I Am Not a Tractor! celebrates the courage, vision, and creativity of the farmworkers and community leaders who have transformed one of the worst agricultural situations in the United States into one of the best. Susan L.

Marquis highlights past abuses workers suffered in Florida's tomato fields: toxic pesticide exposure, beatings, sexual assault, rampant wage theft, and even, astonishingly, modern-day slavery. Marquis unveils how, even without new legislation, regulation, or government participation, these farmworkers have dramatically improved their work conditions. Marquis credits this success to the immigrants from Mexico, Haiti, and Guatemala who formed the Coalition of Immokalee Workers, a neuroscience major who takes great pride in the watermelon crew he runs, a leading farmer/grower who was once homeless, and a retired New York State judge who volunteered to stuff envelopes and ended up building a groundbreaking institution. Through the Fair Food Program that they have developed, fought for, and implemented, these people have changed the lives of more than thirty thousand field workers. I Am Not a Tractor! offers a range of solutions to a problem that is rooted in our nation's slave history and that is worsened by ongoing conflict over immigration.

How Poetry Changed a Group of At-Risk Young Women Knopf Books for Young Readers

Outspoken critic Jessa Crispin delivers a searing rejection of contemporary feminism . . . and a bracing manifesto for revolution. Are you a feminist? Do you believe women are human beings and that they deserve to be treated as such? That women deserve all the same rights and liberties bestowed upon men? If so, then you are a feminist . . . or so the feminists keep insisting. But somewhere along the way, the movement for female liberation sacrificed meaning for acceptance, and left us with a banal, polite, ineffectual pose that barely challenges the status quo. In this bracing, fiercely intelligent manifesto, Jessa Crispin demands more. Why I Am Not A Feminist is a radical, fearless call for revolution. It accuses the feminist movement of obliviousness, irrelevance, and cowardice—and demands nothing less than the total dismantling of a system of oppression. Praise for Jessa Crispin, and The Dead Ladies Project "I'd follow Jessa Crispin to the ends of the earth." --Kathryn Davis, author of Duplex "Read with caution . . . Crispin is funny, sexy, self-lacerating, and politically attuned, with unique slants on literary criticism, travel writing, and female journeys. No one crosses genres, borders, and proprieties with more panache." --Laura Kipnis, author of Men: Notes from an Ongoing Investigation "Very, very funny. . . . The whole book is packed with delightfully offbeat prose . . . as raw as it is sophisticated, as quirky as it is intense." --The Chicago Tribune

Grab the best seat in the house with this funny, touching picture book about a giraffe who keeps being mistaken for a chair! From the acclaimed author-illustrator of There's a Giraffe in My Soup, Ross Burach, comes a curious tale about finding one's courage and standing up for oneself. Full of vibrant and playful illustrations and hilariously absurd logic, kids will want to read it again and again. Could there be anything worse for Giraffe? Maybe being sat on by a skunk or smooshed by two hapless hippos, or worst of all—cornered by a hungry lion? No one seems to notice that Giraffe is not standing around just to be sat upon. Will he be able to find his voice and make his friends realize who he really is?

Comedy legend Johnny Leland has called in his chips. He's organizing a charity telethon and needs TV cop Richard Belzer to cohost. Not one to let down an old friend -- much less the guy who gave him his start in stand-up comedy -- The Belz gets ready to head out to Las Vegas for the headlining event when he receives a mysterious phone call. Twenty-six years ago, beautiful starlet Bridget Burgeon was found dead in her Hollywood apartment. Sleeping pills, the coroner ruled, but many questioned whether her relationship with handsome, up-and-coming California congressman Mark Kaye played a role. Kaye's death in a tragic auto accident put an end to any investigation but not to the speculation.

Conspiracy theorists have been working overtime ever since, and Paul Venchus, an old newspaper colleague whom Richard hasn't seen in thirty years, claims to have made a breakthrough in the case. A well-known conspiracy theorist himself, The Belz can't resist hearing him out and agrees to meet. When Venchus turns up dead and a wacky, self-proclaimed female psychic shows up at his hotel in Vegas insisting that Belzer continue their investigation, he reluctantly relents. Relying on The Belz's TV

cop know-how and celebrity status, they begin to piece together a series of mysterious deaths that, while rooted a quarter of a century in the past, present some very real dangers in the present. As the bodies start piling up, Belzer finds a legendary hit man hot on his trail and must utilize all of his talents not only to pull off a successful telethon but to solve one of our history's most scandalous conspiracies before his Vegas stint becomes his closing act.

Life is good. You have a job, an apartment in a nice part of town, and an online dating profile that's recently yielded as many as three matches. From the outside, it would appear you're a human man who has all the elements of a stable and functional life. But you also have a horrible secret. You're not a human man at all. You're a WOLF. Assume the role of one of nature's greatest predators, just barely maintaining a fake identity as a part of the human workforce. Each choice you make in this interactive story is crucial to your survival and, more importantly, your burgeoning graphic design career. Will you navigate water-cooler gossip without arousing suspicion? Can you go on a date without bringing up how much you love ham? Or is it perhaps time to throw this human life to the wind and return to the woods from whence you came? These choices and many, many more await you in I AM NOT A WOLF.

Evelyn is lots of things. Circus performer. Antarctic explorer. I'm not. Here is the perfect book for children who feel like their outgoing friend is oh-so-talented . . . and they're not. Our shy narrator lists all the things that her best friend, Evelyn, is good at—from jumping on the bed to roller skating really fast. Luckily, Evelyn points out what makes her so special: she's a one-of-a-kind true blue best friend. Robert Weinstock's hilarious illustrations wonderfully complement Pam Smallcomb's simple text, perfect for young children. This sweet depiction of friendship shows—in a completely fresh, original way—that everyone is special.

When eight-year-old Irene is removed from her First Nations family to live in a residential school she is confused, frightened, and terribly homesick. She tries to remember who she is and where she came from, despite the efforts of the nuns who are in charge at the school and who tell her that she is not to use her own name but instead use the number they have assigned to her. When she goes home for summer holidays, Irene's parents decide never to send her and her brothers away again. But where will they hide? And what will happen when her parents disobey the law? Based on the life of co-author Jenny Kay Dupuis' grandmother, I Am Not a Number is a hugely necessary book that brings a terrible part of Canada's history to light in a way that children can learn from and relate to.

Alzheimer's - just a word, but one which conjures a whole range of emotions and thoughts - none of them positive. But how do we know? We are easily fooled. When you look in a mirror you do not see reality. For some, Alzheimer's disease is a subject only mentioned in passing; for others, experiencing the profound effects it can have becomes a devastating reality. All are aware of its devastating outcome, but this is a novel about life, not death. Or rather, two lives: Beth is based on fact - only the names have been changed to protect the guilty. Betsy's story is a mixture of imagination and wishful thinking. "Just its name brings anxiety and alarm: Alzheimer's. Sometimes, in my darker moods, I consider the future heredity possibilities: even going so far as to estimate the time I have left. A countdown to slow oblivion." I Am Not There broadens the concept of near death, out-of-body experiences, providing a different, positive perspective on illness, life and death, and what may occur afterwards. It will appeal to anyone dealing with terminal illness or questioning the meaning of death. "The last week of my grandmother's life gave me absolute belief in an afterlife. There were moments when I knew that she was not there and I took this one step further, to look at what happens to spirits in between life and death," says Ginny, who was adopted by her grandmother, and who she cared for during the last ten years of her life after a diagnosis of Alzheimer's disease. Ginny is determined that her grandmother's achievements should not be overshadowed by her disease.

I am Not a Brain HarperCollins

When enough of the world comes at you, telling you you're nothing, you believe. You become what you believe. You become until the pain of becoming is too great to bear. You constantly ask yourself: What if I don't know the answer? What if I'm wrong? What if they know I'm wrong? What if they laugh? What if fearing failure makes you fail? You're faced with a choice. To stay. Or to change. Or to end. If you're lucky, enough love begins seeping through, lighting a path to change. This is the story of I Am NOT, a memoir of triumph over verbal and emotional abuse, bullying, disordered eating, and societal norms. A journey of self-deprecation and the promise of continued growth. An anecdotal warning of the challenges kids, teens, and adults still face today.

Reasons why I am not a Member of the Bible Society. Second edition Simon and Schuster

Many consider the nature of human consciousness to be one of the last great unsolved mysteries. Why should the light turn on, so to speak, in human beings at all? And how is the electrical storm of neurons under our skull connected with our consciousness? Is the self only our brain's user interface, a kind of stage on which a show is performed that we cannot freely direct? In this book, philosopher Markus Gabriel challenges an increasing trend in the sciences towards neurocentrism, a notion which rests on the assumption that the self is identical to the brain. Gabriel raises serious doubts as to whether we can know ourselves in this way. In a sharp critique of this approach, he presents a new defense of the free will and provides a timely introduction to philosophical thought about the self - all with verve, humor, and surprising insights. Gabriel criticizes the scientific image of the world and takes us on an eclectic journey of self-reflection by way of such concepts as self, consciousness, and freedom, with the aid of Kant, Schopenhauer, and Nagel but also Dr. Who, The Walking Dead, and Fargo.

I am not a poet! That is what I keep telling myself anyway! A poet is someone that takes the literary form very seriously and it would appear that I tend to be quite the opposite. I just enjoy playing around with words to create something enjoyable to read, something to make people laugh, something to make you think or just say "what was that?". Who cares as long as it provokes a reaction? Yes, sometimes they are a bit of fun, sometimes a bit grim, sometimes thought provoking, but at the end of the day what poetry should be? Entertaining! I have been writing "poems" and rhymes for quite a few years now and I didn't realise how many I'd done until I put them altogether in one place This book is the result of that. There is quite a variety and hopefully something for everyone. There is no theme or message I'm looking to put across, no particular order to read them in and no agenda but for you to take pleasure in the power of words, whatever order they come in! Enjoy!

A Mourning Mother, a Group of Girls and the Power of Rehabilitative Poetry After the death of her child, a grief-stricken psychotherapist volunteers as a poetry teacher at a residential treatment facility for "delinquent" girls. Here, their mutual support nourish and enrich each other, though not without large quantities of drama and recalcitrance. For fans of the acclaimed movies Stand and Deliver and The Freedom Writers Diary comes I Am Not a Juvenile Delinquent: How Poetry Changed a Group of At-Risk Young Women. Learning to let go of grief and loss. The death of a child and the subsequent quest for coping strategies is hardly a new story. For psychotherapist, teacher, and writer Sharon L. Charde, a decade of writing therapy with young women helped her let go of much of her grief, or at least to learn how to carry it differently. This is her account of her journey. Writing poetry is writing therapy. Compelling, appealing, poignant and often hilarious, I Am Not a Juvenile Delinquent chronicles the passion that grew for pushing voices out into the world. As Sharon and the girls share their losses through weekly writing, they came to realize their unlimited potential and poetic talents. Healing from trauma. Healing can come in surprising ways across age and social class, as it did for both the girls and Sharon. But what happens when Sharon finally grasps that the most challenging experiences are the best teachers? Narrated in five parts, the book also contains poems written by the girls, as well as excerpts from their writing, Sharon's son's writing, and her own. If you have read books such as Why are All the Black Kids Sitting Together in the Cafeteria?, For White Folks Who Teach in the Hood, The Freedom Writers Diary, Between the World and Me, So You Want to Talk about Race, or Reviving Ophelia; you will love I Am Not a Juvenile Delinquent: How Poetry Changed a Group of At-Risk Young Women.

Tenzin Phuntsok was brought to India from his homeland, Tibet, at the tender age of nine. He respects this decision of his elders, though he has left his mother back home, and has never been able to meet her again. Growing up in India under the care of his uncle and the school authorities, who stand in for the parents of such refugee children, he is happy enough in India, his foster home. However, being the child of a freedom fighter, he never forgets his roots, and is very conscious of his Tibetan identity. My Name Is Tenzin, I Am Not Chinese is a first person narrative of this young Tibetan's experiences as a college student in Chennai. Written in an easy conversational style, the story is rich with humor that cloaks the poignancy of an uprooted

youth's life in a place which is poles apart from his Himalayan homeland. The book also provides a well-researched insight into the academic opportunities in Chennai.

One secret.Eight cryptic words.Lifetimes of ruin. Wayland Maynard is just eight years old when he sees his father kill himself, finds a note that reads I am not who you think I am, and is left reeling with grief and shock. Who was his father if not the loving man Wayland knew? Terrified, Wayland keeps the note a secret, but his reasons for being afraid are just beginning. Eight years later, Wayland makes a shocking discovery and becomes certain the note is the key to unlocking a past his mother and others in his town want to keep buried. With the help of two friends, Wayland searches for the truth. Together they uncover strange messages scribbled in his father's old books, a sinister history behind the town's most powerful family, and a bizarre tragedy possibly linked to Wayland's birth. Each revelation raises more questions and deepens Wayland's suspicions of everyone around him. Soon, he'll regret he ever found the note, trusted his friends, or believed in such a thing as the truth. I Am Not Who You Think I Am is an ingenious, addictive, and shattering tale of grief, obsession, and fate as eight words lead to lifetimes of ruin.
