The Desiring Modes of Being Black Church Publishing, Inc. In an era which many now recognise as ‘ post-secular ’, the role that religions play in shaping gender identities and relationships has been awarded a renewed status in the study of societies and social change. In both the Global South and the Global North, in the 21st century, religiosity is of continuing significance, not only in people ’ s private lives and in the family, but also in the public sphere and with respect to

political and legal systems. The Routledge Handbook of Religion, Gender and Society is an outstanding reference source to these key topics, problems and debates in this exciting subject area. Comprising over 40 chapters by a team of international contributors, the Handbook is divided into 3 parts: Critical debates for religions, gender and society: theories, concepts and methodologies Issues and themes in religions, gender and society Contexts and locations Within these sections, central issues, debates and problems are examined, including activism, gender analysis, intersectionality and feminism, oppression and liberation, equality, bodies and embodiment, space and place, leadership and authority, diaspora and migration, marriage and the family, generation and aging, health and reproduction, education, violence and conflict, ecology and climate change and the role of social media. The Routledge Handbook of Religion, Gender and Society is essential reading for students and researchers in religious

studies and gender studies. The Handbook will also be very useful for those in related fields, such as cultural studies, area studies, politics, sociology, anthropology and history.

From the Heart Oxford University Press

A critique of theory through literature that celebrates the diversity of black being, *The Desiring Modes of Being Black* explores how literature unearths theoretical blind spots while reasserting the legitimacy of emotional turbulence in the controlled realm of reason that rationality claims to establish. This approach operates a critical shift by examining psychoanalytical texts from the literary perspective of black desiring subjectivities and experiences. This combination of psychoanalysis and the politics of literary interpretation of black texts helps determine how contemporary African American and black literature and queer texts come to defy and challenge the racial and sexual postulates of psychoanalysis or indeed any theoretical system that intends to define race, gender and sexualities. *The Desiring Modes of Being Black* includes essays on James Baldwin, Sigmund Freud, Melvin Dixon, Essex Hemphill, Assotto Saint, and Rozena Maart. The metacritical reading they unfold interweaves African American culture, Fanonian and Caribbean thought, South African black consciousness, French theory, psychoanalysis, and gender and queer studies.

The Super Ridiculous False Narrative of Race Oxford University Press

Black and Asian Theatre in Britain is an unprecedented study tracing the history of 'the Other' through the ages in British theatre. The diverse and often contradictory aspects of this history are expertly drawn together to provide a detailed background to the work of African, Asian, and Caribbean diasporic companies and practitioners. Colin Chambers examines early forms of blackface and other representations in the sixteenth century, through to the emergence of black and Asian actors, companies, and theatre groups in their own right. Thorough analysis

uncovers how they led to a flourishing of black and Asian voices in theatre at the turn of the twenty-first century. Figures and companies studied include: Ira Aldridge Henry Francis Downing Paul Robeson Errol John Mustapha Matura Dark and Light Theatre The Keskidee Centre Indian Art and Dramatic Society Temba Edric and Pearl Connor Tara Arts Yvonne Brewster Tamasha Talawa. *Black and Asian Theatre in Britain* is an enlightening and immensely readable resource and represents a major new study of theatre history and British history as a whole. Chapter 1 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution-Non Commercial-No Derivatives (CC-BY-NC-ND) 4.0 license.

Hop on Pop Univ. of Manitoba Press

How could the same person be classified by the US census as black in 1900, mulatto in 1910, and white in 1920? The history of categories used by the US census reflects a country whose identity and self-understanding--particularly its social construction of race--is closely tied to the continuous polling on the composition of its population. By tracing the evolution of the categories the United States used to count and classify its population from 1790 to 1940, Paul Schor shows that, far from being simply a reflection of society or a mere instrument of

power, censuses are actually complex negotiations between the state, experts, and the population itself. The census is not an administrative or scientific act, but a political one. Counting Americans is a social history exploring the political stakes that pitted various interests and groups of people against each other as population categories were constantly redefined. Utilizing new archival material from the Census Bureau, this study pays needed attention to the long arc of contested changes in race and census-making. It traces changes in how race mattered in the United States during the era of legal slavery, through its fraught end, and then during (and past) the period of Jim Crow laws, which set different ethnic groups in conflict. And it shows how those developing policies also provided a template for classifying Asian groups and white ethnic immigrants from southern and eastern Europe--and how they continue to influence the newly complicated racial imaginings informing censuses in the second half of the twentieth century and beyond. Focusing in detail on slaves and their descendants, on racialized groups and on immigrants, and on the troubled imposition of U.S. racial categories upon the populations of newly acquired territories, Counting Americans demonstrates that census-taking in the United States has been at its core a political undertaking shaped by racial ideologies that reflect its violent history of colonization, enslavement, segregation and discrimination.

Black and Asian Theatre In Britain Rowman & Littlefield

This exciting and much-anticipated Second Edition of *Interracial Communication: Theory into Practice* guides readers in applying the valuable contributions of recent communication theory to improving everyday communication among the races. Authors Mark P. Orbe and Tina M. Harris offer a comprehensive, practical foundation for dialogue on interracial communication, as well as a

resource that stimulates thinking and encourages readers to become active participants in the solution process. Part I of the book provides a foundation for studying interracial communication and includes chapters on the history of race and racial categories, the importance of language, the development of racial and cultural identities, and current and classical theoretical approaches. Part II applies these concepts and theories to interracial communication practices in specific, everyday contexts: friendships; romantic relationships; organizational, public, and group settings; and the mass media.

Fire in the Heart Richmond Kobe

As if crime and race in the US were not volatile enough issues independently, there is their explosive interface. This is the territory staked out by Russell (criminology and criminal justice, U. of Maryland), who probes racial stereotypes (some perpetuated by "scientific racism"), the hoaxes they have spawned, differing views of police actions by race, and affirmative race law. A public-police contact survey and case summaries of recent racial hoaxes are appended. Annotation copyrighted by Book News, Inc., Portland, OR

The Heart Is Unknown Country Routledge

From whalers and traders marrying into Maori families in the early 19th century to the growth of interracial marriages in the later 20th, *Matters of the Heart* unravels the long history of interracial relationships in New Zealand. It encompasses common law marriages and Maori customary marriages, alongside formal arrangements recognized by church and state, and shows how public policy and private life were woven together. It also explores the gamut of official

reactions—from condemnation of interracial immorality or racial treason to celebration of New Zealand's unique intermarriage patterns as a sign of its progressive attitude toward race relations. This social history focuses on the lives and experiences of real Maori and Pakeha people and reveals New Zealand's changing attitudes to race, marriage, and intimacy.

Raising Biracial Children Newman Springs Publishing

In the past few years, a new generation of progressive intellectuals has dramatically transformed how law, race, and racial power are understood and discussed in America. Questioning the old assumptions of both liberals and conservatives with respect to the goals and the means of traditional civil rights reform, critical race theorists have

presented new paradigms for understanding racial injustice and new ways of seeing the links between race, gender, sexual orientation, and class. This reader, edited by the principal founders and leading theoreticians of the critical race theory movement, gathers together for the first time the movement's most important essays. -- Back cover.

Black and African-American Studies Oxford University Press

Hop on Pop showcases the work of a new generation of scholars—from fields such as media studies, literature, cinema, and cultural studies—whose writing has been informed by their ongoing involvement with popular culture and who draw insight from their lived experiences as critics, fans, and consumers. Proceeding from their deep political commitment to a new kind of populist grassroots politics, these writers challenge old modes of studying the everyday. As they rework traditional scholarly language, they search for new ways to write about our complex and compelling engagements with the politics and pleasures of popular culture and sketch a new and lively vocabulary for the field of cultural studies. The essays cover a wide and colorful array of subjects including pro wrestling, the computer games *Myst* and *Doom*, soap operas, baseball card collecting, the Tour de France, karaoke, lesbian desire in the *Wizard of Oz*, Internet fandom for the series *Babylon 5*, and the stress-management industry. Broader themes examined include the origins of popular culture, the aesthetics and politics of performance, and the social and cultural processes by which objects and practices are deemed tasteful or tasteless. The commitment that binds the contributors is to an emergent perspective in cultural studies, one that engages with popular culture as the culture that "sticks to the skin," that becomes so much a part of us that it becomes increasingly difficult to examine it from a distance. By refusing to deny or rationalize their own often contradictory

identifications with popular culture, the contributors ensure that the volume as a whole reflects the immediacy and vibrancy of its objects of study. Hop on Pop will appeal to those engaged in the study of popular culture, American studies, cultural studies, cinema and visual studies, as well as to the general educated reader. Contributors. John Bloom, Gerry Bloustein, Aniko Bodroghkozy, Diane Brooks, Peter Chvany, Elana Crane, Alexander Doty, Rob Drew, Stephen Duncombe, Nick Evans, Eric Freedman, Joy Fuqua, Tony Grajeda, Katherine Green, John Hartley, Heather Hendershot, Henry Jenkins, Eithne Johnson, Louis Kaplan, Maria Koundoura, Sharon Mazer, Anna McCarthy, Tara McPherson, Angela Ndalians, Edward O'Neill, Catherine Palmer, Roberta Pearson, Elayne Rapping, Eric Schaefer, Jane Shattuc, Greg Smith, Ellen Strain, Matthew Tinkhom, William Uricchio, Amy Villarego, Robyn Warhol, Charles Weigl, Alan Wexelblat, Pamela Robertson Wojcik, Nabeel Zuberi

Toward Interracial Cooperation LIT Verlag Münster

A Comprehensive Guide to Building and Sustaining Meaningful Relationships ?Love is a language that transcends boundaries, and it's a journey that we all partake in at some point in our lives. Yet, despite being an almost universal experience, navigating the path of love is often fraught with confusion, hurt, and misunderstanding. In this convoluted labyrinth of emotions and experiences, having a guide can make all the difference. That's what this book, "From the Heart: A Comprehensive Guide to Building and Sustaining Meaningful Relationships," aims to be - your guide, mentor, and companion in your journey of love. Drawing from my own experiences as a counselor and pastor, the wisdom of experts in the field, and teachings from the Bible, I have endeavored to create a resource that will help you

understand and nurture the relationships in your life. Whether you're single and looking to find the right partner, or in a relationship and looking to deepen your bond, this book has something for you. With chapters dedicated to various aspects of dating and relationships - from understanding your own emotional needs to effective communication, from setting healthy boundaries to resolving conflicts - this book provides comprehensive guidance to navigate the intricacies of love and companionship. However, it's important to remember that each relationship is unique, as is each individual. While this book provides a wide array of advice and strategies based on extensive experience and research, you must adapt the advice given to your unique circumstances and relationship dynamics. What works for one person may not work for another, and that's okay. Above all, remember that love is a journey, not a destination. The lessons you'll learn and the growth you'll experience along the way are just as valuable as the ultimate goal of a healthy, fulfilling relationship. So take your time, be patient with yourself and your partner, and remember to enjoy the journey. With that in mind, I invite you to dive into this book, open your heart, and embark on your journey of understanding, growth, and love. As you traverse this path, remember the wisdom in Proverbs 3:5-6, "Trust in the Lord with all your heart, and lean not on your own understanding; in all your ways acknowledge Him, and He will make your paths straight." I hope that "From the Heart" serves as a reliable compass, leading you to a more fulfilling love life and deeper, more meaningful relationships.

Learning

An ethnographic analysis of the racial consciousness of white transracial women who have established families and had children with black men of African Caribbean heritage in the United Kingdom.

Terror in the Heart of Freedom Rowman & Littlefield

The year 2000 was the first time the US Census permitted respondents to choose more than one race. Although the US has long recognized that a “mixed-race” population exists, the contemporary “multiracial population” presents different questions and implications for today’s diverse society. This book is the first overview to bring a systematic critical race lens to the scholarship on mixedness. Avoiding the common pitfall of conflating “mixed” with “multiracial,” the book reveals how identity forms and fluctuates such that people with mixed heritage may identify as mixed, monoracial, and/or multiracial throughout their lives. It analyzes the dynamic and various manifestations of mixedness, including at the global level, to reveal its complex impact on both the structural and individual levels.

Multiracialcritically examinestopics such as family dynamics and racial socialization, multiraciality in media and popular culture, and intersections of race, gender, class, and sexual orientation. Integrating diverse theories, qualitative research, and national-level data, this accessible and engaging book is essential for students of race and those looking to understand the new field of multiraciality.

Why Black Men Love White Women Univ of North Carolina Press

What, precisely, is the clash over race in the 1990s, and does it support the

charge of a new racism? Here is a brilliant articulation of what has happened, of how racial issues have become entangled with politics--the process of negotiating who gets what through government action. We now have to understand and cope with a politics of race.

Matters of the Heart Liverpool University Press

At the Heart of Work and Family presents original research on work and family by scholars who engage and build on the conceptual framework developed by well-known sociologist Arlie Russell Hochschild. These concepts, such as "the second shift," "the economy of gratitude," "emotion work," "feeling rules," "gender strategies," and "the time bind," are basic to sociology and have shaped both popular discussions and academic study. The common thread in these essays covering the gender division of housework, childcare networks, families in the global economy, and children of consumers is the incorporation of emotion, feelings, and meaning into the study of working families. These examinations, like Hochschild's own work, connect micro-level interaction to larger social and economic forces and illustrate the continued relevance of linking economic relations to emotional ones for understanding contemporary work-family life.

A White Side of Black Britain NYU Press

From the winner of The President Joseph R. Biden Lifetime Achievement Award, a spiritual guide to restoring yourself from racial trauma and committing to the long work of dismantling racism. In her work as Executive Director of the Absalom Jones Center for Racial Healing, Meeks has fought tirelessly to shed light on racism and provide tools and experiences to enable faith communities to work to combat it. In this new book, she shares highlights and insights from her journey and offers a much-needed meditative guide for the weary and frustrated. By looking inward and at each other clearly, she argues, good people of all backgrounds can forge a long term and individual path to making a difference. With personal stories and thoughtful direction, she takes the reader on the trajectory from self-awareness to

recognition of the past to a new and individual way forward. Meditation phenomenon, as well as analyzing the influence of the entertainment topics include how to work through fear and rage, how stories can help industry, exposing stereotypes, and assessing the global implications of heal, honoring your ancestors while looking toward the future, what it black and white relationships. really means to love one another and the meaning of social justice.

Counting Americans Springer

American Routes provides a comparative and historical analysis of the migration and integration of white and free black refugees from nineteenth century St. Domingue/Haiti to Louisiana and follows the progress of their descendants over the course of two hundred years. The refugees reinforced Louisiana's tri-racial system and pushed back the progress of Anglo-American racialization by several decades. But over the course of the nineteenth century, the ascendance of the Anglo-American racial system began to eclipse Louisiana's tri-racial Latin/Caribbean system. The result was a racial palimpsest that transformed everyday life in southern Louisiana.

White refugees and their descendants in Creole Louisiana succumbed to pressure to adopt a strict definition of whiteness as purity that conformed to standards of the Anglo-American racial system. Those of color, however, held on to the logic of the tri-racial system which allowed them to inhabit an intermediary racial group that provided a buffer against the worst effects of Jim Crow segregation. The St. Domingue/Haiti migration case foreshadows the experiences of present-day immigrants of color from Latin-America and the Caribbean, many of whom chafe against the strictures of the binary U.S. racial system and resist by refusing to be categorized as either black or white. The St. Domingue/Haiti case study is the first of its kind to compare the long-term integration experiences of white and free black nineteenth century immigrants to the U.S. In this sense, it fills a significant gap in studies of race and migration which have long relied on the historical experience of European immigrants as the standard to which all other immigrants are compared.

Black World/Negro Digest Duke University Press

A provocative, candid study of the romantic relationships between white women and black men offers a psychological explanation for the
