Poets must read and study, but also they must learn to tilt and whisper, shout, or dance, each in his or her own way, or we might just as well copy the old books. But, no, that would never do, for always the new self swimming around in the old world feels itself uniquely verbal. And that is just the point: how the world, moist and bountiful, calls to each of us to make a new and serious response. That's the big question, the one the world throws at you every morning. 'Here you are, alive. Would you like to make a comment?' This book is my comment.--from the Foreword.

God of Dirt Open Road + Grove/Atlantic

Coinciding with the 200th anniversary of the publication of *Frankenstein* in 1818, a prize-winning poet delivers a major new biography of Mary Shelley—as she has never been seen before. We know the facts of Mary Shelley's life in some detail—the death of her mother, Mary Wollstonecraft, within days of her birth; the upbringing in the house of her father, William Godwin, in a house full of radical thinkers, poets, philosophers, and writers; her elopement, at the age of seventeen, with Percy Shelley; the years of peripatetic travel across Europe that followed. But there has been no literary biography written this century, and previous books have ignored the real person—what she actually thought and felt and why she did what she did—despite the fact that Mary and her group of second-generation Romantics were extremely interested in the psychological aspect of life. In this probing narrative, Fiona Sampson pursues Mary Shelley through her turbulent life, much as Victor Frankenstein tracked his monster across the arctic wastes. Sampson has written a book that finally answers the question of how it was that a nineteen-year-old came to write a novel so dark, mysterious, anguished, and psychologically astute that it continues to resonate two centuries later. No previous biographer has ever truly considered this question, let alone answered it.

A Thousand Mornings Little, Brown Books for Young Readers

Kurt Vonnegut's masterpiece, *Slaughterhouse-Five* is "a desperate, painfully honest attempt to confront the monstrous crimes of the twentieth century" (Time). Selected by the Modern Library as one of the 100 best novels of all time *Slaughterhouse-Five*, an American classic, is one of the world's great antiwar books. Centering on the infamous World War II firebombing of Dresden, the novel is the result of what Kurt Vonnegut described as a twenty-three-year struggle to write a book about what he had witnessed as an American prisoner of war. It combines historical fiction, science fiction, autobiography, and satire in an account of the life of Billy Pilgrim, a barber's son turned

draftee turned optometrist turned alien abductee. As Vonnegut had, Billy experiences the destruction of Dresden as a POW. Unlike Vonnegut, he experiences time travel, or coming “unstuck in time.” An instant bestseller, *Slaughterhouse-Five* made Kurt Vonnegut a cult hero in American literature, a reputation that only strengthened over time, despite his being banned and censored by some libraries and schools for content and language. But it was precisely those elements of Vonnegut’s writing—the political edginess, the genre-bending inventiveness, the frank violence, the transgressive wit—that have inspired generations of readers not just to look differently at the world around them but to find the confidence to say something about it. Authors as wide-ranging as Norman Mailer, John Irving, Michael Crichton, Tim O’Brien, Margaret Atwood, Elizabeth Strout, David Sedaris, Jennifer Egan, and J. K. Rowling have all found inspiration in Vonnegut’s words. Jonathan Safran Foer has described Vonnegut as “the kind of writer who made people—young people especially—want to write.” George Saunders has declared Vonnegut to be “the great, urgent, passionate American writer of our century, who offers us . . . a model of the kind of compassionate thinking that might yet save us from ourselves.” More than fifty years after its initial publication at the height of the Vietnam War, Vonnegut’s portrayal of political disillusionment, PTSD, and postwar anxiety feels as relevant, darkly humorous, and profoundly affecting as ever, an enduring beacon through our own era’s uncertainties.

Devotions *Why I Wake Early* A volume of poetry by the acclaimed author of *Owls and Other Fantasies* features forty new poems that continue to express her fascination and love affair with the natural world. Reprint. 25,000 first printing. *Why I Wake Early* In this stunning collection of new poems, Mary Oliver returns to the imagery that has defined her life’s work, describing with wonder both the everyday and the unaffected beauty of nature. Herons, sparrows, owls, and kingfishers flit across the page in meditations on love, artistry, and impermanence. Whether considering a bird’s nest, the seeming patience of oak trees, or the artworks of Franz Marc, Oliver reminds us of the transformative power of attention and how much can be contained within the smallest moments. At its heart, *Blue Horses* asks what it means to truly belong to this world, to live in it attuned to all its changes. Humorous, gentle, and always honest, Oliver is a visionary of the natural world.
