White Crow is a tough book to like. On paper it seems that this would have been an incredible read, whereas in reality, it struggles with pace. As a huge fan of Marcus Sedgwick I couldn't help but feel disappointed in the narratives. It was a book that tried to be something it isn't, and that's a thriller.

WHITE CROW is a deliciously dark, gothic tale of obsession, good versus evil, friendship and love. The story centres around Winterfold Hall and a young girl called Rebecca. In the late 1700's, Winterfold Hall belonged to a man who became obsessed with following one line of knowledge; the knowledge of what happens to us after death.

Marcus Sedgwick is one, and he does it again with White Crow. The pacing is rather slow as the author slips back and forth between present day and 1798, but the slow pacing is offset by the suspense that builds mercilessly as we learn of the Lovecraftian horrors that occurred in the small village of Winterfold in the 1700's.
