Dictionaries are a
powerful genre,

perceived as
authoritative and
objective records of
the language,
impervious to
personal bias. But
who makes
dictionaries shapes
both how they are
constructed and how
they are used.
Tracing the craft of

dictionary making
from the fifteenth
century to the
present day, this
book explores the
vital but little-
known significance
of women and
gender in the
creation of English
language
dictionaries. Women

worked as dictionary patrons, collaborators, readers, compilers, and critics, while gender ideologies served, at turns, to prevent, secure, and veil women's involvements and innovations in dictionary making. Combining historical, rhetorical, and feminist methods, this is a monumental recovery of six centuries of women's participation in dictionary making and a robust investigation of how the social life of the genre is influenced by the social expectations of gender. *The Baldwin* genealogy from 1500 to 1881 comes from Bantam Overboard, She's been the hilarious called "side-story of a splittingly sinfully funny" handsome schooner (Publishers Weekly), "a captain and blast of the spirited fresh air" woman who (Washington Post), and "a agrees to work on his winner" cruise ship. Now looking to get lucky available for in an Atlantic City the first hotel room, in a time in more Winnebago, and with

a brown-eyed stud who has stolen her heart. Stephanie Plum has a way of attracting danger, lunatics, oddballs, bad luck . . . and mystery men. And no one is more mysterious than the unmentionable Diesel. He's back and hot on the trail of a little man in green pants who's lost a giant bag of money. Problem is, the money isn't exactly lost. Stephanie's Grandma Mazur has found it, and like any good Jersey senior citizen, she's hightailed it in a Winnebago to Atlantic City and hit the slots. With Lula and Connie in tow, Stephanie attempts to bring Grandma home, but the luck of the Irish is rubbing off on everyone: Lula's found a job modeling plus-size lingerie.

Connie's found a guy. Diesel's found Stephanie. And Stephanie has found herself in over her head with a caper involving thrice-stolen money, a racehorse, a car chase, and a bad case of hives. Things are about to get spooky in Trenton, New Jersey. According to legend, the Jersey Devil prowls the Pine Barrens and soars above the treetops in the dark of night. As eerie as this might seem, there are things in the Barrens that are even more frightening and dangerous. And there are monkeys. Lots of monkeys. Wulf Grimoire is a world wanderer and an opportunist who can kill without remorse and disappear like smoke. He's chosen Martin Munch, boy genius, as his new business partner, and he's chosen the Barrens as his new playground. Munch received his doctorate degree in quantum physics when he was twenty-two. He's now twenty-four, and while his brain is large, his body hasn't

made it out of the boys' department at Macy's. Anyone who says good things come in small packages hasn't met Munch. Wulf Grimoire is looking for world domination. Martin Munch would be happy if he could just get a woman naked and tied to a tree. Bounty hunter Stephanie Plum has Munch on her most-wanted list for failure to appear in court. Plum is the all-American girl stuck in an uncomfortable job, succeeding on luck and tenacity. Usually she gets her man. This time she gets a monkey. She also gets a big guy named Diesel. Diesel pops in and out of Plum's life like birthday cake – delicious to look at and taste, not especially healthy as a steady diet, gone by the end of the

week if not sooner. He's an über bounty hunter with special skills when it comes to tracking men and pleasing women. He's after Grimoire, and now he's also after Munch. And if truth were told, he wouldn't mind setting Stephanie Plum in his crosshairs. Diesel and Plum hunt down Munch and Grimoire, following them into the Barrens, surviving cranberry bogs, the Jersey Devil, a hair-raising experience, sand in their underwear, and, of course . . . monkeys. Latin American and Caribbean studies titles that connect in and through Florida, highlighting the connections between the Sunshine State and its neighboring islands. Books in this series show how early explorers found and settled Florida and the Caribbean. They tell the tales of early pioneers, both foreign and domestic. They examine topics critical to the area such as travel, migration, economic opportunity, and tourism. They look at the growth of Florida and the Caribbean and the attendant pressures on the environment, culture, urban development, and the movement of peoples, both forced and voluntary. The Florida and the Caribbean Open Books Series

gathers the rich data available in these architectural, archaeological, cultural, and historical works, as well as the travelogues and naturalists' sketches of the area in prior to the twentieth century, making it accessible for scholars and the general public alike. Their fateful meeting will put them on a collision course of seduction, dysfunction, mayhem, murder—and maybe even love... The Doolittle Family in America

As he struggles to recall what really happened, his imagination serves up an endless chain of scenarios. The truth, however, remains hidden in

the vault of his memory, and the key is nowhere to be found. Nearly two decades later, Sean, now remarried and a father of two, wins a bizarre contest hosted by his eccentric boss. The prize is the Memory Palace, a state-of-the-art black box that purportedly allows its possessor to relive every moment he has ever experienced, playing out all the memories on a screen. While the small machine at first appears to be the answer to the mystery surrounding the death of his wife, it

the Stephanie Plum series, teams up with Emmy-winning writer Phoef Sutton for a brand-new series of mysteries featuring Emerson Knight and Riley Moon, a dynamic duo with instant and undeniable chemistry. Emerson Knight is introverted, eccentric, and has little to no sense of social etiquette. Good thing he 's also brilliant, rich, and (some people might say) handsome, or he ' d probably be homeless. Riley Moon has just graduated from Harvard Business and Harvard Law. Her aggressive Texas spitfire attitude has helped her land her

dream job as a junior analyst with megabank Blane-Grunwald. At least Riley Moon thought it was her dream job, until she is given her first assignment: babysitting Emerson Knight. What starts off as an inquiry about missing bank funds in the Knight account leads to inquiries about a missing man, missing gold, and a life-and-death race across the country. Through the streets of Washington, D.C., and down into the underground vault of the Federal Reserve in New York City, an evil plan is exposed. #1 NZ Bestseller With 60+ definitions to help improve emotional literacy, *How Do I Feel?*, is all about helping our children learn to recognise and label emotions and feelings. Join Aroha and her friends as they share how different emotions might feel in the body and how each emotion might be helpful. This emotions dictionary is all about helping children find the words for how they truly feel. Learning to recognise and label our emotions correctly is such an important skill for life. Giving our children this language helps to build emotional literacy. It is a gift to give children the tools to know how to recognise what they truly feel and that it is okay to feel all emotions. When they know that no emotion is 'good' or 'bad' and that all emotions provide messages, then it takes away any attachment to that emotion being part of who they are. We may have experienced this ourselves being labelled 'naughty' or 'out of control' due to feeling angry a lot. However, this behaviour is just a way for a child to communicate. Diving deeper into why they are acting that way, why they may be feeling the things they are, can help us find some answers with our child. It can also help us find ways to help them empower themselves with tools to feel better. Use this book to start conversations about different emotions. If you can, give examples of things you have experienced. When you see a child experiencing an emotion, help your child label it. "Are you feeling ... right now?" This book can be used with children from 5 years of age up to 100+ as everyone might get something from the book. There are over 200 emotions and so we couldn't include them all in just one book, however, this book is the most extensive book about emotions for children.
