As eighteen-year-old Cheryl Hunter escapes rural Colorado for the bright lights of Europe, she does so with nothing more than an over-packed suitcase and a dream. Once there, her mind is bent on solving one problem alone: how does a small-town cowgirl pull off the feat of becoming an

international supermodel? When Cheryl is abducted, raped and brutally beaten instead, she is faced with solving a much bigger problem: how does she survive? Using her journey of rising from the ashes as fuel, Hunter delivers a step-by-step method that can be applied by anyone who has ever dealt with less-than-favorable circumstances. In a world where—let’s face it—life often hijacks our personal agendas, Cheryl shows you how to immediately take back the reins, design a life you love, and become the unstoppable force of nature you were born to be.

**Soul Relenter (Soul Saga #3)** Rogue Books  
A New York Times bestseller and enduring classic, *All About Love* is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. *All About Love* reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in *All About Love*. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers

---

a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The Utne Reader declared bell hooks one of the "100 Visionaries Who Can Change Your Life." All About Love is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

She certainly doesn't expect to wind up in a coffin. The #1 New York Times bestseller by Senator Al Franken, author of *Giant of the Senate* Senator Al Franken's landmark bestseller, *Lies (And the Lying Liars Who Tell Them): A Fair and Balanced Look at the Right*, was praised as a "bitterly funny assault" (The New York Times) that rang "with the moral clarity of an angel's trumpet" (The Associated Press). Now, this master of political humor strikes again with a powerful and provocative message for all of us. In these pages, Senator Franken reveals the alarming story of how: • Bush (barely) beat Kerry

---

with his campaign of “ fear, smear, and queers, ” and then claimed a nonexistent mandate. • “ Casino Jack ” Abramoff, the Republicans ’ nearest and dearest friend, made millions of dollars off of the unspeakable misery of the poor and the powerless. And, also, Native Americans. • The administration successfully implemented its strategy to destroy America ’ s credibility and goodwill around the world. Complete with new material for this paperback edition, The Truth (with jokes) is more than just entertaining, intelligent, and insightful. It is at once prescient in its analysis of right-wing mendacity and incompetence, and inspiring in its vision of a better tomorrow for all Americans (except Jack Abramoff).

Imagine what it would be like to go back in time to the 15th century Venice. And imagine what it would be like to meet your lifelong hero, Michelangelo. And imagine what it would be like if, on first meeting, you spill a tray of pasta and wine on that very same hero. Well, that's what happens to serious young artist Mark Breen. As the result of a drunken bet, Mark knocks out a painting of a toilet bowl. Much to his amazement, he sells it. In short order he's hailed as the new Andy Warhol and becomes an overnight sensation-and a very wealthy man. Soon, images of his toilet bowls are on more t-shirts, mugs,

and calendars than Edvard Munch's The Scream. His friend and mentor, Hugh Connelly, afraid that Mark is in danger of losing his "artistic soul," advises him to go back to Italy and reacquaint himself with the "old masters." In Venice, Mark falls in love with Alexandra, a beautiful art restorer, but it's a one-sided affair. One night, hoping to win her over, he climbs up on a roof to find out who painted her favorite fresco. He falls off the roof and wakes up in 15th century Venice where he meets an innkeeper named Francesca, who looks exactly like Alexandra. And it gets curiouser and curiouser from there. During his stay-which is sometimes zany and sometimes frightening-he meet his hero, Michelangelo, who teaches him the true meaning of art.

Cynthia Kaplan takes us on a hilarious and sometimes heartbreaking journey through her unique, uncensored world—her bungled romantic encounters and unsung theatrical experiences; her gadget-obsessed father, her pill-popping therapist, and her eccentric grandmothers; her fearless husband, whom she engages in an ongoing battle over which of them is the most popular person in their apartment; and, of course, her vengeful, power-hungry one-year-old son. Kaplan's voice is a lot like the one in our heads—the one that most of us are only willing to listen to late at night . . . maybe while locked in a closet. What a relief it is that someone finally admits that she is afraid of nearly

everything; that she is jealous even of people whose lives are on the verge of collapse; and that she has, at times, tried to pass for a gentile.

This collection of true narratives reflects the dynamism and diversity of nurses, who provide the first vital line of patient care. Here, nurses remember their first “sticks,” first births, and first deaths, and reflect on what gets them through long, demanding shifts, and keeps them in the profession. The stories reveal many voices from nurses at different stages of their careers: One nurse-in-training longs to be trusted with more “important” procedures, while another questions her ability to care for nursing home residents. An efficient young emergency room nurse finds his life and career irrevocably changed by a car accident. A nurse practitioner wonders whether she has violated professional boundaries in her care for a homeless man with AIDS, and a home care case manager is the sole attendee at a funeral for one of her patients. What connects these stories is the passion and strength of the writers, who struggle against burnout and bureaucracy to serve their patients with skill, empathy, and strength.
