BUILDER, THE MAGAZINE OF THE NATIONAL ASSOCIATION OF HOME BUILDERS, MAY 1988 MacMillan Publishing Company

The entanglements of people and data, code and space, knowledge and power: how data and algorithms shape the world—and shape us within that world. With the emergence of a post-truth world, we have witnessed the dissolution of the common ground on which truth claims were negotiated, individual agency enacted, and public spheres shaped. What happens when, as Nietzsche claimed, there are no facts, but only interpretations? In this book, Mark Shepard examines the entanglements of people and data, code and space, knowledge and power that have produced an uncommon ground—a disaggregated public sphere where the extraction of behavioral data and their subsequent processing and sale have led to the emergence of micropublics of ever-finer granularity. Shepard explores how these new post-truth territories are propagated through machine learning systems and social networks, which shape the public and private spaces of everyday life. He traces the balkanization and proliferation of online news and the targeted distribution of carefully crafted information through social media. He examines post-truth practices, showing how truth claims are embedded in techniques by which the world is observed, recorded, documented, and measured. Finally, he shows how these practices play out,

at scales from the translocality of the home to the planetary reach of the COVID-19 pandemic—with stops along the way at an urban minimarket, an upscale neighborhood for the one percent, a Toronto waterfront district, and a national election.

Universal Design Consensus Group Inc.

Nearly every child dreams of becoming the most popular kid in school, but not all are able to fight and claw their way to the top. *Revenge of the Drama Queen* relates the story of a precocious fourth grader who is not only the most popular kid at Beth Shalom School for the Gifted and the lead in the school's annual Purim play, "The Whole Megillah," but is also one hell of a snazzy dresser. Set in Miami Beach long before the megafamous made it their domain, this is the story of a little superstar who hits the heights by taking the lead as Queen Esther, the iconic heroine of Jews everywhere, and gains a rather formidable enemy in the process. Through public confrontations and secret plots, *Revenge of the Drama Queen* shows just how low grade-schoolers are willing to go in their attempts to become the most popular and influential kid in school.
