## **Talk with You Like a Woman** The New Press

The single greatest health risk for women today—more than stroke and all cancers "combined—is heart disease. Yet despite this documented fact, heart disease is still considered primarily a "male problem," with the result that far too many women go untreated by doctors and are misinformed by the existing literature. Now, with this groundbreaking new book, Dr. Nieca Goldberg, the nation's leading expert on women's heart disease, has at last remedied this situation. "Women "Are Not Small Men presents detailed, decade-by-decade programs that give women at any age OF life the facts and the guidance they need to recognize, treat, and prevent heart disease. In the course of her work as founder and chief of the Women's Heart Program at New York's Lenox Hill Hospital, Dr. Goldberg has come to a startling realization: Women experience

heart disease in a fundamentally different way than men do. The physiology of a woman's heart attack is not the same as a man's, the symptoms of heart disease and signs of impending heart attack differ for women, and once heart disease has been recognized, women often do not get the treatment and medications they need. In this accessible book, she uses these critical insights to build a complete treatment and prevention program geared to the unique needs of women. Engagingly written and grounded in compelling true patient stories, the book presents comprehensive instructions on what you can do to maintain or improve your heart health, including how to spot the warning signs of heart disease, the exercises and diet to follow for prevention and recovery, how to assess risk factors, techniques for reducing stress, the truth about estrogen and hormonereplacement therapy, which supplements and herbal remedies really work, and how to become your own advocate in dealing with the medical profession. Dr. Nieca Goldberg has made it her mission to give women the treatment and information they deserve. Now she makes her research, prevention program, and recovery strategies accessible to all women. Authoritative, caring, and up-to-the-minute, this is destined to become the women's health book of the new millennium.

Women in the Church (Third Edition)  
Sourcebooks, Inc.

The #1 international best seller *Lean In*, Sheryl Sandberg reignited the conversation around women in the workplace. Sandberg is chief operating officer of Facebook and coauthor of *Option B* with Adam Grant. In 2010, she gave an electrifying TED talk in which she described how women unintentionally hold themselves back in their careers. Her talk, which has been viewed more than six million times, encouraged women to “sit at the table,” seek challenges, take risks, and pursue their goals with gusto. *Lean In* continues that conversation, combining personal anecdotes, hard data, and compelling research to change the conversation from what women can’t do to what they can. Sandberg provides practical advice on negotiation techniques, mentorship, and building a satisfying career. She describes specific steps women can take to combine professional achievement with personal fulfillment, and demonstrates how men can benefit by supporting women both in the workplace and at home. Written with humor and wisdom, *Lean In* is a revelatory, inspiring call to action and a blueprint for individual growth that will empower women around the world to achieve their full potential.

It's Not Just You Thomas Nelson  
WINNER OF THE 2020 CONNECTICUT BOOK AWARD FOR NONFICTION AND NAMED ONE OF THE BEST BOOKS FOR BOOK CLUBS IN 2021 BY BOOKBROWSE "Perkins makes the story of these early and unwitting feminist pioneers come alive against the backdrop of the contemporaneous civil rights and anti-war movements of the 1970s, and offers

observations that remain eerily relevant on U.S. campuses today."—Edward B. Fiske, bestselling author of *Fiske Guide to Colleges* "If Yale was going to keep its standing as one of the top two or three colleges in the nation, the availability of women was an amenity it could no longer do without." In the winter of 1969, from big cities to small towns, young women across the country sent in applications to Yale University for the first time. The Ivy League institution dedicated to graduating "one thousand male leaders" each year had finally decided to open its doors to the nation's top female students.

The landmark decision was a huge step forward for women's equality in education. Or was it?

The experience the first undergraduate women found when they stepped onto Yale's imposing campus was not the same one their male peers enjoyed. Isolated from one another, singled out as oddities and sexual objects, and barred from many of the privileges an elite education was supposed to offer, many of the first girls found themselves immersed in an overwhelmingly male culture they were unprepared to face. *Yale Needs Women* is the story of how these young women fought against the backward-leaning traditions of a centuries-old institution and created the opportunities that would carry them into the future. Anne Gardiner Perkins's unflinching account of a group of young women striving for change is an inspiring story of strength, resilience, and courage that continues to resonate today.

*To Preach Or Not to Preach* Thomas Nelson  
Maggie Nelson provides the first extended consideration of the roles played by women in and around the New York School of poets, from the 1950s to the present, and offers unprecedented analyses of the work of Barbara Guest, Bernadette Mayer, Alice Notley, Eileen Myles, and abstract painter Joan Mitchell as well as a reconsideration of the work of many male New York School writers and artists from a feminist perspective.  
*How to Avoid a Climate Disaster*  
Anchor

---

From the #1 New York Times bestselling author of *Primates of Park Avenue*, a bold, timely reconsideration of female infidelity that will upend everything you thought you knew about women and sex. What do straight, married female revelers at an all-women's sex club in LA have in common with nomadic pastoralists in Namibia who bear children by men not their husbands? Like women worldwide, they crave sexual variety, novelty, and excitement. In ancient Greek tragedies, Netflix series, tabloids and pop songs, we've long portrayed such cheating women as dangerous and damaged. We love to hate women who are untrue. But who are they really? And why, in this age of female empowerment, do we continue to judge them so harshly? In *Untrue*, feminist author and cultural critic Wednesday Martin takes us on a bold, fascinating journey to reveal the unexpected evolutionary legacy and social realities that drive female faithlessness, while laying bare our motivations to contain women who step out. Blending accessible social science and interviews with sex researchers, anthropologists, and real women from all walks of life, *Untrue* challenges our deepest assumptions about ourselves, monogamy, and the women we think we know. From recent data suggesting women may struggle more than men with sexual exclusivity to the revolutionary idea that females of many species evolved to be "promiscuous" to Martin's trenchant assertion that female sexual autonomy is the ultimate metric of gender equality, *Untrue* will change the way you think about women and sex forever.

*Ordaining Women* McGraw Hill Professional

The groundbreaking best-seller *Not Without a Struggle: Leadership Development for African American Women in Ministry* returns with an updated introduction, epilogue, and Vashti M. McKenzie's life-changing 10 Commandments for African-American Women in Ministry. Written because McKenzie felt like a passenger on a boat without an oar when she began in ministry, *Not Without a Struggle* has helped women of all races and ethnicities to answer God's call in their lives. Building models of ministry that promote fellowship and support, McKenzie forges a new partnership among men and women in ministry. This book provides a new generation of clergywomen something to hold onto as they prepare for God's work.

*Why I Am Not a Feminist* Zondervan

There's no way other women are struggling sexually like I am. Who could I even talk to about this? Isn't this a guy's issue? For too long, Christian women have assumed they're outliers in their sexual struggles. This

assumption (along with shame) often keeps them silent, leaving them to face the battle all by themselves. But if any of this sounds familiar, you're not the only one. Whether your struggles take the form of masturbation, pornography, same sex attraction, or sexual fantasies, it's not just you. These temptations are common not only for men in the church, but many women, too. So how do we fight against sexual sin as women? What do we do when there's a disconnect between what the Bible says and how we live and feel? Or, if we lead a woman struggling in this way, how do we aid her in the battle? Written from the trenches of ministering to young women, young adult minister Ashley Chesnut explores why sexual sin is "sin" in the first place, what sex really is, and how Scripture speaks into topics like masturbation, oral sex, and sex robots—even when those words aren't found in the Bible. God has already won the war against sin, and as you examine His Word along with Ashley, you'll be equipped to battle against sexual sin and to aid other sisters in the fight. No, it's not just you. And yes, you can take steps toward victory. Right now.

### **Good and Mad** Penguin

With this book, Cheryl Hicks brings to light the voices and viewpoints of black working-class women, especially southern migrants,

who were the subjects of urban and penal reform in early twentieth-century New York. Hicks compares the ideals of racial uplift

### **It's Not Supposed to Be This Way** Vintage

Can purity survive real-world temptation? "True love waits"--but what exactly are you waiting for? After all, we're constantly bombarded with Hollywood's idea of romance--that sex is no big deal, that everyone is doing it, that it's the only path to a happy ending. Maybe you've even begun to wonder, What am I missing? Is the wait really worth it? Marian Jordan Ellis has been there. She knows the pitfalls of giving in to temptation--but also the blessings of God's best found in waiting after she committed herself to Christ and to sexual purity. Now, from one Christian woman to another, she hopes to spare you from the heartache of sexual sin and instead point you toward God's best. Marian offers lots of practical advice, backed by biblical truth, to equip you with the tools to overcome past mistakes and future temptations. You are cherished. Whether you are happily single, casually dating, or have found "the one," your purity is worth fighting for.

### **Women are Not Small Men** Simon and Schuster

#1 NEW YORK TIMES BESTSELLER • From the indie rock sensation known as Japanese Breakfast, an unforgettable memoir about family, food, grief, love, and growing up Korean American—"in losing her mother and cooking to bring her back to life, Zauner became herself" (NPR). • CELEBRATING OVER

ONE YEAR ON THE NEW YORK TIMES BESTSELLER LIST In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band--and meeting the man who would become her husband--her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, *Crying in H Mart* is a book to cherish, share, and reread.

*Mean Girls at Work: How to Stay Professional When Things Get Personal* Orbis Books

The role of women in the church is more hotly debated today than ever. Christians on all sides of the issue often turn to the apostle Paul's words in 1 Timothy to justify their position, arguing

over the meaning and application of this challenging passage. Now in its third edition, this classic exposition of 1 Timothy 2:9-15 includes contributions by Thomas Schreiner, Andreas Köstenberger, Robert Yarbrough, Rosaria Butterfield, and others, walking readers through the biblical text with careful exegesis, sound reasoning, and a keen awareness of the implications for men and women in the church. Academically rigorous yet pastorally sensitive, this book offers Christians a helpful overview of Paul's teaching related to how men and women are to relate to one another when it comes to authoritative teaching in the local church. Includes a new preface, a new conclusion, four updated chapters, and two all-new chapters.

**Men Explain Things to Me** Melville House

#1 NEW YORK TIMES BESTSELLER! The women of the Bible lived timeless stories--by examining them, we can understand what it means to be a woman of faith. People unfamiliar with Scripture often assume that women play a small, secondary role in the Bible. But in fact, they were central figures in numerous Biblical tales. It was Queen Esther's bravery at a vital point in history which saved her entire people. The Bible contains warriors like Jael, judges like Deborah, and prophets like Miriam. The first person to witness Jesus' resurrection was Mary Magdalene, who promptly became the first Christian evangelist, eager to share the news which would change the world forever. In *The Women of the Bible Speak*, Fox News Channel's Shannon Bream opens up the lives of sixteen of these

---

Biblical women, arranging them into pairs and contrasting their journeys. In pairing their stories, Shannon helps us reflect not only on the meaning of each individual's life, but on how they relate to each other and to us. From the shepherdesses of ancient Israel who helped raise the future leaders of the people of God, to the courageous early Christians, the narrative of the Bible offers us many vivid and fascinating female characters. In their lives we can see common struggles to resist bitterness, despair, and pride, and to instead find their true selves in faith, hope, and love. In studying these heroes of the faith, we can find wisdom and warnings for how to better navigate our own faith journeys. The Women of the Bible Speak outlines the lessons we can take from the valor of Esther, the hope of Hannah, the audacity of Rahab, and the faith of Mary. In broadening each woman's individual story, Shannon offers us a deeper understanding of each, and wisdom and insights that can transform our own lives today.

**Yale Needs Women** Univ of North Carolina Press

For women over fifty, this invaluable guide combines practical advice, and exercises, and no shortage of sass that will inspire readers to beat ageist limitations and own their careers. Despite advances made by women in the workplace, pay inequity and underrepresentation in top positions are still a reality. And, unfortunately, the situation looks worse for older women, who face what acclaimed author, podcast host, and

sought-after coach Bonnie Marcus calls "the double whammy of gendered ageism." As a woman over fifty, you may be wondering if there is anything you can do as you face down diminished responsibilities, decreasing visibility, and the looming specter of being "aged out." In this revelatory, inspiring, and savvy new book, Marcus is out to convince you that, in fact, you can do a whole lot. You can keep your job, advance your career, do the work you love and need to do--and defy all the ageist assumptions that suggest otherwise. In *Not Done Yet!* the realities of ageing in the workplace are not sugar-coated. Straight-talking and savvy, Marcus tells it like it is, and doing so, empowers you to navigate the challenges. She begins by laying out the fears and assumptions that hold women back. Then she shares tips and exercises to stop staying small and stay in the game. Finally, she teaches you how to move from being a sadass to a badass, with practical advice about caring for yourself and fueling your confidence to flourish at work. You are a woman over fifty, and you deserve a seat at the table. You have a wealth of wisdom and experience to offer your workplace. It may feel like the odds are stacked against you, but Bonnie Marcus is here to show you how you can overcome the challenges of gendered ageism. You are not done yet! It is up to you to prove it.

Women, the New York School, and Other True Abstractions Page Two

Feminist Baby is back in the follow-up to the New York Times bestseller by two-time Emmy Award-winning author Loryn Brantz. Feminist Baby is learning to talk. She says what she thinks and it totally rocks! Feminist Babies stand up tall. "Equal rights and toys for all!" Feminist Baby is ready for more adventures--and this time she has friends! Still strong and independent, readers will love Feminist Baby as she continues to teach about feminism in a fresh, accessible way.

*Homeward Bound* Simon and Schuster

The MacArthur grant-winning environmental justice activist's riveting memoir of a life fighting for a cleaner future for America's most vulnerable. A Smithsonian Magazine Top Ten Best Science Book of 2020. Catherine Coleman Flowers, a 2020 MacArthur "genius," grew up in Lowndes County, Alabama, a place that's been called "Bloody Lowndes" because of its violent, racist history. Once the epicenter of the voting rights struggle, today it's Ground Zero for a new movement that is also Flowers's life's work—a fight to ensure human dignity through a right most Americans take for granted:

basic sanitation. Too many people, especially the rural poor, lack an affordable means of disposing cleanly of the waste from their toilets and, as a consequence, live amid filth. Flowers calls this America's dirty secret. In this "powerful and moving book" (Booklist), she tells the story of systemic class, racial, and geographic prejudice that foster Third World conditions not just in Alabama, but across America, in Appalachia, Central California, coastal Florida, Alaska, the urban Midwest, and on Native American reservations in the West. In this inspiring story of the evolution of an activist, from country girl to student civil rights organizer to environmental justice champion at Bryan Stevenson's Equal Justice Initiative, Flowers shows how sanitation is becoming too big a problem to ignore as climate change brings sewage to more backyards—not only those of poor minorities.

*Take Back Your Power* The Pilgrim Press

A memoir in essays that expands on the viral sensation "The Crane Wife" with a frank and funny look at love, intimacy, and self in the twenty-first century. From friends and lovers to

blood family and chosen family, this "elegant masterpiece" (Roxane Gay, New York Times bestselling author of *Hunger*) asks what more expansive definitions of love might offer us all. A BEST BOOK OF THE YEAR: TIME, THE GUARDIAN, GARDEN & GUN "Hauser builds their life's inventory out of deconstructed personal narratives, resulting in a reading experience that's rich like a complicated dessert—not for wolfing down but for savoring in small bites." —The New York Times "Hauser's wry, introspective investigation of their assumptions about love will likely free readers to examine their own personal narratives as well ... 'The rare happy ending I appreciate is one that makes room for the whole painful fact of the world at the same time it offers the reader some joy,' they write. The Crane Wife embraces this philosophy again and again as Hauser excavates their past loves and losses, thoughtfully examines them and declares the pain of love to be worth the risk." —BookPage

Ten days after calling off their wedding, CJ Hauser went on an expedition to Texas to study the whooping crane. After a week wading through the gulf, they realized they'd almost signed up to live someone else's life. Hauser releases themselves from traditional narratives of happiness and goes looking for ways of living that leave room for the unexpected, making plenty of mistakes along the way. They kiss Internet strangers and officiate at a wedding. They reread Rebecca in the house their boyfriend once shared with his ex-wife and rewinds Katharine Hepburn in *The Philadelphia Story* to learn how not to lose yourself in a relationship. They think about Florence Nightingale at a robot convention and grief at John Belushi's rock and roll gravesite, and the difference between those stories we're asked to hold versus those we choose to carry. Told with the late-night barstool directness of your wisest, most bighearted friend, *The Crane Wife* is a book for everyone whose life doesn't look the way they thought it would; for everyone learning to find joy in the not-knowing; for everyone trying, if sometimes failing, to build a new sort of life story, a new sort of family, a new sort of home, to live in. *The Women of the Bible Speak* W. W. Norton & Company Reveals both the promise and the pitfalls associated with a human rights approach to the women of color-focused reproductive rights activism

---

of SisterSong How did reproductive justice—defined as the right to have children, to not have children, and to parent—become recognized as a human rights issue? In *Reproductive Rights as Human Rights*, Zakiya Luna highlights the often-forgotten activism of women of color who are largely responsible for creating what we now know as the modern-day reproductive justice movement. Focusing on SisterSong, an intersectional reproductive justice organization, Luna shows how, and why, women of color mobilized around reproductive rights in the domestic arena. She examines their key role in re-framing reproductive rights as human rights, raising this set of issues as a priority in the United States, a country hostile to the concept of human rights at home. An indispensable read, *Reproductive Rights as Human Rights* provides a much-needed intersectional perspective on the modern-day reproductive justice movement.

The Curious Feminist Rowman & Littlefield

#1 NEW YORK TIMES BESTSELLER • Includes two new essays! NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY MICHIKO KAKUTANI, THE NEW YORK TIMES • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BUZZFEED, THE GLOBE AND MAIL, AND LIBRARY JOURNAL For readers of Nora Ephron, Tina Fey, and David

Sedaris, this hilarious, wise, and fiercely candid collection of personal essays establishes Lena Dunham—the acclaimed creator, producer, and star of HBO's *Girls*—as one of the most original young talents writing today. In *Not That Kind of Girl*, Dunham illuminates the experiences that are part of making one's way in the world: falling in love, feeling alone, being ten pounds overweight despite eating only health food, having to prove yourself in a room full of men twice your age, finding true love, and most of all, having the guts to believe that your story is one that deserves to be told. "Take My Virginity (No Really, Take It)" is the account of Dunham's first time, and how her expectations of sex didn't quite live up to the actual event ("No floodgate had been opened, no vault of true womanhood unlocked"); "Girls & Jerks" explores her former attraction to less-than-nice guys—guys who had perfected the "dynamic of disrespect" she found so intriguing; "Is This Even Real?" is a meditation on her lifelong obsession with death and dying—what she calls her "genetically predestined morbidity." And in "I Didn't F\*\*\* Them, but They Yelled at Me," she imagines the tell-all she will write when she is eighty and past caring, able to reflect honestly on the sexism and condescension she has encountered in Hollywood, where women are "treated like the paper thingies that protect glasses in hotel bathrooms—necessary but infinitely disposable." Exuberant, moving, and keenly observed, *Not That Kind of Girl* is a series of dispatches from the frontlines of the struggle that is growing up. "I'm already

---

predicting my future shame at thinking I had anything to offer you," Dunham writes. "But if I can take what I've learned and make one menial job easier for you, or prevent you from having the kind of sex where you feel you must keep your sneakers on in case you want to run away during the act, then every misstep of mine will have been worthwhile." Praise for Not That Kind of Girl "The gifted Ms. Dunham not only writes with observant precision, but also brings a measure of perspective, nostalgia and an older person's sort of wisdom to her portrait of her (not all that much) younger self and her world. . . . As acute and heartfelt as it is funny."—Michiko Kakutani, The New York Times "It's not Lena Dunham's candor that makes me gasp. Rather, it's her writing—which is full of surprises where you least expect them. A fine, subversive book."—David Sedaris "This book should be required reading for anyone who thinks they understand the experience of being a young woman in our culture. I thought I knew the author rather well, and I found many (not altogether welcome) surprises."—Carroll Dunham "Witty, illuminating, maddening, bracingly bleak . . . [Dunham] is a genuine artist, and a disturber of the order."—The Atlantic

### **It's Not You It's the Workplace** Convergent

You can't make the world fair, but you can take back your power. As a woman in Silicon Valley who worked her way to the top of the corporate ladder--she's a former VP at Facebook and the

current president and CEO of Ancestry--Deborah Liu knows firsthand the challenges and obstacles in the workplace that keep the deck stacked against women in the workplace . . . and the ways to overcome them. For every woman who grew up competing on the uneven playing field, who is told she is too aggressive, assertive, dramatic, or emotional, this book is the battle cry you need to learn to thrive within the system that exists today, even if it's not the one we wish it were. Take Back Your Power presents both hard data and Liu's personal experiences from twenty years as a woman leader in the male-dominated tech industry to help you: Find your voice, learn how to ask, and achieve what you want in a system that isn't fair and wasn't created for you Debunk the negative connotations of "power" and harness it for your own success Discover how to be heard, seen, and taken more seriously at work by getting out of your own way Overcome the lie that success is only achieved alone by finding the four types of allies you need to reach your goals Become a great leader without losing yourself in the process You have the power to change the future of work for yourself--and for women
