**Islam Is a Foreign Country**  
Gyan Publishing House  
The Muslim leader best known for his contributions to the establishment of an interfaith community center near Manhattan's Ground Zero offers insight into his progressive beliefs, ambassador service and advocacy of tolerance and equal rights. Reprint.

**Islam and Democracy** Simon and Schuster  
Imam Feisal Abdul Rauf is at the center of a controversy concerning the proposed community center in Manhattan, New York -- a center known alternatively as: Cordoba House, Park51, and the Ground Zero mosque. Consequently, people -- both Muslims and non-Muslims -- might benefit from a critical examination of his ideas concerning a wide variety of issues. A few years ago, Imam Rauf wrote a book entitled: *What's Right With Islam*. That work provides a very good medium through which to

explore Imam Rauf's perspective in relation to topics such as: 9/11, democracy, Islam, shari'ah, Islamic government, constitutional principles, the Bill of Rights, the wars in Iraq and Afghanistan, as well as the Sufi path. The present book: *What's Wrong With What's Right* critically analyzes all of these issues.

**What is Islam** Macmillan  
This is not a book of history; it does not claim to cover every aspect of Islam religion. It confines itself to the search for the true mission of Islam and how that mission has been hijacked in the struggle of faith and power. This is the story of contest between religion and politics where politics was made a sacrament and religion abused. In describing this aspect, the historical part naturally cannot be ignored. This is not a book of religion either.

---

Since religion and politics overlap each other in this study, theology and jurisprudence have their interplay also. The conflict within Islam for the soul of Islam continues. Will the struggle be resolved in the present and the foreseeable future? Or will it make life more difficult for the faithful? This book attempts to find the answers.

### **The Strange Death of**

**Europe** Springer Nature

In the Name of Allah, the Most Gracious, the Most Merciful "And I (Allah) created not the jinn and mankind except that they should worship Me (Alone). I seek not any provision from them (i.e. provision for themselves or for My creatures) nor do I ask that they should feed Me (i.e. feed themselves or My creatures). Verily, Allah is

the All-Provider, Owner of Power, the Most Strong.

And verily, for those who do wrong, there is a portion of torment like to the evil portion of torment (which came for) their likes (of old); so let them not ask Me to hasten on!. Then woe to those who disbelieve (in Allah and His Oneness Islamic Monotheism) from their Day which they have been promised (for their punishment)." (Surah Adh-Dhriyat, 51: 56-60) Islam is the religion that Allah has chosen for mankind. It is a way of life that affects every aspect of man's life, the social, the political, the economic, etc. Islam has a solution to every problem regardless of its nature and gravity. It is a Divine message, which Allah chose Muhammad (S) to convey to mankind. Islam considers all forms of life as sacred. In this book we have tried to

---

convey the basic rules and regulations concerning Islam.

Reign of Terror

Darussalam

What is Islam? How do we grasp a human and historical phenomenon characterized by such variety and contradiction? What is "Islamic" about Islamic philosophy or Islamic art? Should we speak of Islam or of islams? Should we distinguish the Islamic (the religious) from the Islamicate (the cultural)? Or should we abandon "Islamic" altogether as an analytical term? In *What Is Islam?*, Shahab Ahmed presents a bold new conceptualization of

Islam that challenges dominant understandings grounded in the categories of "religion" and "culture" or those that privilege law and scripture. He argues that these modes of thinking obstruct us from understanding Islam, distorting it, diminishing it, and rendering it incoherent. *What Is Islam?* formulates a new conceptual language for analyzing Islam. It presents a new paradigm of how Muslims have historically understood divine revelation—one that enables us to understand how and why Muslims through

---

history have embraced are at once values such as exploration, ambiguity, aestheticization, polyvalence, and relativism, as well as practices such as figural art, music, and even wine drinking as Islamic. It also puts forward a new understanding of the historical constitution of Islamic law and its relationship to philosophical ethics and political theory. A book that is certain to provoke debate and significantly alter our understanding of Islam, *What Is Islam?* reveals how Muslims have historically conceived of and lived with Islam as norms and truths that are at once contradictory yet coherent.

Ma?roof & Munkar  
Oxford University Press

This book integrates research in positive psychology, Islamic psychology, and Muslim wellbeing in one volume, providing a view into the international experiential and spiritual lives of a religious group that represents over 24% of the world's population. It incorporates Western psychological paradigms, such as the theories of Jung, Freud,

---

Maslow, and Seligman with Islamic ways of knowing, while highlighting the struggles and successes of minoritized Muslim groups, including the LGBTQ community, Muslims with autism, Afghan Shiite refugees, and the Uyghur community in China. It fills a unique position at the crossroad of multiple social science disciplines, including the psychology of religion, cultural psychology, and positive psychology. By focusing on the

ways in which spirituality, struggle, and social justice can lead to purpose, hope, and a meaningful life, the book contributes to scholarship within the second wave of positive psychology (PP 2.0) that aims to illustrate a balance between positive and negative aspects of human experience. While geared towards students, researchers, and academic scholars of psychology, culture, and religious studies, particularly Muslim studies, this book is also useful for

---

general audiences who are interested in learning about the diversity of Islam and Muslims through a research-based social science approach.

*The Atheist Muslim*  
Bloomsbury  
Publishing

This work is based on the religion of Islam and the fundamental Muslims who live by Islamic Sharia law and associate themselves with Sunni Islam, or the Shia philosophy of the 6th imam.

Islam's Mandate separates 80 % of the Muslim ummah (family) who live in Third World countries who cannot read or write from the radical world of

Islam, as well as others who continue to associate themselves with the Muslim family, but have strayed from the teachings of Muhammad and are less than Islam's Muslim in their way of life. In the book, the author deals with 1500 year old beliefs of the fundamentalist, Islams true Muslim. The questions asked and answered are, what is the true nature of Islam, and who are the real Islam Muslims in the mosques who stay hidden behind closed doors. Those who must defend against radical Islam must take them time to understand the Jihadist. It is time America pulls its

---

head out of Muslim sand that is soaked with blood from 1500 years of Islamic aggression, and deals with the reality of what was once an oppressed tribal culture in the Arabian Desert, but is now a dominating, brutal, and repressive theocracy spreading to every corner of this planet.

*What Islam is All about* State University of New York Press

An American imam offers answers for today's toughest questions about Islam, and a vision for a reconciliation between Islam and the West.

One of the pressing questions of our time is what went wrong in the relationship between Muslims and the West. Continuing

global violence in the name of Islam reflects the deepest fears by certain Muslim factions of Western political, cultural, and economic encroachment. The solution to the current antagonism requires finding common ground upon which to build mutual respect and understanding. Who better to offer such an analysis than an American imam, someone with a foot in each world and the tools to examine the common roots of both Western and Muslim cultures; someone to explain to the non-Islamic West not just what went wrong with Islam, but what's right with Islam. Focused on finding solutions, not on determining fault, this is ultimately a hopeful, inspiring

---

book. What's Right with Islam systematically lays out the reasons for the current dissonance between these cultures and offers a foundation and plan for improved relations. Wide-ranging in scope, What's Right with Islam elaborates in satisfying detail a vision for a Muslim world that can eventually embrace its own distinctive forms of democracy and capitalism, aspiring to a new Cordoba - a time when Jews, Christians, Muslims, and all other faith traditions will live together in peace and prosperity.

Faith & Philosophy of Islam

CreateSpace

One of the largest and fastest-growing religions, Islam is

currently practiced by approximately one-fifth of the world's population. Unlike most religions that only consist of acts of worship, rituals, and a set of beliefs, it also offers a just socio-politico-economic system, which is especially important today as we continue to make significant material and scientific progress. However, although it presents real solutions to problems faced by the whole of mankind, factors such as worldwide media propaganda

---

and the current condition of the Muslim community have seriously distorted the public image of Islam. Adeel Zeerak hopes that his book *Islam: A Superior System of Life* will help change all that. He says that after careful study, even those with non-Muslim unprejudiced minds will appreciate the beauty of his religion's teachings. To prove the superiority of Islamic system over other systems, he provides concrete data obtained from authentic sources and refrains from using boastful or

exaggerative language. Chapters in *Islam: A Superior System of Life* include:

- This is Islam.
- Characteristics of the Islamic System
- Spiritual System.
- Social System.
- Economic System.
- Political System.

The Prophet, peace be upon him, the Message, and the Ummah "Despite commendable progress in the field of science and technology, this world is full of evil, exploitation, and injustice," says Zeerak, who believes any effort to find a solution to our problems

---

continually fails because we choose to ignore the light of Divine Guidance. We all know what happened to prophet Noah's people when they rejected this guidance, but we, thankfully, still exist in this world to follow our Lord and accept Islam. Written for the Muslim and non-Muslim, Islam: A Superior System of Life is for readers interested in Islam, the prophet Muhammad (PBUH), the Islamic view of women, the concept of Khilafat, Islamic finance, Islamic spirituality, and Islamic history.

The author promises that our obedience to Allah, subhanahu wa-ta'ala, will result in endless favors and blessings both in this world and the hereafter. Islam Routledge "Why do they hate us? Was Bin Laden's death just? Spiritual implications of the War on Terror"--T.p. The Tao of Islam Bilquees Press Thematic examination of monotheistic religions The second edition of Jews, Christians, Muslims: A Comparative Introduction to

---

Monotheistic Religions, compares Judaism, Christianity, and Islam using seven common themes which are equally relevant to each tradition. Provoking critical thinking, this text addresses the cultural framework of religious meanings and explores the similarities and differences among Judaism, Christianity, and Islam as it explains the ongoing process of interpretation in each religion. The book is designed for courses in Western and World

Religions. **Religious Freedom in Islam** Yale University Press  
Lastly, the author links knowledge to love as poles that, although exoterically appearing as opposites, esoterically define the global human reality vis-a-vis the Divine mandate. Throughout this book the author is concerned not only with the philosophical and logical basis of Islam in isolation, but with the nature of this basis as it establishes the intellectual, religious and spiritual

---

foundations of the modern Muslim, enabling him, at a personal level, to shed the mysteries and paradoxes of the human condition.

### **Sport in Islam and in Muslim Communities**

Wesscott Marketing

A bold new conceptualization of Islam that reflects its contradictions and rich diversity. What is Islam? ## **What Everyone Needs to Know about Islam**

### Harmony

Can you handle the truth? The truth is that Islam is the way of life given to mankind by God Almighty. The truth is that every God-fearing person on Earth wants to be a Muslim. Every person on earth has been a Muslim and every person on earth will be a Muslim again. If you want to understand what it is to be a Muslim, this book is for you. If you want proof that God exists, if you want to know what the purpose of life is, if you want to know

---

what God wants you to do, this book is for you. If you want to know why there are so many religions, if you want to know how a Muslim views non-Muslims, if you want to know how Muslims should treat women, this book is for you. If you want more than faith and belief, if you want sound reasoning and rational conclusions then this book is for you. This book is for everyone, from the 1.8 billion Muslims who have accepted that "Islam is the Truth" to the 4 billion others who

are unaware of Islam's veracity. For the Muslim, I wish this book to be an affirmation of the truth. For the non-Muslim, I wish this book to be a revolution in your life or at least in your thinking. Take this journey with me, to explore the abundant treasures of the religion of truth.

him for his attempts to build bridges between the West and the Muslim world. In 2010, Sufi Imam Rauf received national attention for his plans to build Park51, a Sufi Islamic Community Center, two blocks from Ground Zero in Lower Manhattan. Rauf was born in Kuwait. His father, Egyptian Imam and Sunni scholar Muhammad Abdul Rauf (1917-2004), moved with the younger Rauf to New York City in the 1960s. The elder Rauf assisted with efforts to create the multimillion dollar Islamic Cultural Center of New York, the first building designed as a mosque in New York City,

which took 25 years to complete and opened in 1991. His father, Abdul Rauf, was actively involved in the...

**Radical Islam** What's Right with Islam Since at least the attacks of September 11, 2001, one of the most pressing political questions of the age has been whether Islam is hostile to religious freedom. Daniel Philpott examines conditions on the ground in forty-seven Muslim-majority countries today and offers an honest, clear-eyed answer to this urgent question. It is not, however, a simple answer. From a satellite view, the Muslim world looks unfree. But, Philpott shows, the truth is much more complex.

---

Some one-fourth of Muslim-majority countries are in fact religiously free. Of the other countries, about forty percent are governed not by Islamists but by a hostile secularism imported from the West, while the other sixty percent are Islamist. The picture that emerges is both honest and hopeful. Yes, most Muslim-majority countries are lacking in religious freedom. But, Philpott argues, the Islamic tradition carries within it "seeds of freedom," and he offers guidance for how to cultivate those seeds in order to expand religious freedom in the Muslim world and the world at large. It is an urgent project. Religious freedom promotes goods like democracy and the

advancement of women that are lacking in the Muslim-majority world and reduces ills like civil war, terrorism, and violence. Further, religious freedom is simply a matter of justice--not an exclusively Western value, but rather a universal right rooted in human nature. Its realization is critical to the aspirations of religious minorities and dissenters in Muslim countries, to Muslims living in non-Muslim countries or under secular dictatorships, and to relations between the West and the Muslim world. In this thoughtful book, Philpott seeks to establish a constructive middle ground in a fiery and long-lasting debate

---

over Islam.  
The Beliefnet Guide to Islam Lulu.com  
A New York Times Critics' Top Book of 2021 "An impressive combination of diligence and verve, deploying Ackerman's deep stores of knowledge as a national security journalist to full effect. The result is a narrative of the last 20 years that is upsetting, discerning and brilliantly argued." -The New York Times "One of the most illuminating books to come out of the Trump era." -New York Magazine An examination of the profound impact that the War on Terror had in pushing American politics and society in an authoritarian direction For an entire generation, at home and abroad, the

United States has waged an endless conflict known as the War on Terror. In addition to multiple ground wars, the era pioneered drone strikes and industrial-scale digital surveillance; weakened the rule of law through indefinite detentions; sanctioned torture; and manipulated the truth about it all. These conflicts have yielded neither peace nor victory, but they have transformed America. What began as the persecution of Muslims and immigrants has become a normalized feature of American politics and national security, expanding the possibilities for applying similar or worse measures against other targets at home, as the summer of 2020 showed. A politically divided and

---

economically destabilized country turned the War on Terror into a cultural—and then a tribal—struggle. It began on the ideological frontiers of the Republican Party before expanding to conquer the GOP, often with the acquiescence of the Democratic Party. Today's nativist resurgence walked through a door opened by the 9/11 era. And that door remains open. Reign of Terror shows how these developments created an opportunity for American authoritarianism and gave rise to Donald Trump. It shows that Barack Obama squandered an opportunity to dismantle the War on Terror after killing Osama bin Laden. By

the end of his tenure, the war had metastasized into a bitter, broader cultural struggle in search of a demagogue like Trump to lead it. Reign of Terror is a pathbreaking and definitive union of journalism and intellectual history with the power to transform how America understands its national security policies and their catastrophic impact on civic life.

\* The first outline of a contemporary European approach to Islamic theology. With this book, Mouhanad Khorchide introduces a contemporary approach to Islamic theology. He demonstrates how Islam can make the ground-breaking step towards a theology centred around a merciful God - a step achieved from within and not imposed from the outside. A real sensation - not only from an academic point of view! Mouhanad

Khorchide: "With my book, I aim to outline a theological approach centred around mercy and present it as an alternative to the theological approach of obedience and fear which is so widespread in the Islamic world - in a straightforward way, also accessible to non-experts. For me, Islam is a message of mercy ... The divine character trait God uses most frequently in the Qur'an to describe Himself is mercy ... It is astounding that this God, the All-

---

Merciful, is so thoroughly neglected in Islamic theology and popular belief!"

*What Everyone Should Know about Islam and Muslims* Rowman & Littlefield

Islam is a very mysterious and complex faith, one of intellectual depth in prayer and practice. It is unfortunate that the teachings of Islam have been marred by centuries of intellectual malaise, political misdirection, extremism, and disunity, leaving many spiritual wanderers both Muslim and non-Muslim to ponder a plethora of unaddressed questions about these sacred teachings. In his newest book, *The*

Muslim Book of Why: What Everyone Should Know about Islam, author, scholar, and leading jihad theorist Warithudeen Umar highlights the concept of ijtiḥād in an attempt to help answer many of today's most pressing questions about Islam. Ijtiḥād is described as a creative and disciplined intellectual effort to derive legal rulings from Islamic sources while taking into consideration the variables brought on by the fluctuating circumstances of the Muslim world. Though the world has changed and expanded, humanity's need for these teachings viewed through the clarifying concept of ijtiḥād has not. To right these wrongs of gross misguidance within

---

Muslim society, we must deconstruct history in order to discern what went wrong after the revelation of the Qur'an was shared with the world. The Muslim Book of Why seeks to do so, refocusing Muslim thought on a life of faith, family development, and worship.
