Happy is a coming-of-age novel about a young girl learning to embrace her cultural and sexuality identity. Winnie is living her best fat girl life and is on her way to the best place on earth. No, not Disneyland--her Granny 's diner, Goldeen 's, in the small town of Misty Haven. While there,

---

she works in her fabulous 50 ' s inspired uniform, twirling around the diner floor and earning an obscene amount of tips. With her family and girlfriend at her side, she has everything she needs for one last perfect summer before starting college in the fall. ...until she becomes Misty Haven ' s Summer Queen in a highly anticipated matchmaking tradition that she wants absolutely

nothing to do with. Newly crowned, Winnie is forced to take center stage in photoshoots and a never-ending list of community royal engagements. Almost immediately, she discovers that she ' s deathly afraid of it all: the spotlight, the obligations, and the way her Merry Haven Summer King, wears his heart, humor, and honesty on his sleeve. Stripped of

Goldeen ' s protective bubble, to salvage her summer Winnie must conquer her fears, defy expectations, and be the best Winnie she knows she can be—regardless of what anyone else thinks of her. City of Shattered Light When We Have Wings Evan and Claire Jones are typical teenagers, forced to go with their parents to yet another boring museum ... that is, until something extraordinary happens to make

---

their day a little more than interesting. After following a strange little creature into a closed exhibit, Evan and his older sister, Claire, discover the Serpent ' s Ring, one of the magical relics formed from the shattered Mysticus Orb. Purely by accident, they have awakened its powers and opened a portal to Sagaas, land of ancient gods. Before the siblings can comprehend what has happened, the Serpent ' s Ring is wrenched from Evan ' s hand by

an enormous fish and flown back to Aegir, the Norse god of the sea. Evan and Claire, accompanied by a band of unlikely heroes, must retrieve the Serpent ' s Ring before Aegir uses its immense powers to flood all the lands on Earth. murder of his beloved twin brother. And Maya Gutierrez, an impassioned marine biologist is -- quite unexpectedly -- falling in love for the first time. Together, these men and women must fight to survive in an unknown future with no rules and nothing to be taken for granted. They have two choices: neutralize the greatest threat the world has ever seen (preferably before mass hysteria hits or world leaders declare World War III) or come to terms with the

annihilation of humanity itself. Their mission is codenamed The Effort. What Happens Next Penguin  
This is the story of two girls, racing through space like shadow and light. A photo negative, together they make the perfect image of a girl. Violet is the dark one, dressed in forever black, dreaming Technicolor dreams of spinning the world into her very own silver screen creation. Claire is like a real-life Tinker Bell, radiating love and light, dressing herself in wings of gauze and glitter, writing poems to keep away the darkness. The setting is L.A., a city as beautiful as it is dangerous, and within

this landscape of beauty and pain Violet and Claire vow to make their own movie. Together they will show the world the way they want it to be, and maybe then the world will become that place--a place where people no longer hate or fight or want to hurt. But when desire and ambition threaten to rip a seamless friendship apart, only one thing can make two halves whole again--the power of love. Francesca Lia Block's latest novel is a beautifully told story that boldly combines the world of film with the lyrical graceful language of poetry. The voices of two friends--one dark, one light--combine to tell a larger tale of love and loss, and the strength that comes from believing in dreams.

Wrong About the Guy Penguin This contemporary twist on Jane Austen's Emma features the signature wit and swoon-worthy romance of beloved author Claire LaZebnik's other fan favorites Epic Fail, The Trouble with Flirting, and The Last Best Kiss. Ellie Withers is definitely not spoiled, so she wishes that George Nussbaum would stop implying that she is. It's not her fault that her stepfather became a TV star and now they live in a big house and people fawn over her wherever she goes. She doesn't even like being fawned over. Fortunately, her two closest friends understand her a lot better than George: Heather Smith loved her before she even knew who Ellie's stepfather was, and handsome Aaron Marquand has a father who's just as famous. With Aaron back in town and very much in her life, Ellie feels like things are just fine—or would be if her mother hadn't hired George to tutor her. George has a habit of making Ellie feel a little less sure of herself, a little less on top of the world, a little less right about everything. It's almost like he wants her to be a better person than she is. When Ellie's plans for her family, her friends, and even her love life don't turn out the way she imagined, she begins to wonder if maybe she could stand to learn a thing or two after all . . . and whether it's possible—or even likely—that the perfect person to teach her is the last person she'd expect.

Before the 1900s, hundreds of thousands of wild tigers roamed Southeast Asia. Their beauty, fierceness, and intelligence inspired fear and awe in their human neighbors. These peoples gave the tiger starring roles in folktales and mythology. Human fascination with tigers continues. Unfortunately, the tiger may not survive in the wild much longer. Researchers estimate that fewer than 2,500 tigers remain in their natural habitat. As the human population explodes in Southeast Asia, the wild tiger population pays the price. Can the wild tiger be

saved by its only natural enemy, people? Camille's Bread Harper Collins From the national bestselling author of *Brother, I ' m Dying* and *The Dew Breaker*: a “ fiercely beautiful ” novel (Los Angeles Times) that brings us deep into the intertwined lives of a small seaside town where a little girl, the daughter of a fisherman, has gone missing. The Archive of the Forgotten Health Press It is summer in the south of France, and Pea and her little sister Margot spend their days running free, inventing games in the meadow behind their house. But Pea has worries beyond her five and a half years. Her father has died in

an accident, and her mother has just lost a baby. Maman is English, already isolated in this small, foreign village, and in her compounded grief, she has retreated even further. Pea and Margot stay out of her way and try to make things better, but they can't make Maman happy again. When Pea befriends Claude, a man who seems to love the meadow as she does, she wonders if he could be a new papa. But why do the other villagers view Claude with suspicion, and what secrets does his large empty house hold? Beautifully written, haunting, and full of surprises, *The Night Rainbow* is a novel about innocence and experience, grief and compassion, and the blessings and perils of imagination.
