Singing For Dummies Springer Nature
PayPal offers a wide range of payment technologies, but it ' s not always clear which is the best choice for a website. This book gets under the hood to show you how the different technologies work, how to choose the right solution, and how to implement it - complete with real-world examples. The book shows developers how to integrate PayPal directly into websites to make use of its payment technologies. This allows developers, no matter what language they program in, to build shopping carts or similar channel products with PayPal as a payment option. The book is written by a PayPal employee with great knowledge of the technology.

This previously published book (May 2017) and international bestselling book was written by Jason Miller to inspire people to explore entrepreneurship. Jason has helped hundreds of people reclaim their comfort zones in life. Jason spent twenty-three years in the military, so he didn't just start out on top. He worked most of his life in the "employee mindset" but knew there had to be a better way. Jason has had the opportunity to be mentored by some of the best in the industry, which is how he took a business from making a few hundred dollars a day to thousands of dollars a day. Think of this book as Jason's guide to business. Secrets that have worked for him to create a long-term and sustainable

business on the internet. If you step outside your comfort zone, reclaim your life and become the CEO of your own destiny, then you will truly live your most optimal lifestyle. Are you in the 3% who will take the leap?
