Video gaming can be a very entertaining experience for many people. Sometimes you will notice that hours have gone by while you are playing. If you are a person who enjoys playing video games you may want to consider creating your own video game. The market for video games continuously expands. There is a large amount of money that can be made in the video game industry. Learning how to create a video game will give you an opportunity to make a lot of money as well as provide you with a feeling of self-accomplishment. A lot of people have great ideas about video games but sadly many of them do not chase their dreams. The reason for this in most cases is that the person may feel as if it is too hard for them to do or that they may not be smart enough. Do not be one of these people! If you have come up with an idea you have already accomplished one of the hardest parts of creating a video game. Creativity does not come naturally to everyone and you should take pride in the fact that you have a creative mind. If you have a creative mind and enjoy video games you should seriously consider creating your games. After all, it could present you with an opportunity to generate cash flow doing something you love. The following chapter in this book will shed some light on the basics of creating a game and give you some pointers to guide you through the basic processes. Grab It Now!

A step-by-step guide to building elaborate and impressive sandcastles with a basic understanding of sand and a few simple tools. A crenellated turret here, a winding, arched staircase there, maybe even a giant turtle-fairy tale ideas are at the heart of every sandcastle. Summer after summer, children and adults alike make valiant efforts to infuse their sandy structures with such inspiration, but the results are generally disappointing. With Sandcastles Made Simple, Lucinda "sandy feet" Wierenga, a renowned sand sculptor, puts a permanent end to less-than-perfect beach creations. She provides the ultimate step-by-step guide to building impressive sandcastles, and shows that with a few simple tools and a basic understanding of sand, building dream castles can be easy. The book features instructions for each of the architectural elements—base, staircase, roof, balcony, and more—that can be combined to fashion one-of-a-kind castles. Also included are two projects designed specifically for younger children. Like a shovel and pail, Sandcastles Made Simple is an on-the-beach necessity.

My book, Simple, speaks about how simple it is to be happy. This book is a reminder that life isnt meant to be so hard and tough. It is meant to be a journey full of ups and downs, which we need to enjoy just like we enjoy a roller-coaster ride. Yes, easier said than done, but it is possible. Life is actually so simple according to me that I didnt need to write a big book. Its possible for each one of us to enjoy this life if we understand what is happening at the root level and how to make the necessary changes. I have also written the book in a conversational manner. This way, I feel I can connect more to my reader and vice versa. The book is actually all about the conversations I had with myself and so I have tried my best not to lose the honesty and simplicity of the conversation. This book can be used as a tool book whenever the reader feels the need to simplify or understand what is happening around them.

Die japanische "Candlestick Methode", ist nicht nur eine der ältesten

und umstrittensten Arten der technischen Analyse, sondern auch eine äußerst erfolgreiche Methode zur Darstellung von Kursverläufen - vorausgesetzt, sie wird richtig angewandt. Sie wird bei jungen Händlern zwar immer beliebter, aber aufgrund der verwirrenden Terminologie verstehen sie häufig nicht, wie man sie richtig einsetzt und ihre Möglichkeiten voll ausschöpft. "Profitable Candlestick Trading" stellt deshalb eine Verbindung her zwischen althergebrachtem Wissen und moderner Praxis. Autor Stephen Bigalow erläutert aber nicht nur WAS Candlestick Charts sind, sondern auch WIE sie funktionieren, wie man sie liest und wie man sie zur Gewinnmaximierung nutzt. Auf diese Weise gewinnt der Leser einen detaillierten Einblick in die Funktionsweise dieser ebenso einfachen wie eleganten und leicht zu erlernenden Analysemethode. Mit zahlreichen Beispielen aus der Praxis, darunter auch einige von Bigalows erfolgreichen Candlestick-basierten Handelsprogrammen, mit denen seine Kunden in führenden amerikanischen und internationalen Finanzunternehmen außergewöhnliche Erfolge erzielt haben. "Profitable Candlestick Trading" ist das bislang einzige Buch auf dem Markt, das dem Leser wirklich zeigt, wie man Candlestick Charting in ein komplettes Handelsprogramm integriert. Einfach, verständlich und praxisnah!

Ajax applications should be open yet secure. Far too often security is added as an afterthought. Potential flaws need to be identified and addressed right away. This book explores Ajax and web application security with an eye for dangerous gaps and offers ways that you can plug them before they become a problem. By making security part of the process from the start, you will learn how to build secure Ajax applications and discover how to respond quickly when attacks occur. Securing Ajax Applications succinctly explains that the same back-and-forth communications that make Ajax so responsive also gives invaders new opportunities to gather data, make creative new requests of your server, and interfere with the communications between you and your customers. This book presents basic security techniques and examines vulnerabilities with JavaScript, XML, JSON, Flash, and other technologies -- vital information that will ultimately save you time and money. Topics include: An overview of the evolving web platform, including APIs, feeds, web services and asynchronous messaging Web security basics, including common vulnerabilities, common cures, state management and session management How to secure web technologies, such as Ajax, JavaScript, Java applets, Active X controls, plug-ins, Flash and Flex How to protect your server, including front-line defense, dealing with application servers, PHP

and scripting Vulnerabilities among web standards such as HTTP, XML, JSON, RSS, ATOM, REST, and XDOS How to secure web services, build secure APIs, and make open mashups secure

Securing Ajax Applications takes on the challenges created by this new generation of web development, and demonstrates why web security isn't just for administrators and back-end programmers any more. It's also for web developers who accept the responsibility that comes with using the new wonders of the Web.

A beautifully illustrated guide to creating a home interior free from clutter and the joy of keeping things simple. A beautifully illustrated guide to creating a home interior free from clutter and the joy of keeping things simple. The simple home is calm and uncluttered, with each item carefully chosen. It ' s in tune with the current desire to buy well-made, well-designed items that will grow old gracefully, and to create homes that are sustainable and stylish. This doesn ' t mean a minimalist home—it ' s about living in comfort in a carefully considered space. The Philosophy of the simple home explores Mark and Sally Bailey ' s design ethos. Their

Colour scheme is inspired by nature to create a feeling of tranquillity. Materials are reclaimed or reused, and ethically sourced. Calm reigns in the simple home—a haven from the stresses of life. Craft embraces the artisan ’ s skill and the pleasure of owning items that will last. Recycling furniture and materials will give your home an air of individuality, with old and new objects living happily alongside each other. Comfort is paramount, with cosy textiles and warm wood. A rediscovery of old-fashioned Natural Cleaning methods will nurture your home—try the Baileys ’ own recipes for cleaning products without harsh chemicals. Furniture is sustainable, with clever storage to hide necessities. Finally, Curating Your Home looks at ways to make your space into your very own museum of cherished possessions. The Baileys then turn to simple Spaces, showing you how to create welcoming yet practical Entrances and Hallways, versatile, convivial Cooking and Eating spaces and supremely comfortable Living spaces. Bedrooms are soothing places with possessions tucked neatly away, while Bathrooms are functional yet warm. Workrooms are a joy to furnish with rescued desks and fittings from old offices or former factories. Above all, the Baileys urge you to surround yourself solely with the objects that you really love and to enjoy the beautiful calm of an uncluttered home.

Are you too busy to pay much attention to your money? Do you worry that maybe you haven't been doing the right things? This book is for you, from Jane Bryant Quinn, the most trusted voice in personal finance today. Her classic bestseller, Making the Most of Your Money, guided a generation toward smart and sensible financial choices. Here she strips away the extras, choosing the best financial ideas and products available today. They're all you need to create a successful and long-lasting financial plan. It's money management the No Worry way. To start with, she tells you to forget all the complicated stuff the financial industry sells. You don't need it, it costs too much, and some of it is downright bad. It's designed to make the banks, brokers, and insurance companies rich, not you. The best ideas (a super-short list!) are simple, low in cost, and easy to use. They're also sophisticated and smart. The strategies shown here are followed by some of the most successful planners and money managers around today, yet they're something everyone can understand. They'll give you what you need from your money -- regular savings, financial security, long-term investment growth, personal control, and best of all, peace of mind. Once you've set up a No Worry plan, you won't have to pay much attention to it. The choices you'll find here are all good ones. All you have to do is arrange for automatic payments and contributions and then get on with the rest of your busy life. You can focus your energies on your job, family, leisure, and friends, secure in the knowledge that your finances are okay. Here's what you'll do on the No Worry plan: Save more money without feeling pinched Get rid of debt the automatic way Keep yourself safe, with the right amount of insurance at the lowest cost Zero in on the right mortgage, every time Pick the best college savings plan for your kids Understand your finances, in ways you never did before Find the smartest and simplest ways of investing money, to earn superior returns over the long run The investment ideas alone will open your eyes to the newest strategies for accumulating wealth (without making big mistakes!). Jane Bryant Quinn will change the way you think about money. She has the answers busy people need.

Video Marketing is literally on fire! Embrace the Power and Potential of Video Marketing And use this medium to catapult your web business to the next level. Check out on “ Video Marketing Made Simple For Business Owners ” Finally, you have this once in lifetime opportunity to get your hands on the video marketing tools & Strategies that are generating million dollar revenues . Businesses invest a lot of time determining who their target demographic is, and for good reason. When a business knows which demographic is buying and using their product, it ’ s going to be easier to market to that demographic. Middle-aged women are going to respond to ads differently than millennials; and what one group finds engaging and interesting, another may not. So it ’ s important for businesses to understand what demographic they are targeting so they get the marketing just right for them. But, businesses don ’ t have to go to such trouble when they ’ re using video marketing because video marketing reaches every demographic and is interesting to every demographic. And this is because men and women, and people of every age, love video. As long as it ’ s interesting and creative, people will like a video regardless of their background or history. This can be a bonus for businesses that know who their demographic is, simply because more people will share it and like it, even if they don ’ t make up part of the business ’ demographic. But it ’ s also especially good news for businesses with a shifting demographic, or for those that don ’ t know how makes up their demographic. That happens sometimes when a business changes directions or changes their product or service slightly, and then they have to start back at square one with their marketing efforts. But when a business has already created videos as part of their marketing plan, they don ’ t have to change a thing because those videos will already be suitable for every demographic. Imagine one type of marketing that appeals to every single demographic. It seems too good to be true, but it ’ s not. That type of marketing is video marketing, and reaching every demographic is just one very good reason why every business should be investing in it.
