NEW YORK TIMES BESTSELLER • The award-winning book that inspired an Apple Original series from Apple TV+ • A landmark investigation of patient deaths at a New Orleans hospital ravaged by Hurricane Katrina—and the suspenseful portrayal of the quest for truth and justice—from a Pulitzer Prize-winning physician and reporter “An amazing tale, as inexorable as a Greek tragedy and as gripping as a whodunit.”—Dallas Morning News After Hurricane Katrina struck and power failed, amid rising floodwaters and heat, exhausted staff at Memorial Medical Center designated certain patients last for rescue. Months later, a doctor and two nurses were arrested and accused of injecting some of those patients with life-ending drugs. Five

Days at Memorial, the culmination of six years of reporting by Pulitzer Prize winner Sheri Fink, unspools the mystery, bringing us inside a hospital fighting for its life and into the most charged questions in health care: which patients should be prioritized, and can health care professionals ever be excused for hastening death? Transforming our understanding of human nature in crisis, *Five Days at Memorial* exposes the hidden dilemmas of end-of-life care and reveals how ill-prepared we are for large-scale disasters—and how we can do better.

“ A true-crime page-turner.... Lowry exhausts every possible scenario behind the shocking, unsolved quadruple murder ... and offers a theory on what really happened. ” —*New York Post* "Gripping, moving, and as good as any depiction of a murder case since *In Cold Blood*.... Brilliant." —Ann Patchett, award-winning, bestselling author The facts are brutally straightforward. On December 6, 1991, the naked, bound-and-gagged, burned bodies of

four girls—each one shot in the head—were found in a frozen yogurt shop in Austin, Texas. Grief, shock, and horror overtook the city. But after eight years of misdirected investigations, only two suspects (teenagers at the time of the crime) were tried; their convictions were later overturned and detectives are still working on what is now a very cold case. The story has grown to include DNA technology, coerced false confessions, and other developments in crime and punishment. But this story belongs to the scores of people involved, and from them Beverly Lowry has fashioned a riveting saga that reads like a novel, heart-stopping and thoroughly engrossing.

A History of the United States Navy, from 1775 to 1898 Marble City Publishing
Detective Maeve Kerrigan is away for a colleague's wedding, and she's enjoying an excuse to spend a beautiful fall weekend relaxing in the English countryside. It's a much-needed break from the grit and grime of her daily life on the London police force. But even at a wedding, the job is never far away. Midway through the reception, Maeve and her abrasive but loyal

partner on the police force, DI Josh Derwent, are called back to London. A fellow policeman has been murdered, in a compromising position in a public park at night. And when Maeve and Derwent arrive to speak with the victim's family, his wife and daughter are surprisingly cold and reticent, which adds further layers of complexity to an already delicate investigation. And Maeve knows the victim and his family aren't the only ones with things to hide: the dark secret that her boss, Superintendent Godley, has been keeping for years is threatening to blow up in his face, and if that happens, they'll all be caught in the aftermath. Pulled between her loyalties to Godley, Derwent, the victim of a murder, and her own driving sense of right and wrong, Maeve will

be forced to decide how much she's willing to risk in the name of justice in *The Kill*, Jane Casey's most intimate, compelling novel yet.

The Sunday Times bestseller and the definitive story behind the ITV factual drama *White House Farm* about the horrific killings that took place in 1985. On 7 August 1985, Nevill and June Bamber, their daughter Sheila and her two young sons Nicholas and Daniel were discovered shot to death at White House Farm in Essex. The murder weapon was found on Sheila's body, a bible lay at her side. All the windows and doors of the farmhouse were secure, and the Bammers' son,

24-year-old Jeremy, had alerted police after apparently receiving a phone call from his father, who told him Sheila had 'gone berserk' with the gun. It seemed a straightforward case of murder-suicide, but a dramatic turn of events was to disprove the police's theory. In October 1986, Jeremy Bamber was convicted of killing his entire family in order to inherit his parents' substantial estates. He has always maintained his innocence. Drawing on interviews and correspondence with many of those closely connected to the events – including Jeremy Bamber – and a wealth of previously unpublished documentation, Carol Ann Lee brings astonishing clarity to a complex and emotive case. She describes the years of rising tension in the family that culminated in the murders, and provides clear insight into the background of each individual and their relationships within the family unit. Scrupulously fair in its analysis, *The Murders at White House Farm* is an absorbing portrait of a family, a time and a place, and a gripping account of one of Britain's most notorious crimes.

Modern history When I Was Five I Killed Myself

Eddie is a wounded war veteran, an old man who has lived, in his mind, an uninspired life. His job is fixing rides at a seaside amusement park. On his 83rd birthday, a tragic accident kills him, as he tries to save a little girl from a falling cart. He awakes in the afterlife, where he learns that heaven is not a destination. It's a place where your life is explained to you by five people, some of whom you knew, others who may have been strangers. One by one, from childhood to soldier to old age,

Eddie's five people revisit their connections to him on earth, illuminating the mysteries of his "meaningless" life, and revealing the haunting secret behind the eternal question: "Why was I here?"

THE MUST-READ MULTIMILLION BESTSELLING MYSTERY SERIES • Everyone is talking about A Good Girl's Guide to Murder! With shades of Serial and Making a Murderer this is the story about an investigation turned obsession, full of twists and turns and with an ending you'll never expect.

Everyone in Fairview knows the story. Pretty and popular high school senior Andie Bell was murdered by her boyfriend, Sal Singh, who then killed himself. It was all anyone could talk about. And five years later, Pip sees how the tragedy still haunts her town. But she can't shake the feeling that there was more to what happened that day. She knew Sal when she was a child, and he was always so kind to her. How could he possibly have been a killer? Now a senior herself, Pip decides to reexamine the closed case for her final project, at first just to cast doubt on the original investigation. But soon she discovers a trail of dark secrets that might actually prove Sal innocent . . . and the line between past and present begins to blur. Someone in Fairview doesn't want Pip digging around for answers, and now her own life might be in danger. And don't miss the sequel, *Good Girl, Bad Blood!* "The perfect nail-biting mystery." --Natasha Preston, #1 New York Times bestselling author [America](#) Spatterlight Press
 "[A] graceful and brilliant novel . . . leads the reader on a journey through

childhood autism that proves enlightening as well as fascinating." —ForeWord Magazine
 Burton Rembrandt has the sort of perspective on life that is almost impossible for adults to understand: the perspective of an eight-year-old. And to Burt, his parents and teachers seem to be speaking a language he cannot understand. This is Burt's story as written in pencil on the walls of the Quiet Room in the Children's Trust Residence Center, where he lands after expressing his ardent feelings for a classmate. It begins: When I was five I killed myself . . . In this rediscovered modern classic from "one of France's best-loved contemporary writers," Howard Buten renders with astounding insight and wry language the tale of a troubled—or perhaps just perfectly normal—young boy testing the boundaries of love and life (Time).
 "Buten uses his wit like a whip to get at the heart of this boy's own story . . . bringing some shock and some power to that delicate line between youth and the rest of the world." —The Austin Chronicle
 "This psychologically intense tale moves quickly, and the difficult task of creating a child's voice with authenticity and depth proves Buten a gifted stylist and storyteller . . . [an] imaginative and provocative book." —Publishers Weekly, starred review
 "Certainly Buten offers

some insight into a troubled child's mind." —The New York Times Book Review
