You know what? What? Chicken butt! The classic schoolyard joke has been recast as an irreverent picture book, with call-and-response parts for parent and child. The word repetition in Erica S. Perl's text, and wonderfully comic illustrations by beloved artist Henry Cole, make this a particularly inviting book for new readers, as does the opportunity to "trick†? a parent or other adult into participating in a very silly joke. The humor builds to a surprising and satisfying conclusion. Warning: Kids will want to read this one over and over and over again! "An unhinged piece of slap-happy rhyming...rocket-propelled artwork...the romp is a powerful piece of cacophony, more frenetic by the moment.†?—Kirkus Reviews

Butts Wildlife Picture Books

One of Esquire's 20 Best Books of Fall • One of Time's Most Anticipated Books of Fall "A deeply thought, rigorously researched, and riveting history of human butts. Radke knows

exactly when to approach her subject with levity and when with gravity. A pitch perfect debut.” —Melissa Febos, bestselling author of *Girlhood* and *Body Work* Whether we love them or hate them, think they’re sexy, think they’re strange, consider them too big, too small, or anywhere in between, humans have a complicated relationship with butts. It is a body part unique to humans, critical to our evolution and survival, and yet it has come to signify so much more: sex, desire, comedy, shame. A woman’s butt, in particular, is forever being assessed, criticized, and objectified, from anxious self-examinations trying on jeans in department store dressing rooms to enduring crass remarks while walking down a street or high school hallways. But why? In *Butts: A Backstory*, reporter, essayist, and RadioLab contributing editor Heather Radke is determined to find out. Spanning nearly two centuries, this “whip-smart” (Publishers Weekly, starred review) cultural history takes us from the performance halls of 19th-century London to the aerobics studios of the 1980s, the music video set of Sir Mix-a-Lot’s “Baby Got Back” and the mountains of Arizona, where every year humans and horses race in a feat of gluteal endurance. Along the way, she meets evolutionary biologists who study how butts first developed; models whose measurements have defined jean sizing for millions of women; and the fitness gurus who created fads like “Buns of Steel.” She also examines the central importance of race through figures like Sarah Bartmann, once known as the “Venus Hottentot,” Josephine Baker, Jennifer Lopez, and other women of color whose butts have been idolized, envied, and despised. Part deep dive reportage, part personal journey, part cabinet of curiosities, *Butts* is an

entertaining, illuminating, and thoughtful examination of why certain silhouettes come in and out of fashion—and how larger ideas about race, control, liberation, and power affect our most private feelings about ourselves and others.

Erica S. Perl and Henry Cole team up once again to deliver spot-on humor with their unforgettable chicken character. In this cheeky (sorry!) sequel to the wildly fun *Chicken Butt!*, the young jokester and his chicken muse are back, but this time they're trying to trick Mom. She thinks she has caught on to the gag, but as she distractedly does the grocery shopping, she falls victim to a flurry of jokes using homonyms and homophones—words such as "dear" and "deer," and "which" and "witch." Wordplay has never been so much fun. Like *Chicken Butt!*, this story encourages children to participate in a call-and-response reading format that reinforces their reading skills. Praise for *Chicken Butt's Back!* "Coles' tickled-pink cartoonish artwork gets right into the mix, the chocolate chip to the cookie dough. The denouement is so merrily explosive that just to imagine the shrieking voices of a read-aloud is mightily cheering." –Kirkus Reviews "Cole's kinetic, acrylic and colored pencil cartoons strike the right tone of mild disobedience." –Publishers Weekly "Fans of *Chicken Butt!* are going to love this sequel. This is the kind of book that siblings will beg to read to each other, especially since it's set up for two voices." –School Library Journal

Happy Home Wildlife Picture Books

Green Eggs and Ham meets Everyone Poops in this laugh-out-loud story that asks—and answers—the burning question in every kid's life. Does a scarecrow have a butt? Yep, you stuff him with a straw one. And does a crayon have a butt? Nope, but it can surely draw one. This silly, funny, clever book will be

the most quoted text in all of elementary school. Over the course of a long walk across a city, one curious kid needs to know: "Does it have a butt?" Everything from sheep to ghosts to dinosaurs is subjected to this all-important question, and Dad is a never-ending source of answers. On a laugh-out-loud father-child ramble, we come to see that every butt, from a bullfrog's to a zombie's, has its own distinctive, and distinctively hilarious, quality. **LAUGH-OUT-LOUD FUNNY:** It's impossible to find a kid who doesn't giggle at the word "butt." The repetition of the word, the varied assortment of butts, and the clever rhymes make this a book that both parents and children will return to over and over again. **A SNEAKY WAY TO TEACH ABOUT CONTEXT:** The book isn't simply a repetition of one joke or word. Instead, it offers a crafty way of talking about what things mean in different contexts. **SILLY AND SWEET, NOT GROSS:** Butt jokes can potentially cross a line and become offensive or insensitive, but the tone and choices throughout this book are sweet and innocent, making it a unique, accessible option for parents and educators who want to normalize the asking of difficult questions. **COUNT THE BUTTS!** This book will change how you see the world: Not only will you start wondering about all inanimate objects' butts, you'll start seeing them everywhere! There are nearly 200 butts in the illustrations that aren't even mentioned in the text. Keen-eyed young readers will delight in the most hilarious seek-and-find they could ever imagine! Perfect for: • Parents • Grandparents • Educators and librarians • Fans of funny books
