Novel by Elizabeth

The beloved New York
Times bestseller from

acclaimed author Eleanor Brown about three sisters who love each other, but just don't happen to like each other very much. Three sisters have returned to their childhood home, reuniting the eccentric Andreas family. Here, books are a passion (there is no problem a library card can't solve) and TV is something other people watch. Their father—a professor of

Shakespeare who speaks almost exclusively in verse—named them after the Bard's heroines. It's a lot to live up to. The sisters each have a hard time communicating with their parents and their lovers, but especially with one another. What can the shy homebody eldest sister, the fast-living middle child, and the bohemian youngest sibling have in common? Only that none has

found life to be what was expected; and now, faced with their parents' frailty and their own personal disappointments, not even a book can solve what ails them...
Girl's Guide to Witchcraft
Harlequin
A town gripped by fear. A woman accused of witchcraft. Who can save Pale Harbor from itself? Maine, 1846.
Gabriel Stone is desperate to escape the ghosts that haunt him in Massachusetts after his wife 's death, so he moves to

Maine, taking a position as a minister in the remote village of Pale Harbor. But not all is as it seems in the sleepy town. Strange, unsettling things have been happening, and the townspeople claim that only one person can be responsible: Sophronia Carver, a reclusive widow who lives with a spinster maid in the eerie Castle Carver. Sophronia must be a witch, and she almost certainly killed her husband. As the incidents escalate, one thing becomes clear: they are the work of a twisted person inspired by the wildly popular stories of Mr. Edgar Allan Poe. And Gabriel must find answers, or Pale Harbor will suffer a fate worthy of Poe's darkest tales. Hester Fox comes to writing from a background in the museum field as a collections maintenance technician. This job has taken her from historic houses to fine art museums, where she has the privilege of cleaning and caring for collections that range from paintings by old masters to ancient artifacts to early-American furniture. She is a keen painter and has a master's degree in historical archaeology, as well as a background in medieval studies and art history. Hester lives outside Boston with her husband. Don't miss Hester Fox's next novel, *THE BOOK OF THORNS*, where two sisters who never knew the other existed meet on opposite sides during the Napoleonic Wars and must use the magic of flowers to solve the mystery of their mother's death—while surviving the war raging around them... Isabelle describes the scene at school with bemused accuracy--the self-important (but really not bad) English teacher, the boy that is constantly fixated on Ashley Barnum, the prettiest girl in class, and the dynamics of the lunchroom, where tables are turf in a all-eyes-open awareness of everybody's relative social position. But everything is not normal, really. Since the death of her father, Isabelle's family has only functioned on the surface. Her mother, who used to take care of herself, now wears only lumpy, ill-fitting clothes, cries all night, and has taken every picture of her dead husband and put them under her bed. Isabelle tries to make light of this, but the underlying tension is expressed in overeating and then bingeing. As the novel opens, Isabelle's little sister, April, has told their mother about Isabelle's problem. Isabelle is enrolled in group therapy. Who should show up there, too, but

song was a blessing of peace and prosperity. But the Firebird disappeared, and Lyrica is now terrorized by the evil Spectress who wields her powers from within a volcano. All that remains is a mysterious message scrawled on the castle wall in the Queen's own hand: Wind. Woman. Thief. Young Prewitt has only known time without the Firebird,

a life of constant cold, as his village is afraid to tempt the volcano monsters with even the feeblest fire. But he has heard whispers that the kingdom's princess survived the attack . . . and he is certain that if he can find her, together they can save Lyrica. Princess Calliope has no memories beyond living on her barge on the underground lake. But as she

Determined to decipher the meaning of her mother's strange message and find the Firebird, Calliope and Prewitt set off on a quest that puts them in more danger than either of them ever

anticipated.
