In a group biography that is by turns intimate and epic, Jung Chang reveals the lives of three extraordinary women who helped shape twentieth-century China.

A Magnificent Work is an autobiographical exploration of the interconnectedness of toxic masculinity, White supremacy, and settler colonialism within the context of Canadian-occupied territories. It is a work of "documentary fiction" (to use the term of W. G. Sebald) or "autotheory" (as proposed by Maggie Nelson). Oudshoorn moves from relating his personal experiences as both a son and a father to exploring the ways in which similar events have played out on a much larger scale within the Canadian occupation. Special attention is given to the history of the Mohawk Institute, Canada's oldest and longest-running "Indian Residential School." Thus, although an Anglican bishop once described the Mohawk Institute as "a magnificent work," Oudshoorn argues that the truly magnificent work that awaits people like him—notably, cis-het male settlers of Christian and European descent—is the process of embodying a gentle masculinity, recovering a sense of one's proper place of connectedness within a network of relationships with varying degrees of responsibility and accountability, and striving towards decolonization.

The national-bestselling memoir of a woman's resistance and struggles in Communist China—"an absorbing story of resourcefulness and courage" (The New York Times). A NEW YORK TIMES BEST BOOK OF THE YEAR In August 1966, a group of Red Guards ransacked the home of Nien Cheng. Her background made her an obvious target for the fanatics of the Cultural Revolution: educated in London, the widow of an official of Chiang Kai-shek's regime, and an employee of Shell Oil. When she refused to confess that any of this made her an enemy of the state, she was placed in solitary confinement, where she would remain for more than six years. *Life and Death in Shanghai* recounts the story of Nien Cheng's imprisonment—a time of extreme deprivation which she met with heroic resistance—as well as her quest for justice when she was released. It is also the story of a country torn apart by Mao Tse-tung's vicious campaign to topple party moderates. An incisive, personal account of a terrifying chapter in twentieth-century history, *Life and Death in Shanghai* is also an astounding portrait of one woman's courage.

China is now poised to take a key role on the world stage, but in the early twentieth century the situation could not have been more different. Rana Mitter goes back to this pivotal moment in Chinese history to uncover the origins of the painful transition from a premodern past into a modern world. By the 1920s the seemingly civilized world shaped over the last two thousand years by the legacy of the great philosopher Confucius was falling apart in the face of western imperialism and internal warfare. Chinese cities still bore the imprints of its ancient past with narrow, lanes and temples to long-worshipped gods, but these were starting to change with the influx of foreign traders, teachers, and missionaries, all eager to shape China's ancient past into a modern present. Mitter takes us through the resulting social turmoil and political promise, the devastating war against Japan in the 1940s, Communism and the Cultural Revolution of the 1960s, and the new era of hope in the 1980s ended by the Tian'anmen uprising. He reveals the impetus behind the dramatic changes in Chinese culture and politics as being China's "New Culture" - a strain of thought which celebrated youth, individualism, and the heady mixture of strange and seductive new cultures from places as far apart as America, India, and Japan.

De pie frente al público, Victor Villaseñor miró al grupo de maestros sentados frente a él, y su mente se llenó de recuerdos de infancia llenos de humillación y abuso por parte de sus profesores. Se sintió enfurecer. Con el corazón en la mano, comenzó a hablar de esos abusos. Y cuando terminó, para su gran sorpresa, encontró a todos los profesores de pie aplaudiendo enfáticamente. Muchas de las personas en el público no lograban contener sus lágrimas. Así comienzan las conmovedoras y apasionadas memorias de Victor Villaseñor. A pesar de ser muy talentoso e imaginativo desde muy niño, tuvo que vivir con una dificultad de aprendizaje (no fue sino hasta los 44 años de edad que fue diagnosticado con un caso grave de dislexia), y la frustración de ser latino

The most authoritative life of the Chinese leader ever written, Mao: The Unknown Story is based on a decade of research, and on interviews with many of Mao's close circle in China who have never talked before — and with virtually everyone outside China who had significant dealings with him. It is full of startling revelations, exploding the myth of the Long March, and showing a completely unknown Mao: he was not driven by idealism or ideology; his intimate and intricate relationship with Stalin went back to the 1920s, ultimately bringing him to power; he welcomed Japanese occupation of much of China; and he schemed, poisoned, and blackmailed to get his way. After Mao conquered China in 1949, his secret goal was to dominate the world. In chasing this dream he caused the deaths of 38 million people in the greatest famine in history. In all, well over 70 million Chinese perished under Mao's rule — in peacetime.

Born into a devoutly Maoist family in 1950s Shanghai and forced to work on a communal farm from the age of seventeen, Anchee Min found herself in an alienating and hostile political climate, where her only friendships were perilous and intense. Both candid and touching, this compelling memoir documents her isolation and illicit love against the backdrop of China's Cultural Revolution. From her coming of age in the Red Guard to her recruitment into Madame Mao's burgeoning industry of propaganda movies, Red Azalea explores the secret sensuality of a repressive society with elegance and honesty.

Life and Death in Shanghai HarperCollins Español

A New York Times Notable Book Empress Dowager Cixi (1835–1908) is the most important woman in Chinese history. She ruled China for decades and brought a medieval empire into the modern age. At the age of sixteen, in a nationwide selection for royal consorts, Cixi was chosen as one of the emperor's numerous concubines. When he died in 1861, their five-year-old son succeeded to the throne. Cixi at once launched a palace coup against the regents appointed by her husband and made herself the real ruler of China—behind the throne, literally, with a silk screen separating her from her officials who were all male. In this groundbreaking

biography, Jung Chang vividly describes how Cixi fought against monumental obstacles to change China. Under her the ancient country attained virtually all the attributes of a modern state: industries, railways, electricity, the telegraph and an army and navy with up-to-date weaponry. It was she who abolished gruesome punishments like “death by a thousand cuts” and put an end to foot-binding. She inaugurated women's liberation and embarked on the path to introduce parliamentary elections to China. Chang comprehensively overturns the conventional view of Cixi as a diehard conservative and cruel despot. Cixi reigned during extraordinary times and had to deal with a host of major national crises: the Taiping and Boxer rebellions, wars with France and Japan—and an invasion by eight allied powers including Britain, Germany, Russia and the United States. Jung Chang not only records the Empress Dowager's conduct of domestic and foreign affairs, but also takes the reader into the depths of her splendid Summer Palace and the harem of Beijing's Forbidden City, where she lived surrounded by eunuchs—one of whom she fell in love, with tragic consequences. The world Chang describes here, in fascinating detail, seems almost unbelievable in its extraordinary mixture of the very old and the very new. Based on newly available, mostly Chinese, historical documents such as court records, official and private correspondence, diaries and eyewitness accounts, this biography will revolutionize historical thinking about a crucial period in China's—and the world's—history. Packed with drama, fast paced and gripping, it is both a panoramic depiction of the birth of modern China and an intimate portrait of a woman: as the concubine to a monarch, as the absolute ruler of a third of the world's population, and as a unique stateswoman.
