A Globe and Mail Best Book A finalist for the Rakuten Kobo Emerging Writer Prize A love letter to a sport that's losing itself, from one of our best sports writers. Hockey is approaching a state of crisis in Canada. It's become more expensive, more exclusive, and effectively off-limits to huge swaths of the potential sports-loving population. Youth registration numbers are stagnant; efforts to appeal to new Canadians are often grim at best; the game, increasingly, does not resemble the country of which it's for so long been an integral part. As a lifelong hockey fan and father of a young mixed-race son falling headlong in love with the game, Sean Fitz-Gerald wanted to get to the roots of these issues. His entry point: a season with the Peterborough Petes, a storied OHL team far from its former glory in a once-emblematic Canadian city that is finding itself on the wrong side of the country's changing demographics. Fitz-Gerald profiles the players, coaches and front office staff, a mix of world-class talents with NHL aspirations and Peterborough natives happy with more modest dreams. Through their experiences, their widely varied motivations and expectations, we get a rich, colourful understanding of who ends up playing hockey in Canada and why. Fitz-Gerald interweaves the action of the season with portraits of public figures who've shaped and been shaped by the game: authors who captured its spirit, politicians who exploited it, and broadcasters who try to embody and sell it. He finds his way into community meetings full of angry season ticket holders, as well as into sterile boardrooms full of the sport's institutional brain trust, unable to break away from the inertia of tradition and hopelessly at war with itself. Before the

Lights Go Out is a moving, funny, yet unsettling picture of a sport at a crossroads. Fitz-Gerald's warm but rigorous journalistic approach reads, in the end, like a letter to a troubled friend: it's not too late to save hockey in this country, but who has the will to do it?

The Confederacy extinguished the lights in all the lighthouses it controlled long before any shots were fired at Fort Sumter. When the Southern Lights Went Dark: The Lighthouse Establishment During the Civil War tells the story of the men who assumed the daunting task of finding the lenses and lamps, repairing deliberate destruction to the towers and lightships, and relighting them as soon as the Navy could afford them protection. From Cape Hatteras to Ocracoke Light, Jupiter Inlet to Tybee Island, St. Simons to Cockspur Island and others, these are the stories from a unique era in United States lighthouse history. Unlike in peace time, when military officers filled the posts of engineer and inspector in each lighthouse district, civilians had to be found who were not only talented enough to build and maintain lighthouses, but also could supervise a party of workmen and make decisions on their own. Those men in the field had to find keepers, see that they were paid, and ensure they had food, water, and essential supplies. The Lighthouse Board was far away in Washington and could do little more than give advice, order needed equipment, record the dispatches from the field, and pay the bills it received. From Cape Hatteras to Ocracoke Light, Jupiter Inlet to Tybee Island, St. Simons to Cockspur Island and others, these are the stories from a unique era in United States lighthouse history. **Before the Lights Go Out** Von Krumm

George Orwell set out ‘to make political writing into an art’, and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell’s essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the Orwell’s Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the ‘four great motives for writing’ – ‘sheer egoism’, ‘aesthetic enthusiasm’, ‘historical impulse’ and ‘political purpose’ – and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell’s mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer’s oeuvre. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

"When an object materialises out of thin air before your very eyes - you write a book." In the late sixties, 30 East Drive, Pontefract, became home to one of the most infamous poltergeist cases the world has ever seen. When co-author and former sceptic Bil Bungay bought the house in order to promote a movie, he had no idea that a powerful, terrifying, entity - one capable of defying the laws of physics - was still very much in residence. This book provides first-hand eyewitness testimonies and reams of recent evidence to make the case that the house is indeed home to extraordinary paranormal phenomena, and then asks the question: Just What the heck is a poltergeist, anyway?  
*Midnight in the Garden of Good and Evil* Faber & Faber  
When the *Lights Went Out* tells the story of a moment in the 1987 World Junior Championship that forever changed the lives of the players involved, and ignited a debate that has yet to subside about the way the game is meant to be played. When Team Canada skated onto the ice that night in Piestany, Czechoslovakia, they thought they were 60 minutes away from a gold medal. Future superstars like Brendan Shanahan and Theo Fleury, pitted against Russians like Alexei Fedorov and Alex Mogilny, dreamed of returning to Canada in glory. Instead, they were sent home empty-handed, bearers of a legacy that would follow them throughout their careers. No one who saw it will ever forget it. The mere mention of Piestany evokes the image of twenty fights breaking out all over the ice as players rushed to their mates’ defence, of haymakers, stick-swinging, and even kicking, of a referee skating off the ice in shame. ESPN hockey writer Gare Joyce tells the story of the game that marked the last time Canadian and Soviet players squared off as enemies, rather than potential team mates in the NHL. It tells the stories of the combatants on the ice. Of the coaches behind the bench. Of officials, international hockey executives, members

of the media and even politicians who were caught up in the intrigue.

**The Things They Carried** Anchor

A mordantly funny, all-too-real novel in the vein of Tom Perotta and Emma Straub about a suburban American family who have to figure out how to survive themselves and their neighbors in the wake of a global calamity that upends all of modern life. It's Tuesday morning in Lincolnwood, New Jersey, and all four members of the Altman family are busy ignoring each other en route to work and school. Dan, a lawyer turned screenwriter, is preoccupied with satisfying his imperious TV producer boss's creative demands. Seventeen-year-old daughter Chloe obsesses over her college application essay and the state tennis semifinals. Her vape-addicted little brother, Max, silently plots revenge against a thuggish freshman classmate. And their MBA-educated mom Jen, who gave up a successful business career to raise the kids, is counting the minutes until the others vacate the kitchen and she can pour her first vodka of the day. Then, as the kids begin their school day and Dan rides a commuter train into Manhattan, the world comes to a sudden, inexplicable stop. Lights, phones, laptops, cars, trains...the entire technological infrastructure of 21st-century society quits working. Normal life, as the Altmans and everyone else knew it, is over. Or is it? Over four transformative, chaotic days, this privileged but clueless American family will struggle to hold it together in the face of water shortages, paramilitary neighbors, and the well-mannered looting of the local Whole Foods as they try to figure out just what the hell is going on.
