This long-awaited follow-up to Newbery Honor winner Princess Academy hit the New York Times bestseller list in the first week of US publication. A rich and compelling fantasy about one girl's journey to discover where her home and heart truly belong in a divided world is reminiscent of the best writing by authors like Eva Ibbotson and Cornelia Funke. With a chance to study at the university and live at the Queen's Castle, Miri leaves village life and is thrust into the bustling chaos of the city. Her best friend, Britta, has been

chosen by the Prince of Asland to be his bride, and the royal wedding is fast approaching. But helping Britta prepare for her future is not an easy task. When Miri discovers a secret plot against the royal court - which is motivated by good - she feels torn. Will she choose loyalty to the princess, or reform for the people? As Miri struggles to resolve this dilemma in her own mind, her heart is suffering: an old love comforts her; a new crush consumes her; she yearns for her homeland. Can Miri find her way in this new place, or will she be considered a traitor? The fate of the kingdom is at stake.

Arianna always felt like she didn't belong in the world where she was born. Ever since she was little, she used to hide behind the rocks in the sea, and watch the human family who spent their summers on that island. Over the years, there was nothing she wished more than to be like them, especially so she could get close to Blake, the human boy who she saw turn into a troubled teenager and then, an unhappy man. Once

---

her dad grew tired of her dreams and hopes for a reality that is not her own, Arianna is thrown into an arranged marriage, and her only way out of it is to make a deal with the power-hungry man who will give her everything that she has ever dreamed of. Dreams that turn into nightmares as she watches Blake's world fall apart, because of her and Blake's inability to control their desires for one another. Due to sexual content and language, this book is recommended for 17+

Old Jago is tucked away in the East End of London, conveniently

placed so the wealthy and the fortunate can forget all about it and its unlucky residents. Dicky Perott does not have the luxury of forgetting about the ugly truth of Old Jago, because he and his family barely can afford the single-room home they live in, fighting off robbers, fleas, and the cold. Though he is just a young boy, Dicky already dreams of the day he can leave the slum forever, but first,

he has to find out how. Roaming the streets daily, Dicky begs and steals to survive, and is always looking for an opportunity to improve himself. As a riveting narration paints a portrait of life in Old Jago, Dicky comes of age while believing that if he works hard and hopes even harder, he will make it out of Old Jago alive. First published in 1896, *A Child of the Jago* earned Arthur Morrison

considerable fame and commercial success. Quickly becoming a bestseller, this 19th century drama is now considered to be Arthur Morrison's best work. Often praised for the authenticity in his portrayal of London's working class, Arthur Morrison provides a devastating portrayal of life in a London slum in *A Child of the Jago*. Through an incredibly visceral depiction of the setting and characters,

---

A Child of the Jago is unapologetically honest and gripping. With themes of class, coming-of-age, and societal injustice, Morrison offers modern readers a rare portrayal of the poorest class in 19th century London, without omitting a single detail. With relatable characters that demand empathy and a setting that steals attention, A Child of the Jago remains on the mind long after the novel's

conclusion. This edition of A Child of the Jago by Arthur Morrison now features an eye-catching new cover design and is printed in a font that is both modern and readable. With these accommodations, this edition of A Child of the Jago creates an accessible and pleasant reading experience for modern audiences while restoring the original wit and intrigue of Arthur Morrison's

work. introspection. Neuroscience, on the other hand, relies on third-person knowledge in the form of scientific observation. In this book, Matthieu Ricard, a Buddhist monk trained as a molecular biologist, and Wolf Singer, a distinguished neuroscientist—close friends, continuing an ongoing dialogue—offer their perspectives on the mind, the self, consciousness, the unconscious, free will, epistemology, meditation, and neuroplasticity. Ricard and Singer ' s wide-ranging conversation stages an enlightening and engaging encounter between

Buddhism's wealth of experiential findings and neuroscience's abundance of experimental results. They discuss, among many other things, the difference between rumination and meditation (rumination is the scourge of meditation, but psychotherapy depends on it); the distinction between pure awareness and its contents; the Buddhist idea (or lack of one) of the unconscious and neuroscience's precise criteria for conscious and unconscious processes; and the commonalities between cognitive behavioral therapy and meditation. Their views

diverge (Ricard asserts that the third-person approach will never encounter consciousness as a primary experience) and converge (Singer points out that the neuroscientific understanding of perception as reconstruction is very like the Buddhist all-discriminating wisdom) but both keep their vision trained on understanding fundamental aspects of human life.
