Maurice Swift is
handsome, charming,
and hungry for fame.
The one thing he
doesn ’ t have is
talent—but he ’ s not

about to let a detail like that stand in his way. After all, a would-be writer can find stories anywhere. They don't need to be his own. Working as a waiter in a West Berlin hotel in 1988, Maurice engineers the perfect opportunity: a chance encounter with celebrated novelist Erich Ackermann. He quickly ingratiates himself with the powerful — but desperately lonely — older man, teasing out of Erich a terrible, long-held secret about his activities during the war. Perfect material for Maurice's first novel. Once Maurice has had a taste of literary fame, he knows he can stop at nothing in pursuit of that high. Moving from the Amalfi Coast, where he matches wits with Gore Vidal, to Manhattan and London, Maurice hones his talent for deceit and manipulation, preying on the talented and vulnerable in his cold-blooded climb to the top. But the higher he climbs, the further he has to fall. . . .

Sweeping across the late twentieth century, *A Ladder to the Sky* is a fascinating portrait of a relentlessly immoral man, a tour de force of storytelling, and the next great novel from an acclaimed literary virtuoso. Praise for *A Ladder to the Sky*

“Boyne's mastery of perspective, last seen in *The Heart's Invisible Furies*, works beautifully here. . . . Boyne understands that it's far more interesting and satisfying for a reader to see that narcissist in action than to be told a catchall phrase. Each step Maurice Swift takes skyward reveals a new layer of calumny he's willing to engage in, and the desperation behind it . . . so dark it seems almost impossible to enjoy reading *A Ladder to the Sky* as much as you definitely will enjoy reading it.” —NPR

“Delicious . . . spins out over several decades with thrilling unpredictability, following Maurice as he masters the art of co-opting the stories of others in increasingly dubious ways. And while the book reads as a thriller with a body count that would make Highsmith proud, it is also an exploration of morality and art: Where is the line between inspiration and thievery? To whom does a story belong?” —Vanity Fair

She perseveres in her quest to understand' Guardian When Christina Patterson's brother Tom died suddenly, she faced the harrowing task of clearing out his house. Tom had always been the one who held on to the family treasures and memories, but now Christina had to sift through boxes of letters, photos and belongings, not just of Tom's, but of their parents and their older sister, Caroline. The contents of those boxes tell the story of a young couple who decide to swap a glamorous diplomatic life in Rome for a housing estate in Surrey. But their new suburban, happy life, is increasingly disrupted by Caroline's erratic behaviour. As she is diagnosed with schizophrenia, Tom seeks solace in sport and Christina in a youth club where she hopes to meet boys, but finds God instead. It doesn't help her in her quest for romance. Drawing on the breadth of their combined reporting experience, Kristof and WuDunn depict our world with anger, sadness, clarity, and, ultimately, hope. They show how a little help can transform the lives of women and girls abroad. That Cambodian girl eventually escaped from her brothel and, with assistance from an aid group, built a thriving retail business that supports her	family. The Ethiopian woman had her injuries repaired and in time became a surgeon. A Zimbabwean mother of five, counseled to return to school, earned her doctorate and became an expert on AIDS. Through these stories, Kristof and WuDunn help us see that the key to economic progress lies in unleashing women ' s potential. They make clear how	have helped to do just that, and how we can each do our part. Throughout much of the world, the greatest unexploited economic resource is the female half of the population. Countries such as China have prospered precisely because they emancipated women and brought them into the formal economy. Unleashing that process globally is not only the right

Japanese Imperial Army tightens its stranglehold on the Shanghai refuge for thousands of desperate European Jews, surgeon Franz Adler falls in love with a nurse and endeavors to safeguard a refugee hospital. The Sky Is Not the Limit Perfection Learning In Amanda Skenandore 's provocative and profoundly moving debut, set in the tragic intersection between white and Native American culture, a young girl learns about friendship, betrayal, and the sacrifices made in the name of belonging. On a quiet Philadelphia morning in 1906, a newspaper headline catapults Alma Mitchell back to her past. A federal agent is dead, and the murder suspect is Alma ' s childhood friend, Harry Muskrat. Harry—o Asku, as Alma knew him—was the most promising student at the “ savage-taming ” boarding school run by her father, where Alma was the only white pupil. Created in the wake of the Indian Wars, the Stover School was intended to assimilate the children of neighboring reservations. Instead, it robbed them of everything they ' d known—language, customs, even their names—and left a heartbreaking legacy in its wake. The bright, courageous boy Alma knew could never have murdered anyone. But she barely recognizes the man Asku has become, cold and embittered at being an outcast in the white world and a ghost in his own. Her lawyer husband, Stewart, reluctantly agrees to help defend Asku for Alma ' s sake. To do so, Alma must revisit the painful secrets she has kept hidden from everyone—especially Stewart. Told

in compelling narratives that alternate between Alma ' s childhood and her present life, *Between Earth and Sky* is a haunting and complex story of love and loss, as a quest for justice becomes a journey toward understanding and, ultimately, atonement. When Stars Fall from the Sky Xlibris Corporation A boy ' s nomadic life in Mongolia is under threat in a novel that " captures the mountains, valleys and steppes in all their

surpassing beauty and brutality " (Minneapolis Star-Tribune). In the high Altai Mountains of northern Mongolia, a young shepherd boy comes of age, tending his family ' s flocks on the mountain steppes and knowing little of the world beyond the surrounding peaks. But his nomadic way of life is increasingly disrupted by modernity. This

confrontation comes in stages. First, his older siblings leave the family yurt to attend a distant boarding school. Then the boy ' s grandmother dies, and with her his connection to the old ways. But perhaps the greatest tragedy strikes when his dog, Arsylang— " all that was left to me " —ingests poison set out by the boy ' s father to protect his herd from

wolves. “ Why is it so? ” Dshurukawaa cries out in despair to the Heavenly Blue Sky, to be answered only by the wind. Rooted in the oral traditions of the Tuvan people, The Blue Sky weaves the timeless story of a boy poised on the cusp of manhood with the story of a people on the threshold.

“ Thrilling. . . . Tschinag makes it easy for his readers to fall into the beautiful

hythms of the Tuvans ’ daily life. ” —Los Angeles Times Book Review “ In this pristine and concentrated tale of miraculous survival and anguished loss, Tschinag evokes the nurturing warmth of a family within the circular embrace of a yurt as an ancient way of life lived in harmony with nature becomes endangered. ”
