A headstrong girl. A stray cat. A wild boy. A man who plays with fire. Eleven-year-old Zoë trusts no one. Her father left before she was born. At the death of her irresponsible mother, Zoë goes to live with her uncle, former surgeon and famed metal sculptor Dr. Henry Royster. She's sure Henry will fail her as everyone else has. Reclusive since his wife's death, Henry takes Zoë to Sugar Hill, North Carolina, where he welds sculptures as stormy as his moods. She warms to Henry's odd but devoted friends, meets a mysterious teenage boy living wild in the neighboring woods, and works to win the trust of a feral cat while struggling to trust in anyone herself. In this ALA Notable Children's Book and Kirkus Reviews Best Children's Book of the Year, Zoë's questing spirit leads her to uncover the wild boy's identity, lay bare a local lie, and begin to understand the true power of Henry's art. Since the publication of his classic *Outside Over There* in 1981, Maurice Sendak's book illustrations have focused on interpreting the texts of such authors as James Marshall, Tony Kushner, Wilhelm Grimm, Ruth Krauss, Herman Melville, and Mother Goose. And beginning in 1980, with his sets and costumes for *The Magic Flute*, Sendak launched a busy second career as the designer of stage productions of opera and ballet. Now comes *Bumble-Ardy*, the first book he has written as well as illustrated in thirty years. *Bumble-Ardy* has evolved from an animated segment for *Sesame Street* to a glorious picture book about a mischievous pig who reaches the age of nine without ever having a birthday party. But all that changes when *Bumble-Ardy* throws a party for himself and invites all his friends, leading to a wild masquerade that quickly gets out of hand. In this highly anticipated picture book, Sendak once again explores the exuberance of young children and the unshakable love between parent (in this case, an aunt) and child.

It doesn't matter that times are tough; together they'll roam the hills of the Ozarks. Soon Billy and his hounds become the finest hunting team in the valley. Stories of their great achievements spread throughout the region, and the combination of Old Dan's brawn, Little Ann's brains, and Billy's sheer will seems unbeatable. "If you've been looking for something different to level up your health, fitness, and personal growth, this is it." —Melissa Urban, Whole30 CEO and New York Times bestselling author Discover the evolutionary mind and body benefits of living at the edges of your comfort zone and reconnecting with the wild. In many ways, we're more comfortable than ever before. But could our sheltered, temperature-controlled, overfed, underchallenged lives actually be the leading cause of many of our most urgent physical and mental health issues? In this gripping investigation, award-winning journalist Michael Easter seeks out off-the-grid visionaries, disruptive genius researchers, and mind-body conditioning trailblazers who are unlocking the life-enhancing secrets of a counterintuitive solution: discomfort. Easter's journey to understand our evolutionary need to be challenged takes him to meet the NBA's top exercise scientist, who uses an ancient Japanese practice to build championship athletes; to the mystical country of Bhutan, where an Oxford economist and Buddhist leader are showing the world what death can teach us about happiness; to the outdoor lab of a young neuroscientist who's found that nature tests our physical and mental endurance in ways that expand creativity while taming burnout and anxiety; to the remote Alaskan backcountry on a demanding thirty-three-day hunting expedition to experience the rewilding secrets of one of the last rugged places on Earth; and more. Along the way, Easter uncovers a blueprint for leveraging the power of discomfort that will dramatically improve our health and happiness, and perhaps even help us understand what it means to be human. *The Comfort Crisis* is a bold call to break out of your comfort zone and explore the wild within yourself.

In *Wild Things* Jack Halberstam offers an alternative history of sexuality by tracing the ways in which wildness has been associated with queerness and queer bodies throughout the twentieth century. Halberstam theorizes the wild as an unbounded and unpredictable space that offers sources of opposition to modernity's orderly impulses. Wildness illuminates the normative taxonomies of sexuality against which radical queer practice and politics operate. Throughout, Halberstam engages with a wide variety of texts, practices, and cultural imaginaries—from zombies, falconry, and M. NourbeSe Philip's *Zong!* to Maurice Sendak's *Where the Wild Things Are* and the career of Irish anticolonial revolutionary Roger Casement—to demonstrate how wildness provides the means to know and to be in ways that transgress Euro-American notions of the modern liberal subject. With *Wild Things*, Halberstam opens new possibilities for queer theory and for wild thinking more broadly.

'Simply the best British novel I've read this century' David Peace 'Will stay in my head forever...a fantastic book' The Tablet 'A maverick project that defies comparison' Metro At a bus stop in south London, black teenager Eldine Matthews is murdered by a racist gang. Twenty years later, L Troop's top boys - models of vice, deviance and violence - are far beyond justice. There are some people the law will not touch. But Eldine's murder is not forgotten. His story is once again on everyone's lips and the streets of south London; a story of police corruption and the elimination of witnesses. A solicitor, a rent boy, a one-eyed comedian and his minder are raising ghosts; and Carl Hyatt, disgraced reporter, thinks he knows why. There's one man linking this crew of rambunctious dandies and enchanting thugs, and it's the man Carl promised never to challenge again: Mulhall, kingpin of London's rotten heart and defender of L Troop's racist killers. Carl must face up to the morality of retribution and the reality of violence knowing that he is the weak link in the chain; and that he has placed everyone he loves within Mulhall's reach. The Treatment is steeped in London's criminal past, its shadows of corruption and institutional racism. Like a seventeenth-century revenge tragedy, its characters reel from the streets, bars and brothels, hyperarticulate and propelled by wild justice.
