"Marvelous . . . A vital book about how to make political art that offers lasting solace in times of great trouble, and wisdom to audiences in the years that follow."- Washington Post NAMED ONE OF THE BEST BOOKS OF THE

YEAR BY NPR A STONEWALL BOOK AWARDS HONOR BOOK The oral history of Angels in America, as told by the artists who created it and the audiences forever changed by it--a moving account of the AIDS era, essential queer history, and an exuberant backstage tale. When Tony Kushner's Angels in America hit Broadway in 1993, it won the Pulitzer Prize, swept the Tonys, launched a score of major careers, and changed the way gay lives were represented in popular culture. Mike Nichols's 2003 HBO adaptation starring Meryl Streep, Al Pacino, and Mary-Louise Parker was

itself a tour de force, winning Golden Globes and eleven Emmys, and introducing the play to an even wider public. This generation-defining classic continues to shock, move, and inspire viewers worldwide. Now, on the 25th anniversary of that Broadway premiere, Isaac Butler and Dan Kois offer the definitive account of Angels in America in the most fitting way possible: through oral history, the vibrant conversation and debate of actors (including Streep, Parker, Nathan Lane, and Jeffrey Wright), directors, producers, crew, and Kushner himself. Their intimate storytelling reveals the on- and offstage

turmoil of the play's birth--a hard-won miracle beset by artistic roadblocks, technical disasters, and disputes both legal and creative. And historians and critics help to situate the play in the arc of American culture, from the staunch activism of the AIDS crisis through civil rights triumphs to our current era, whose politics are a dark echo of the Reagan '80s. Expanded from a popular Slate cover story and built from nearly 250 interviews, *The World Only Spins Forward* is both a rollicking theater saga and an uplifting testament to one of the great works of American art of the past century, from its gritty San Francisco premiere to its starry, much-anticipated Broadway revival in 2018.

Apollo's Angels is a major new history of classical ballet. It begins in the courts of Europe, where ballet was an aspect of aristocratic etiquette and a political event as much as it was an art. The story takes the reader from the sixteenth century through to our own time, from Italy and France to Britain, Denmark, Russia and contemporary America. The reader learns how ballet reflected political and cultural upheavals, how dance and dancers were influenced by the Renaissance and French Classicism, by Revolution and Romanticism, by Expressionism and Bolshevism, Modernism and the Cold War. Homans shows how and why 'the steps' were

never just the steps: they were a set of beliefs and a way of life. She takes the reader into the lives of dancers and traces the formal evolution of technique, choreography and performance. Her book ends by looking at the contemporary crisis in ballet now that 'the masters are dead and gone' and offers a passionate plea for the centrality of classical dance in our civilization. Apollo's Angels is a book with broad popular appeal: beautifully written and illustrated, it is essential reading for anyone interested in history, culture and art.

They say that long ago, there was a rebellion in Heaven. That an army of angels sought to seize the throne, and were cast down into the pits of Hell in punishment. Those are the affairs of angels, and everything would have been fine if they'd kept them to themselves. But there's been another uprising, and another Fall. Cast down to Earth, the rebel angels ravaged the globe in an orgy of sin and violence

as they indulged in their newfound freedoms. Their new home is the Perch, a black, towering monstrosity that blights what's left of the New York City skyline. Life inside the Perch means you watch your tongue, if you're a servant. Jana has lived there since she was a child, and now she's found herself thrust into the middle of angelic politics. Some of them want to torture her, just for the fun of it. Others say they want to protect her. And Rhamiel, a charismatic and powerful angel with one of the few faces that wasn't burnt and scarred by the Fall, is relentlessly pursuing her affections. Life outside can be just as dangerous. Strange things fell with the angels and wander the countrysides. The roads are filled with Vichies, cringing humans who've thrown their lot in with their oppressors and won't hesitate to take advantage of the weak. But some are still fighting, including William Holt. He leads a small cell of fighters, searching for a way to

strike back against the angels without getting themselves killed in the process. And all around, the fallen angels inflict their savageries on the dwindling remains of humanity, enjoying every vice they'd been forbidden during their long centuries of service. They Who Fell is the first book in a trilogy.

MacArthur's secret weapon and heroes of the Los Baños Raid, the 511th Parachute Infantry Division, the Angels, fought with distinction during the vicious Leyte and Luzon campaigns where many 511th units received Presidential Unit citations. The regiment, led by Colonel Orin "Hard Rock" Haugen helped save the United States Airborne, liberate Manila, rescued 2,147 internees at the Los Baños prison camp, were the first full unit into Japan at the end of World War II, formed General MacArthur's Honor Guard and protected the Allied dignitaries during the surrender ceremony on the USS Missouri. And their average age was 21. The Angels were an exceptionally lethal "secret weapon" according to General Douglas MacArthur. General

Walter Krueger, commander of the U.S. Sixth Army during the war said, went one step further, saying that the 511th PIR was "the God-damned fightingest outfit I have ever seen!" After landing on Leyte, the division fought across the island's interior, destroying an estimated 5,760 enemy between November 22-December 23, 1944 with a 45-to-1 kill ratio (on Luzon it was 22-to-1). No Angel ever boasted, just recited the number like it was a baseball statistic. After enduring 204 days of combat and 1,100 casualties, the 511th PIR became the first full regiment to occupy Japan in the country's long history. The Angels took 13 Unit Citations with them, as well as two Medals of Honor, 9 Distinguished Service Crosses, 432 Silver Stars, 10 Legions of Merit, 56 Soldiers Medals, 1,515 Bronze Stars and 41 Air Medals. Several elements within the 511th PIR received the Presidential Unit Citation and the Philippine Presidential Unit Citation as they earned Campaign Streamers inscribed with New Guinea, Leyte and Luzon with an Assault Arrowhead. No wonder General Robert L. Eichelberger, commander of the U.S. Eighth Army, declared "No one could have asked for finer fighting men." In this book you will learn about one of America's most elite fighting forces and one of the only

parachute units to fight in the Pacific Theater. Their loyalty to each other, ability to endure combat's harsh realities and the emotional struggles they faced to help win the war has earned the 511th PIR the nickname, "The Band of Brothers of the Pacific." Utilizing firsthand experiences and interviews with members of the 511th PIR, including his grandfather 1st Lieutenant Andrew Carrico of Company D, Jeremy tells the full story of this historic regiment. From Camp Toccoa to Tokyo, and the training grounds of Camp Mackall and New Guinea to the nightmarish combat of the Leyte and Luzon campaigns, *When Angels Falls* is a masterful narrative by a former journalist and historian who here tells the full story of a group of America's heroes, the elite paratroopers *Angels in World War II*. "The Lord has shown me that Satan was once an honored angel in heaven, next to Jesus Christ. His countenance was mild, expressive of happiness like the other angels. His forehead was high and broad, and showed great intelligence. His form was perfect. He had noble, majestic bearing. And I saw that when God said to his Son, Let us

make man in our image, Satan was jealous of Jesus. He wished to be consulted concerning the formation of man. He was filled with envy, jealousy and hatred. He wished to be the highest in heaven, next to God, and receive the highest honors. Until this time all heaven was in order, harmony and perfect subjection to the government of God."-Ellen G White
