Our book servers hosts in multiple countries, allowing you to get the most less latency time to download any of our books like this one.

Merely said, the Why Not Women A Fresh Look At Scripture On In Missions Ministry And Leadership Loren Cunningham is universally compatible with any devices to read

To Be Or Not to Be? Penguin

Is Reading the Bible the Fastest Way to Lose Your Faith? For centuries, the Bible was called "the Good Book," a moral and religious text that guides us into a relationship with God and shows us the right way to live. Today, however, some people argue the Bible is outdated and harmful, with many Christians unaware of some of the odd and disturbing things the Bible says. Whether you are a Christian, a doubter, or someone exploring the Bible for the first time, bestselling author Dan Kimball guides you step-by-step in how to make sense of these difficult and disturbing Bible passages. Filled with stories, visual illustrations, and memes reflecting popular cultural objections, *How (Not) to Read the Bible* is a lifeline for individuals who are confused or discouraged with questions about the Bible. It also works great as a small-group study or sermon series.

Railway Carmen's Journal Rowman & Littlefield Publishers

Author Jennifer Rothschild has a story for you. It's about an unlikely couple, an unusual courtship, a beautiful wedding, and an illicit affair. Despite this situation, the marriage did not fail. It flourished. Here is the story of Hosea's love for Gomer—a woman who might have disappeared into her transgressions if not for the love of her husband. It's a beautiful illustration of the story of God and Israel. Believe it or not, it's your story too. God chose you and loves you. If you wander off, He will find you. If you are afraid, He will reassure you. If you are broken, He will restore you. If you are ashamed, He will cover you. If you give up on Him, He will not give up on you. No matter where you are, God sees who you are and loves you faithfully. Through the story of Hosea and Gomer, God tenderly reaches out to you and whispers, "My daughter, my name and nature are love. My name makes you lovely. Because I am worthy, I make you worthy. I am here to remind you of who you are. You are never invisible to me."

Not Less Than Everything Ballantine Books

Reproduction of the original: *Mobilizing Woman-Power* by Harriot Stanton Blatch

A Woman Is No Man Canongate Books

The groundbreaking classic that explores how women can and should negotiate for parity in their workplaces, homes, and beyond When Linda Babcock wanted to know why male graduate students were teaching their own courses while female students were always assigned as assistants, her dean said: "More men ask. The women just don't ask." Drawing

on psychology, sociology, economics, and organizational behavior as well as dozens of interviews with men and women in different fields and at all stages in their careers, *Women Don't Ask* explores how our institutions, child-rearing practices, and implicit assumptions discourage women from asking for the opportunities and resources that they have earned and deserve—perpetuating inequalities that are fundamentally unfair and economically unsound. *Women Don't Ask* tells women how to ask, and why they should.

Holy Bible (NIV) Nicholas Brealey

These are the stories of twenty women undaunted by obstacles of language, culture, distance, disease, and isolation, who mobilized from all parts of the world to share the news of Christ. They translated, nursed, taught, and evangelized, laying foundations for the modern Chinese Christian church.

Mobilizing Woman-Power Zondervan

For the first time in history, women make up half the educated labor force and are earning the majority of advanced degrees. It should be the best time ever for women, and yet... it's not. Storm clouds are gathering, and the worst thing is that most women don't have a clue what could be coming. In large part this is because the message they're being fed is that they now have it made. But do they? In *The New Soft War on Women*, respected experts on gender issues and the psychology of women Caryl Rivers and Rosalind C. Barnett argue that an insidious war of subtle biases and barriers is being waged that continues to marginalize women. Although women have made huge strides in recent years, these gains have not translated into money and influence. Consider the following: - Women with MBAs earn, on average, \$4,600 less than their male counterparts in their first job out of business school. - Female physicians earn, on average, 39 percent less than male physicians. - Female financial analysts take in 35 percent less, and female chief executives one quarter less than men in similar positions. In this eye-opening book, Rivers and Barnett offer women the real facts as well as tools for combating the "soft war" tactics that prevent them from advancing in their careers. With women now central to the economy, determining to a large degree whether it thrives or stagnates, this is one war no one can afford for them to lose.

God's Word to Women Abrams

Over half of Americans believe in a literal heaven, in a literal hell. Most people who hold these beliefs are Christian and assume they are the age-old teachings of the Bible. Ehrman shows that eternal rewards and punishments are found nowhere in the Old Testament, and are not what Jesus or his disciples taught. He recounts the long history of the afterlife, ranging from *The Epic of*

Gilgamesh up to the writings of Augustine, focusing especially on the teachings of Jesus and his early followers. Ehrman shows that competing views were intimately connected with the social, cultural, and historical worlds out of which they emerged. -- adapted from jacket

Etaf Rum's debut novel is a must-read about women mustering up the bravery to follow their inner voice." —Refinery 29 The New York Times bestseller and Read with Jenna TODAY SHOW Book Club pick telling the story of three generations of Palestinian-American women struggling to express their individual desires within the confines of their Arab culture in the wake of shocking intimate violence in their community. "Where I come from, we've learned to silence ourselves. We've been taught that silence will save us. Where I come from, we keep these stories to ourselves. To tell them to the outside world is unheard of—dangerous, the ultimate shame." Palestine, 1990. Seventeen-year-old Isra prefers reading books to entertaining the suitors her father has chosen for her. Over the course of a week, the naïve and dreamy girl finds herself quickly betrothed and married, and is soon living in Brooklyn. There Isra struggles to adapt to the expectations of her oppressive mother-in-law Fareeda and strange new husband Adam, a pressure that intensifies as she begins to have children—four daughters instead of the sons Fareeda tells Isra she must bear. Brooklyn, 2008. Eighteen-year-old Deya, Isra's oldest daughter, must meet with potential husbands at her grandmother Fareeda's insistence, though her only desire is to go to college. Deya can't help but wonder if her options would have been different had her parents survived the car crash that killed them when Deya was only eight. But her grandmother is firm on the matter: the only way to secure a worthy future for Deya is through marriage to the right man. But fate has a will of its own, and soon Deya will find herself on an unexpected path that leads her to shocking truths about her family—knowledge that will force her to question everything she thought she knew about her parents, the past, and her own future.

How (Not) to Read the Bible Monarch Books

Winner of the Frank S. and Elizabeth D. Brewer Best First Book Prize of the American Society of Church History Named a Society for U. S. Intellectual History Notable Title in American Intellectual History The story of liberal religion in the twentieth century, Matthew S. Hedstrom contends, is a story of cultural ascendancy. This may come as a surprise—most scholarship in American religious history, after all, equates the numerical decline of the Protestant mainline with the failure of religious liberalism. Yet a look beyond the pews, into the wider culture, reveals a more complex and fascinating story, one Hedstrom tells in *The Rise of Liberal Religion*. Hedstrom attends especially to the critically important yet little-studied arena of religious book culture—particularly the religious middlebrow of mid-century—as the site where religious liberalism was most effectively popularized. By looking at book weeks, book clubs, public libraries, new publishing enterprises, key authors and bestsellers, wartime reading programs, and fan mail, among other sources, Hedstrom is able to provide a rich, on-the-ground account of the men, women, and organizations that drove religious liberalism's cultural rise in the 1920s, 1930s, and 1940s. Critically, by the post-WWII period the religious middlebrow had expanded beyond its Protestant roots, using mystical and psychological spirituality as a platform for interreligious exchange. This compelling history of religion and book culture not only shows how reading and book buying were critical twentieth-century religious practices, but also provides a model for thinking about the relationship of religion to consumer culture more broadly. In this way, *The Rise of Liberal Religion* offers both innovative cultural history and new ways of seeing the imprint of liberal religion in our own times.

Paul and Gender Baker Academic

Women hold over half of all professional jobs today, yet they represent

just four percent of CEOs in the S&P 500. Even worse, that percentage has barely budged in a decade. That's where *The Influence Effect* comes in. Based on recent research by the authors of the New York Times bestseller *Break Your Own Rules*, this book begins with the premise that when it comes to political savvy, what works for men at work won't work for women. Packed with the authors' coaching insights and their "Big Five" strategies designed specifically for female executives, this book guides women to break past political barriers and get right to what they really want—influence. Authors Kathryn Heath, Jill Flynn, Mary Davis Holt, and Diana Faison make success far less complex, helping women overcome entrenched resistance to their ideas, create their own access points to power, and attract followers in a way that works for them. They present tools such as Influence Loops (to organically increase influence), Personal Scaffolding (to grow a groundswell of support), and Scenario Thinking (a savvy twist on strategic planning). These and other smart strategies finally allow women to succeed on their own terms. Illustrated with dozens of engaging, real stories culled from the authors' many years of coaching experience, *The Influence Effect* moves women past the politics problem and offers a new path to power. Actually, it's more than a path—it's a runway—it frees women to take off in their careers on their own terms. *The Influence Effect* will work for women, not because gender barriers will no longer exist, but because they will no longer hold women back.

Counting for Nothing Baker Books

In this collection of lively essays, Cynthia Enloe makes better sense of globalization and international politics by taking a deep and personal look into the daily realities in a range of women's lives. She proposes a distinctively feminist curiosity that begins with taking women seriously, especially during this era of unprecedented American influence. This means listening carefully, digging deep, challenging assumptions, and welcoming surprises. Listening to women in Asian sneaker factories, Enloe reveals, enables us to bring down to earth the often abstract discussions of the global economy. Paying close attention to Iraqi women's organizing efforts under military occupation exposes the false global promises made by officials. Enloe also turns the beam of her inquiry inward. In a series of four candid interviews and a new set of autobiographical pieces, she reflects on the gradual development of her own feminist curiosity. Describing her wartime suburban girlhood and her years at Berkeley, she maps the everyday obstacles placed on the path to feminist consciousness—and suggests how those obstacles can be identified and overcome. *The Curious Feminist* shows how taking women seriously also challenges the common assumption that masculinities are trivial factors in today's international affairs. Enloe explores the workings of masculinity inside organizations as diverse as the American military, a Serbian militia, the UN, and Oxfam. A feminist curiosity finds all women worth thinking about, Enloe claims. She suggests that we pay thoughtful attention to women who appear complicit in violence or in the oppression of others, or too cozily wrapped up in their relative privilege to inspire praise or compassion. Enloe's vitality, passion, and incisive wit illuminate each essay. *The Curious Feminist* is an original and timely invitation to look at global politics in an entirely different way.

White Women Penguin

A Coherent Pauline Theology of Gender Respected New Testament scholar Cynthia Long Westfall offers a coherent Pauline theology of gender, which includes fresh perspectives on the most controverted texts. Westfall interprets passages on women and men together and places those passages in the context of the Pauline corpus as a whole. She offers viable alternatives for some notorious interpretive problems in certain Pauline passages, reframing gender issues in a way that stimulates thinking, promotes discussion, and moves the conversation forward. As Westfall explores the significance of Paul's teaching on both genders, she seeks to support and equip males and females to serve in their area of gifting.

Invisible Harvest House Publishers

Discover the bottomless, refreshing Well of God's Word--and experience a fullness and peace beyond your circumstances. In the chaos of our everyday, it can be difficult to live out and apply the truths of Scripture. We want more of Jesus, but we find ourselves looking to our own lives and accomplishments for our worth and identity. And while that may buoy us for a time, we're often left feeling dried up, discouraged, and longing for more. Gretchen Saffles knows what it's like to feel overwhelmed and unable to flourish. In *The Well-Watered Woman*, Gretchen leads us to the Well of fullness, the Word of freedom, and the Way of fruitfulness. She teaches that God's Word will satisfy us for all eternity. Using Scripture and her own personal story of surrender, Gretchen offers spiritually hungry women tangible tools to not only know Jesus more but to live a life that thoroughly enjoys Him, seeks Him, and follows Him into freedom.

Revelation BoD – Books on Demand

USA Today Bestseller Christianity Today 2022 Book Award Finalist (History & Biography) "A powerful work of skillful research and personal insight." --Publishers Weekly Biblical womanhood--the belief that God designed women to be submissive wives, virtuous mothers, and joyful homemakers--pervades North American Christianity. From choices about careers to roles in local churches to relationship dynamics, this belief shapes the everyday lives of evangelical women. Yet biblical womanhood isn't biblical, says Baylor University historian Beth Allison Barr. It arose from a series of clearly definable historical moments. This book moves the conversation about biblical womanhood beyond Greek grammar and into the realm of church history--ancient, medieval, and modern--to show that this belief is not divinely ordained but a product of human civilization that continues to creep into the church. Barr's historical insights provide context for contemporary teachings about women's roles in the church and help move the conversation forward. Interweaving her story as a Baptist pastor's wife, Barr sheds light on the #ChurchToo movement and abuse scandals in Southern Baptist circles and the broader evangelical world, helping readers understand why biblical womanhood is more about human power structures than the message of Christ.

Women Without Superstition Zondervan

The narratives around women at midlife and older are more than just sexist and ageist; they're damaging to women's physical, emotional, financial, romantic, and sexual health. This book will help women break through those tired and hurtful stereotypes to better reflect who they are, how they live, and what they want as they age.

Why Not Women? HarperCollins

A NEW YORK TIMES BESTSELLER "The fights against hunger, homelessness, poverty, health disparities, poor schools, homophobia, transphobia, and domestic violence are feminist fights. Kendall offers a feminism rooted in the livelihood of everyday women." —Ibram X. Kendi, #1 New York Times bestselling author of *How to Be an Antiracist*, in *The Atlantic* "One of the most important books of the current moment." —Time "A rousing call to action... It should be required reading for everyone." —Gabrielle Union, author of *We're Going to Need More Wine* A potent and electrifying critique of today's feminist movement announcing a fresh new voice in black feminism Today's feminist movement has a glaring blind spot, and paradoxically, it is women. Mainstream feminists rarely talk about meeting basic needs as a feminist issue, argues Mikki Kendall, but food insecurity, access to quality education, safe neighborhoods, a living wage, and medical care are all feminist issues. All too often, however, the focus is not on basic survival for the many, but on increasing privilege for the few. That feminists refuse to prioritize these issues has only exacerbated the age-old problem of both internecine discord and women who rebuff at carrying the title. Moreover, prominent white feminists broadly suffer from their own myopia with regard to how things like race, class, sexual orientation, and ability intersect with gender. How can we stand in solidarity as a

movement, Kendall asks, when there is the distinct likelihood that some women are oppressing others? In her searing collection of essays, Mikki Kendall takes aim at the legitimacy of the modern feminist movement, arguing that it has chronically failed to address the needs of all but a few women. Drawing on her own experiences with hunger, violence, and hypersexualization, along with incisive commentary on reproductive rights, politics, pop culture, the stigma of mental health, and more, *Hood Feminism* delivers an irrefutable indictment of a movement in flux. An unforgettable debut, Kendall has written a ferocious clarion call to all would-be feminists to live out the true mandate of the movement in thought and in deed.

A New era for women Oxford University Press

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

The Making of Biblical Womanhood Createspace Independent Publishing Platform

You can't make the world fair, but you can take back your power. As a woman in Silicon Valley who worked her way to the top of the corporate ladder--she's a former VP at Facebook and the current president and CEO of Ancestry--Deborah Liu knows firsthand the challenges and obstacles in the workplace that keep the deck stacked against women in the workplace . . . and the ways to overcome them. For every woman who grew up competing on the uneven playing field, who is told she is too aggressive, assertive, dramatic, or emotional, this book is the battle cry you need to learn to thrive within the system that exists today, even if it's not the one we wish it were. *Take Back Your Power* presents both hard data and Liu's personal experiences from twenty years as a woman leader in the male-dominated tech industry to help you: Find your voice, learn how to ask, and achieve what you want in a system that isn't fair and wasn't created for you Debunk the negative connotations of "power" and harness it for your own success Discover how to be heard, seen, and taken more seriously at work by getting out of your own way Overcome the lie that success is only achieved alone by finding the four types of allies you need to reach your goals Become a great leader without losing yourself in the process You have the power to change the future of work for yourself--and for women everywhere.
