Existential Psychotherapy

Review

In 1958, John Huston asked Jean-Paul Sartre to write a script for a movie about Sigmund Freud. The Freud Scenario, found

among Sartre's papers after his death, is the result. A fluent portrait of a man engaged in a personal and intellectual struggle that was to change the course of twentieth-century thought, the script was too challenging and—at a projected seven hours—too long for a Hollywood audience. The script

remains an unrealized classic and a testament to two of the most influential minds in modern history. [The Heart's Invisible Furies](#) Harper Collins Acclaimed author and renowned psychiatrist Irvin D. Yalom distills thirty-five years of psychotherapy wisdom into one brilliant volume.

The culmination of the patient matter master psychiatrist Dr. Irvin D. Yalom's more than thirty-five years in clinical practice, *The Gift of Therapy* is a remarkable and essential guidebook that illustrates through real case studies how patients and therapists alike can get the most out of therapy. The bestselling author of *Love's Executioner* shares his uniquely fresh approach and the valuable insights he has gained—presented as eighty-five personal and provocative “tips for beginner therapists,” including: • Let

- Acknowledge your errors
- Create a new therapy for each patient
- Do home visits
- (Almost) never make decisions for the patient
- Freud was not always wrong

A book aimed at enriching the therapeutic process for a new generation of patients and counselors, Yalom's *Gift of Therapy* is an entertaining, informative, and insightful read for anyone with an interest in the subject.

From one of the most celebrated and

highly respected authorities in the field of psychotherapy comes a collection of his best works. In this anthology of Yalom's most influential work to date, readers experience the diversity of his writings, with pieces that range from the highly concrete and clinical to the abstract and theoretical.

The Painted Bird
Basic Books

The classic, award-winning novel, made famous by Steven Spielberg's film, tells of a young boy's struggle to survive World War II in China. Jim is separated from his parents in a world at

war. To survive, he must find a strength greater than all the events that surround him. Shanghai, 1941 -- a city aflame from the fateful torch of Pearl Harbor. In streets full of chaos and corpses, a young British boy searches in vain for his parents. Imprisoned in a Japanese concentration camp, he is witness to the fierce white flash of Nagasaki, as the bomb bellows the end of the war...and the dawn of a blighted world. she has lost a son to a world of drugs and crime, and yet who must comfort the more privileged through their own pain; a successful businessman who, in the wake of a suicide, despairs about the gaps and secrets that infect every relationship; a newly minted psychologist whose study of the human condition damages her treasured memories of a lost friend; and a man whose rejection of philosophy forces even Yalom himself into a crisis of confidence. Their names and family, stories will linger long after the book's last page is turned. Like Love's Executioner, which established Yalom's preeminence as a storyteller illuminating the drama of existential therapy, Creatures of a Day is funny, earthy, and often shocking; it is a radically honest statement about the difficulties of human life, but also a celebration of some of the finest fruits—love, friendship—that life can bear. We are all creatures of a day. With Yalom as a guide, we can find in this book the means not just to make our own day bearable, but meaningful—and perhaps even joyful.

The Gift of Therapy When Nietzsche Wept Human, All Too Human (1878) marks the point where Nietzsche abandons German romanticism

for the French Enlightenment . The result is one of the cornerstones of his life's work. Beyond Good and Evil (1886) is a scathing and powerful critique of philosophy, religion and science. *Staring at the Sun* Harper Collins When Nietzsche Wept Basic Books **When Nietzsche Wept** Schocken The many thousands of readers of the best-selling *Love's Executioner* will welcome this paperback edition of an earlier work by Dr. Irvin Yalom, written with Ginny Elkin, a pseudonymous patient whom he treated -- the first book to share the dual reflections of psychiatrist and patient. Ginny Elkin was a troubled young and talented writer whom the psychiatric world had labeled as "schizoid." After trying a variety of therapies, she entered into private treatment with Dr. Irvin Yalom at Stanford University. As part of their work together, they agreed to write separate journals of each of their sessions. Every Day Gets a Little Closer is the product of that arrangement, in which they alternately relate their descriptions and feelings about their therapeutic relationship. *Human, All Too Human & Beyond Good and Evil* Basic Books Part of the Jewish Encounter series In 1656, Amsterdam's Jewish

Martin's Press As the public grows disillusioned with therapeutic quick fixes, people are looking for a deeper psychotherapeutic experience to make life more meaningful and satisfying. What really happens in therapy? What promises and perils does it hold for them? No one writes about therapy - or indeed the dilemmas of the human condition - with more acuity, style, and heart than Irvin Yalom. Here he combines the

storytelling skills so widely praised in *Love's Executioner* with the wisdom of the compassionate and fully engaged psychotherapist. In these six compelling tales of therapy, Yalom introduces us to an unforgettable cast of characters: Paula, who faces death and stares it down; Magnolia, into whose ample lap Yalom longs to pour his own sorrows; Irene, who learns to seek out anger and plunge into it. And there's Momma, old-

fashioned, ill-tempered, who drifts into Yalom's dreams and tramples through his thoughts. At once wildly entertaining and deeply thoughtful, Momma and the Meaning of Life is a work of rare insight and imagination.
