In this “brave and heartbreaking novel that digs its claws into you and doesn’t let go, long after you’ve finished it” (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of All Your Perfects, a workaholic with a too-good-to-be-true romance can’t stop thinking about her first love. Lily hasn’t always had it easy, but that’s never stopped her from working hard for the life she wants. She’s come a long way from the

small town where she grew her, so do thoughts of up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily’s life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He’s also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn’t hurt. Lily can’t get him out of her head. But Ryle’s complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his “no dating” rule, she can’t help but wonder what made him that way in the first place. As questions about her new relationship overwhelm Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is “a glorious and touching read, a forever keeper. The kind of book that gets handed down” (USA TODAY). *If You Knew Then What I Know Now* St. Martin’s Griffin After her husband, Roosevelt “Chicago” DuBois, is nearly killed by her lover, Madison tries to stave off divorce by winning Chicago back, but Sindy Singleton, eager to make Chicago her own, stands in her way. *Hum If You Don't Know the Words* Penguin

Tiny Haines, Alaska, is ninety miles north of Juneau, accessible mainly by water or air—and only when the weather is good. There's no traffic light and no mail delivery; people can vanish without a trace and funerals are a community affair. Heather Lende posts both the obituaries and the social column for her local newspaper. If anyone knows the going-on in this close-knit town—from births to weddings to funerals—she does. Whether contemplating the mysterious death of eccentric Speedy Joe, who wore nothing but a red union suit and a hat he never took off, not even for a haircut; researching the details of a one-legged lady gold miner's adventurous life; worrying about her son's first goat-hunting expedition; observing the awe-inspiring Chilkat Bald Eagle Festival; or ice skating in the shadow of glacier-studded mountains, Lende's warmhearted style brings us inside her small-town life. We meet her husband, Chip, who owns the local lumber yard; their five children; and a colorful assortment of quirky friends and neighbors, including aging hippies, salty fishermen, native Tlingit Indians, and volunteer undertakers—as well as the moose, eagles, sea lions, and bears with whom they share this wild and perilous land. Like Bailey White's tales of Southern life or Garrison Keillor's reports from the Midwest, NPR commentator Heather Lende's take on her offbeat Alaskan hometown celebrates life in a dangerous and breathtakingly beautiful place.

In this poignant, evocative debut collection, Judy Chicurel creates a haunting, vivid world, where conflicts between mothers and daughters, men and women, soldiers and civilians and have-nots reverberate to our own time. She captures not only a time and place, but the universal experience of being poised between the past and the future. At once heartbreaking, mesmerizing, and nostalgic, Chicurel shows us that no matter how beautiful some dreams are, there comes a time when we must let them go. [Youngs Drug Products Corporation V. The acclaimed author explores his path from closeted child to out-and-proud adult in this deeply personal collection of fourteen linked essays.  
“ [A] moving debut. . . .

Thanks to Van Meter ' s honesty, essays on his own childhood, identity, and love have a profoundly universal appeal. ” —Publishers Weekly  
The middle American coming-of-age has found new life in Ryan Van Meter ' s coming-out, made as strange as it is familiar by acknowledging the role played by gender and sexuality. In fourteen linked essays, *If You Knew Then What I Know Now* reinvents the memoir with all-encompassing empathy—for bully and bullied alike. This deft collection maps the unremarkable yet savage landscapes of childhood with compassion and precision, allowing awkwardness its own beauty. This is essay as an argument for the intimate—not the sensational—and an embrace of all the skinned knees in our stumble toward adulthood. “ As Van Meter drifts elliptically between his childhood as a closeted young boy and his life now as an openly gay man, he draws the reader inexorably to this book, and its compelling weight. ”  
—Cleveland Plain Dealer “ To read a book this observant, this fiercely honest, and this effortlessly beautiful is to feel the very pulse of contemporary American essays. ” —John D ' Agata, author of *The Lifespan of a Fact* “ These essays are insistently honest, darkened by melancholy and

yearning, yet polished by prose so lithe, so elegant that Van Meter ' s human presence brightens every line. ” —Lia Purpura, author of *It Shouldn ' t Have Been Beautiful*

If you feel a bit cross at the presumption of some oik daring to suggest everything you know about education might be wrong, please take it with a pinch of salt. What if everything you knew about education was wrong? is just a title. Of course, you probably think a great many things that aren't wrong. The aim of the book is to help you 'murder your darlings'.  
David Didau will question your most deeply held assumptions about teaching and learning, expose them to the fiery eye of reason and see if they can still walk in a straight line

---

after the experience. It seems reasonable to suggest that only if a theory or approach can withstand the fiercest scrutiny should it be encouraged in classrooms. David makes no apologies for this; why wouldn't you be sceptical of what you're told and what you think you know? As educated professionals, we ought to strive to assemble a more accurate, informed or at least considered understanding of the world around us. Here, David shares with you some tools to help you question your assumptions and assist you in picking through what you believe. He will stew findings from the shiny white laboratories of cognitive psychology, stir in a generous dash of classroom research and serve up a side order of experience and observation. Whether you spit it out or lap it up matters not. If you come out the other end having vigorously and violently disagreed with him, you'll at least have had to think hard about what you believe. The book draws on research from the field of cognitive science to expertly analyse some of the unexamined meta-beliefs in education. In Part 1; 'Why we're wrong', David dismantles what we think we know; examining cognitive traps and biases, assumptions, gut feelings and the problem of evidence. Part 2 delves deeper - 'Through the threshold' - looking at progress, liminality and threshold concepts, the science of learning, and the difference between novices and experts. In Part 3, David asks us the question 'What could we do differently?' and offers some considered insights into spacing and interleaving, the testing effect, the generation effect, reducing feedback and why difficult is desirable. While Part 4 challenges us to consider 'What else might we be getting wrong?'; cogitating formative assessment, lesson observation, grit and growth, differentiation, praise, motivation and creativity.

Lilly Noble & Actual Magic Hector L Rodriguez

The Irish civil war was heating up again. It had Carol sending her brother Paddy and her daughter Fiona to America. Fiona was very grateful Uncle Paddy had made a hefty down payment for the flower shop she wanted to open. She was afraid he was walking both sides of the law again in order to come up with the money. Most of Fiona's supplies were being delivered by Antonelli's Deliveries. It didn't take long for Giovanni Antonelli and Fiona McTavish to strike sparks off each other. Though he had gone straight, his family had Mafia ties. Giovanni's prejudiced twin didn't like his brother dating an Irish girl and tried to warn him off. This was supposed to be his neighborhood. The Irish had no business being here. He tried unsuccessfully to drive

---

Fiona away. So one evening, when Fiona was closing, he grabbed her off the street, dragged her into his van, and beat her soundly. He threw her back out on the sidewalk and took off. Uncle Paddy was in a rage. He was going to handle things just as he would back home: hunt down who did this and kill them. He headed into Little Ireland to round up troops. Then they would storm Little Italy and wreak as much havoc as possible until the perpetrator was found and punished. Street justice was achieved, but the Mafia dons weren't about to take this lying down. It wasn't long before they were hitting Little Ireland in retaliation. Though he'd fallen hard, Giovanni couldn't help but think if he took himself out of the equation, maybe the fighting would stop. It seemed it was dating Fiona that was the initial cause of all the battles. The street wars continued. Guido, Giovanni's youngest brother, was now

making deliveries to Fiona's shop. It killed him to see his favorite customer and his brother so miserable. So Guido enlisted Paddy's help in trying to stop the street fighting. If they could get both sides to stand down, maybe they could end the bloody war. If there was no longer any fighting, Giovanni could go back to Fiona. If You Only Knew Kensington Books When Sarah was a little girl, she talked to me about the things she went through as a child and how she came through with the grace of God and family, how she grew up on the farm, and the hurt and pain of sexual abuses she experienced. Sarah lived and suffered through domestic violence as a young adult and through her married life. Sarah even had a death experience. Sarah even talked about the prayer that her sister prayed to God for a miracle to take place in their lives due to hunger. She talked about how hard it was raising three children and how the abuse affected her life. She told me how God released her from domestic-violence abuse. She talked about the infidelity, lies, and deception in her marriages. Sarah talked about the success she had

in life and the success of her children. She often told how God called her into the ministry. Sarah shared about domestic violence, abuse, deliverance, healing, hope, finding your peace in the midst of a storm, loving yourself, reaching out and conquering fear, and loving one another. Sarah said to me what her favorite scripture is, "I can do all things through Christ who strengthens me" (Phil. 4:13).
