cause and

effect, and, ultimately, of knowledge itself. The quantum world Ball shows us isn't a different world. It is our world, and if anything deserves to be called "weird," it's us.

A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit.

The Blue Book of Grammar and Punctuation Xulon Press

Tired of religion? What if almost everything you were taught about Christianity is wrong? Would you give up on faith altogether? Or is it possible to rediscover—with fresh eyes—a richer and more satisfying understanding of God and spirituality? So *You Thought You Knew* is a refreshing journey written straight from the heart. It's about thinking outside the "institutional walls" of Christianity and asking the

hard questions. It boldly says in public what many people are thinking in private. And its hilarious stories and life-changing insights will inspire those who are dissatisfied with fear-driven religion but believe—deep down—there's a better message out there for the world to hear.

The De-Textbook Corsair

You are an idiot. Don't get defensive! It's not your fault. For decades your teachers, authority figures and textbooks have been lying to you. You do not have five senses. Your tongue doesn't have neatly segregated taste-bud zones. You don't know what the pyramids really looked like. You're even pooping wrong - Jesus, you're a wreck! But it's going to be okay. Because we're here to help. Packed with more sexy facts than the *Encyclopedia Pornographica*, the *Cracked De-Textbook* will teach you about the true stars of history, why you picture everything from Velociraptors to Ancient Rome incorrectly, and finally, at long last - how to pop a proper squat. This book was built from the ground up to systematically seek out, dismantle and destroy the many untruths that years of misguided

education have left festering inside of you, and leave you a smarter person...whether you like it or not. The De-Textbook is a merciless, brutal learning machine. It can't be bargained with. It can't be reasoned with. It doesn't feel pity, or remorse, or fear. And it absolutely will not stop, ever, until you are informed.

NOW A MAJOR MOTION

PICTURE—The #1 New York Times bestselling worldwide sensation with more than 15 million copies sold, hailed by The New York Times Book Review as “ a painfully beautiful first novel that is at once a murder mystery, a coming-of-age narrative and a celebration of nature. ” For years, rumors of the “ Marsh Girl ” have haunted Barkley Cove, a quiet town on the North Carolina coast. So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent, she has survived for years alone in the marsh that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she yearns to be touched and loved. When two young men from town become intrigued by

her wild beauty, Kya opens herself to a new life—until the unthinkable happens. Where the *Crawdads* Sing is at once an exquisite ode to the natural world, a heartbreaking coming-of-age story, and a surprising tale of possible murder. Owens reminds us that we are forever shaped by the children we once were, and that we are all subject to the beautiful and violent secrets that nature keeps.

What I Thought I Knew Simon and Schuster
All that man...just for me. But I'm an investigative reporter for the biggest newspaper in the country, so it's my job to pick up on details, to see the signs that other people miss. I'm not afraid of danger. Not even afraid of dying. And there's definitely something about this man that I'm missing.

For fans of *He Said/She Said* and *Anatomy of a Scandal*, Penny Hancock ’ s *I Thought I Knew You* is about secrets and lies — and

whose side you take when it really matters. Who do you know better? Your oldest friend? Or your child? And who should you believe when one accuses the other of an abhorrent crime? Jules and Holly have been best friends since university. They tell each other everything, trading revelations and confessions, and sharing both the big moments and the small details of their lives: Holly is the only person who knows about Jules ’ s affair; Jules was there for Holly when her husband died. And their two children — just four years apart — have grown up together. So when Jules ’ s daughter Saffie makes a rape allegation against Holly ’ s son Saul, neither woman is prepared for the devastating impact this will have on their friendship or their families. Especially as Holly, in spite of her principles, refuses to believe her son is guilty.

True Scripture Pan Macmillan

A teenage girl wonders if she's inherited more than just a heart from her donor in this compulsively readable debut. Seventeen-year-old Chloe had a plan: work hard, get good grades, and attend a top-tier college. But after she collapses during cross-country practice and is told that she needs a new heart, all her careful

preparations are laid to waste. Eight months after her transplant, everything is different. Stuck in summer school with the underachievers, all she wants to do now is grab her surfboard and hit the waves--which is strange, because she wasn't interested in surfing before her transplant. (It doesn't hurt that her instructor, Kai, is seriously good-looking.) And that's not all that's strange. There's also the vivid recurring nightmare about crashing a motorcycle in a tunnel and memories of people and places she doesn't recognize. Is there something wrong with her head now, too, or is there another explanation for what she's experiencing? As she searches for answers, and as her attraction to Kai intensifies, what she learns will lead her to question everything she thought she knew--about life, death, love, identity, and the true nature of reality.

Everything I Thought I Knew Candlewick Press

How does a traditionally educated New York City career woman who once obsessed about getting her kids into the right preschool end up living off the grid in Africa and unschooling her two children ? Find out in this collection of essays based on the author's personal journey of moving away from the status quo and creating a life of choice and autonomy. Part memoir, part journalistic enquiry, Rowland explores topics ranging from how her children learned to read and write without formal instruction and what it

means to trust children to build their own education, to why we should all walk barefoot and what happens when we try to flip an omelet and fail--all from the perspective of challenging societal "shoulds." As the debate continues on how to improve our failed education system, the author delves into what it's like to live, learn, and parent without it. Filled with optimism, humor, and candid reflection, this book is ultimately a memoir about questioning everything we think we know and taking the risk to find our own answers.

Rage Penguin

Ten years ago, two girls' lives changed forever. Now one of them is ready to tell their story. *** 'A quirky lovable mystery and a brilliant, heartbreaking debut' Stylist 'A new face of fiction [and] an original coming of age novel' Observer *** The first memory I have of you is all knickers and legs. You had flipped yourself into a handstand and couldn't get back down. We became best friends, racing slugs, pretending to be spies – all the things that children do. Ten years later, eighteen-year-old Ravine Roy spends every day in her room. Completing crosswords and scribbling in her journal, she keeps the outside world exactly where she wants it; outside. But as the real world begins

to invade her carefully controlled space, she is forced to finally confront the questions she's been avoiding. Who is her mother meeting in secret? Who has moved in next door? And why, all those years ago, when two girls pulled on their raincoats and wellies and headed out into the woods did only one of them return? ' A breakout book from an incredibly talented debut writer. Read, weep and laugh ' Stylist ' An original heartfelt read by a new British talent ' Independent ' A delightfully fresh voice ' Daily Mail [What My Bones Know](#) Ballantine Books In *The Accidental Universe*, physicist and novelist Alan Lightman explores the emotional and philosophical questions raised by discoveries in science, focusing most intently on the human condition and the needs of humankind. Here, in a collection of exhilarating essays, Lightman shows us our own universe from a series of fascinating and diverse perspectives. He takes on the difficult dialogue between science and religion; the conflict between our human desire for permanence and the impermanence of nature; the possibility that our universe is simply an accident; the manner in which modern technology has divorced us from enjoying a direct experience of the world; and our resistance to the view that our bodies and minds can be explained by scientific logic and laws alone. With his customary passion, precision, lyricism and imagination, in *The Accidental Universe* Alan Lightman leaves us with

the suggestion - heady and humbling - that what we see and understand of the world and ourselves is only a tiny piece of the extraordinary, perhaps unfathomable whole. Praise for Alan Lightman: '...a gem of a novel that is strange witty erudite and alive with Lightman's playful genius.' Junot Diaz. 'It would not seem possible for Alan Lightman to match his earlier tour de force, *Einstein's Dreams*, but in *Mr g* he has done so - with wit, imagination, and transcendent beauty.' Anita Desai. *The More Beautiful World Our Hearts Know Is Possible* Routledge As seen on Oprah 's Super Soul Sunday A beacon of hope in the face of our current world crises, this uplifting book demonstrates how embracing our interconnectedness is key to world transformation In a time of social and ecological crisis, what can we as individuals do to make the world a better place? This inspirational and thought-provoking book serves as an empowering antidote to the cynicism, frustration, paralysis, and overwhelm so many of us are feeling, replacing it with a grounding reminder of what 's true: we are all connected, and our small, personal choices bear unsuspected transformational power. By fully embracing and practicing this principle of interconnectedness—called interbeing—we become more effective agents of change and have a stronger positive influence on the world. Throughout the book, Eisenstein relates real-life

stories showing how small, individual acts of courage, kindness, and self-trust can change our culture's guiding narrative of separation, which, he shows, has generated the present planetary crisis. He brings to conscious awareness a deep wisdom we all innately know: until we get ourselves in order, any action we take—no matter how good our intentions—will ultimately be wrong-headed and wrong-hearted. Above all, Eisenstein invites us to embrace a radically different understanding of cause and effect, sounding a clarion call to surrender our old worldview of separation, so that we can finally create the more beautiful world our hearts know is possible. With chapters covering separation, interbeing, despair, hope, pain, pleasure, consciousness, and many more, the book invites us to let the old Story of Separation fall away so that we can stand firmly in a Story of Interbeing. "Whatever, God" Createspace Independent Publishing Platform

A Kafkaesque and darkly humorous "suburban gothic" that tracks the unraveling of man's body, mind, and life. James Orr—husband, father, reliable employee and all-around model citizen—awakes one morning to find half his face paralyzed. Waiting for the affliction to pass, he stops going to work and wanders his

idyllic estate, with its woodland, uniform streets and perfectly manicured lawns. But there are cracks in the veneer. And as his orderly existence begins to unravel, it appears that James may not be the man he thought he was. A deeply unsettling story of creeping horror that consistently confounds expectations, *The Alarming Palsy of James Orr* introduces a writer of extraordinary and disturbing talents.

Thought I Knew You Penguin

A searing memoir of reckoning and healing by acclaimed journalist Stephanie Foo, investigating the little-understood science behind complex PTSD and how it has shaped her life "Achingly exquisite . . . providing real hope for those who long to heal." —Lori Gottlieb, *New York Times* bestselling author of *Maybe You Should Talk to Someone* By age thirty, Stephanie Foo was successful on paper: She had her dream job as an award-winning radio producer at *This American Life* and a loving boyfriend. But behind her office door, she was having panic attacks and sobbing at her desk every morning. After years of questioning what was wrong with herself, she was diagnosed with complex PTSD—a condition that occurs

when trauma happens continuously, over the course of years. Both of Foo's parents abandoned her when she was a teenager, after years of physical and verbal abuse and neglect. She thought she'd moved on, but her new diagnosis illuminated the way her past continued to threaten her health, relationships, and career. She found limited resources to help her, so Foo set out to heal herself, and to map her experiences onto the scarce literature about C-PTSD. In this deeply personal and thoroughly researched account, Foo interviews scientists and psychologists and tries a variety of innovative therapies. She returns to her hometown of San Jose, California, to investigate the effects of immigrant trauma on the community, and she uncovers family secrets in the country of her birth, Malaysia, to learn how trauma can be inherited through generations. Ultimately, she discovers that you don't move on from trauma—but you can learn to move with it. Powerful, enlightening, and hopeful, *What My Bones Know* is a brave narrative that reckons with the hold of the past over the present, the mind over the body—and examines one woman's ability to reclaim agency from her trauma.

The Alarming Palsy of James Orr Houghton Mifflin Harcourt

"Darkly hilarious...an unexpected bundle of joy." -O, The Oprah Magazine Alice Cohen was happy for the first time in years. After a difficult divorce, she had a new love in her life, she was raising a beloved adopted daughter, and her career was blossoming. Then she started experiencing mysterious symptoms. After months of tests, x-rays, and inconclusive diagnoses, Alice underwent a CAT scan that revealed the truth: she was six months pregnant. At age forty-four, with no prenatal care and no insurance coverage for a high-risk pregnancy, Alice was besieged by opinions from doctors and friends about what was ethical, what was loving, what was right. With the intimacy of a diary and the suspense of a thriller, *What I Thought I Knew* is a ruefully funny, wickedly candid tale; a story of hope and renewal that turns all of the "knowns" upside down.
