Littleton, Colo : Libraries Unlimited

From bestselling author L A Cotton, comes a forbidden age-gap romance. Angst... drama... friendship... and football. Will you survive senior year? Peyton Myers has always been the life of the party. But behind her smile and sass is a girl lost and alone, searching for her place in the world. Xander Chase has always been on the outside looking in. But behind his cool indifference and hard exterior is a guy afraid to open his heart to anyone. When he saves Peyton from a tragic accident, their lives are entwined forever. But Xander's not the hero of her story... no matter how much she wants him to be. She's a girl with her whole life ahead of her. He's a guy who is drifting through life.

And although these two lost souls might be able to heal each other, there's one glaring problem. She's still in high school... And completely forbidden.

Bank 4.0 Simon and Schuster Catherine is forced to choose the life she really wants: the big-city lawyer or the small town cowgirl with two men who want to take her for a very dirty ride. Her life's in New York. The property she's inherited is in Bridgewater, Montana. Going back to the town she visited every summer as a child stirs up long forgotten memories and a girlhood crush, on not one teen-turned-hot-cowboy, but two. Jack and Sam. Fortunately for her, in Bridgewater, one cowboy's never enough.

The future of banking is already here — are you ready?
Bank 4.0 explores the radical transformation already taking place in banking, and follows it to its logical conclusion. What will banking look like in 30 years? 50 years? The world's best banks have been forced to adapt to changing consumer behaviors; regulators are rethinking friction, licensing and regulation; Fintech startups and tech giants are redefining how banking fits in the daily life of consumers. To survive, banks are having to develop new capabilities, new jobs and new skills. The future of banking is not just about new thinking around value stores, payment and credit utility — it's embedded in

voice-based smart assistants like Alexa and Siri and soon smart glasses which will guide you on daily spending and money decisions. The coming Bank 4.0 era is one where either your bank is embedded in your world via tech, or it no longer exists. In this final volume in Brett King's BANK series, we explore the future of banks amidst the evolution of technology and discover a revolution already at work. From re-engineered banking systems, to selfie-pay and self-driving cars, Bank 4.0 proves that we're not on Wall Street anymore. Bank 4.0 will help you: Understand the historical precedents that flag a fundamental rethinking in banking Discover low-friction, technology experiences that undermine the products we sell today Think through the evolution of identity, value and assets as cash and cards become obsolete Learn how Fintech and tech "disruptors" are using behaviour, psychology and technology to reshape the economics of banking Examine the ways in which blockchain, A.I., augmented reality and other leading-edge tech are the real building blocks of the future of banking systems If you look at individual technologies or startups disrupting the space, you might miss the biggest signposts to the future and you might also miss that most of we've learned about banking the last 700 years just isn't

useful. When the biggest bank in the world isn't any of the names you'd expect, when branch networks are a burden not an asset, and when advice is the domain of Artificial Intelligence, we may very well have to start from scratch. Bank 4.0 takes you to a world where banking will be instant, smart and ubiquitous, and where you'll have to adapt faster than ever before just to survive. Welcome to the future.

Fundamentals of Management Routledge

Alex 'Hawk' James has a sordid and violent past, one that, in part, leaves him the single father of a little girl. His only solace is the world he's made within the Dogs of Fire Motorcycle Club. Payton Williams has everything under control. Her neat little world is as she has made it and she's happy with the life she's leading. But when a chance encounter with a gorgeous biker upends her tidy plans, she finds herself confronting things she'd been happy to gloss over... until now. Will Hawk and Payton's different worlds collide in chaos, or will they come together and heal the wounds of the past? Will a threat from someone out of Hawk's past destroy the trust he and Payton

Clear explanations supplemented by examples and case studies define how the theory works, why it works, what issues are resolved, and what benefits accrue, and demonstrate how TOC can be applied to different industries and situations. Theory of Constraints Handbook covers: Critical Chain Project Management for realizing major improvements in delivering

projects on time, to specification, and within budget Drum-Buffer-Rope (DBR), Buffer Management, and distribution for maximizing throughput and minimizing flow time Performance measures for applying Throughput Accounting to improve organizational performance Strategy, marketing, and sales techniques designed to increase sales closing rates and Throughput Thinking Processes for simple and complex environments TOC methods to ensure that services actions support escalating demand for services while retaining financial viability Integrating the TOC Thinking Processes, the Strategy and Tactic Tree, TOC measurements, the Five Focusing Steps of TOC, and Six Sigma as a system of tools for sustainable improvement How to Sell Yourself Bantam Press Ltd Domestic Central Heating Wiring Systems and Controls Routledge Loyalty Unplugged Macmillan Higher Education From the New York Times Bestselling Author and Co-Star of Fox's American Grit comes a rare and powerful book on the art of being a

sniper. Way of the Reaper is a step-by-step accounting of how a sniper works, through the lens of Irving's most significant kills - none of which have been told before. Each mission is an in-depth look at a new element of eliminating the enemy, from intel to luck, recon to weaponry. Told in a thrilling narrative, this is also a heart-pounding true story of some of The Reaper's boldest missions including the longest shot of his military career on a human target of over half a mile. In Iraq and Afghanistan, Nick Irving earned his nickname in blood, destroying the enemy with his sniper rifle and in deadly firefights behind a .50 caliber machine gun. He engaged a Taliban suicide bomber during a vicious firefight, used nearly silent sub-sonic ammo, and was the target of snipers himself. Way of the Reaper attempts to place the reader in the heat of battle, experiencing the same dangers, horrors and acts of courage Irving faced as an elite member of the 3rd Ranger Battalion, 75th Ranger Regiment, while also examining the personal ramifications of taking another life. Readers will experience the rush of the hunt and the dangers that all

snipers must face, while learning what it takes to become an elite manhunter. Like the Reaper himself, this explosive book blazes new territory and takes no prisoners.

Loyalty is dead, or is it?
Loyalty Unplugged: How to Get, Keep & Grow All Four Generations definitively answers this question. We reframe the concept of loyalty against the design and execution of people strategies, demonstrating that the goal should be

employee engagement, not loyalty. The generations in the workplace Traditionalist, Baby Boomer, Gen X and Gen Y possess unique identities which they translate into different workplace behaviors. Loyalty Unplugged clarifies how to get, keep and grow your human capital by layering on a generational perspective. To create an engaged workforce, your organization must be engaged. We reveal how to demonstrate the characteristics of organizational engagement in all people strategies. Giselle Kovary and Adwoa K. Buahene, the co-founders of n-gen People Performance Inc. have written this book based on over three years of research and client work. It is a comprehensive reference guide for all leaders responsible for recruiting, retaining and developing top talent. This book tackles the why, what, and how to, within recruitment, orientation, total rewards programs, employee brand promises, career pathing, performance management, learning and development, mentoring, succession planning and management practices.
