overhead. But when she opens her eyes, the figure has vanished... When the body of a man is found in the dense forest surrounding Black Rock Falls, Sheriff Jenna Alton immediately sees disturbing similarities with a past case—the same murder weapon, the remote beauty spot, and the way the victim is perched against a tree with no sign of a struggle. But the killer in that case was jailed for life. Jenna suspects a copycat killer and her fears are confirmed when, during the town's Halloween festival, the bodies of two tourists are found further down the remote trail. They too had been hunted down and

murdered in another picturesque spot and all Jenna can hope is that the man behind bars can help her catch the twisted monster behind these new deaths. As she comes face to face with the vicious murderer who has haunted her dreams for years, she is sure he knows more than he's telling her. Looking deep into Jenna's eyes, as if they're two old friends catching up, he promises to take his final revenge on her for locking him up. But before she can learn more, he is dragged away by prison guards. When a sudden emergency call takes Jenna and her deputy David Kane deep into the woods, Jenna

senses something is very wrong about the situation. As a strange calmness falls over the forest, a familiar face emerges from the shadows. Will this killer be the one who finally takes down Sheriff Alton, and can they make it out of the forest alive? She doesn't know I'm there, watching her in the mirror. She slides her hand under her blouse. And then I see something impossible. She isn't

pregnant... She bursts into my life like a storm, and nothing is the same again. She seems so perfect, with her lilting laugh and her beautiful face. One by one, I watch as my friends fall under her spell. Only I seem to suspect something. Only I see that her smiles don't reach her cold, furious eyes. And when I'm accused of things I didn't do, when my home is vandalized, I know she's behind it. But she only lets her mask slip when no one is looking, so if I say anything, I'll look crazy. So when the baby shower comes around I'm there, sitting on a velvet sofa in a posh hotel

Have you always wanted to become an author writing

fiction, but don't know where to start? This How To Guide box set on novel writing is perfect for beginners needing the basics AND seasoned writers looking to dramatically improve their writing skills. MAKING DESCRIPTION WORK HARD FOR YOU Description in a novel can be as dry as bone dust or read like a laundry list. But done right, description can draw the reader deeper into a character's point of view and deeper into the story. Using description to achieve deep point of view is one of the most powerful tools in an author's toolbox. Learn how to use description to achieve

---

deep point of view and to create stories and characters readers will remember long after the last page is turned. GOING DEEP INTO DEEP POINT OF VIEW Have you ever read a book that grabbed you on the first page and pulled you through the whole book almost nonstop to the end? Did you have a difficult time putting it down? Did you lose sleep, miss your train or bus stop or put off work so you could stay in the world the author created? If you answered yes to all or most of the above questions then the author did his or her job. How did he do it? He used deep point of view.

Deep POV is achieved when the writer so fully immerses the reader into the character's head and heart that the writer virtually disappears, drawing the reader deeper into the story. In this book, you'll learn about the different kinds of POV, choosing the right POV for your scene, when, how, and why to shift POV, how to achieve deep point of view, and more. SOME LIKE IT HOT: WRITING SEX AND ROMANCE Romance is everywhere even in blockbuster movies like Terminator and Star Wars. Strong romantic plots drove TV shows like Castle, Moonlighting, and Cheers to top

ratings. It was the sexual tension that viewers tuned in each week to find out if this would be the episode they finally acted on their attraction or not. Twitter blew up when Sheldon and Amy finally kissed on *The Big Bang Theory*, then blew up all over again when they consummated their relationship. Writing romance and sex can be tricky. You're not writing a how-to manual after all. In this book you'll learn how to create sexual tension, how to write sex scenes, and how to plot a romance that will have readers staying up until the wee hours to finish and closing your novel on a happy sigh.
