### The Lincoln Highway Turtleback

The 19th-century American poet's uncensored and breathtaking letters, poems, and letter-poems to her sister-in-law and childhood friend. For the first time, selections from Emily Dickinson's thirty-six year correspondence with her childhood friend, neighbor, and sister-in-law, Susan Huntington Dickinson, are compiled in a single volume. Open Me Carefully invites a dramatic new understanding of Emily Dickinson's life and work, overcoming a century of censorship and misinterpretation. For the millions of readers who love Emily Dickinson's poetry, Open Me Carefully brings new light to the meaning of the poet's life and work. Gone is Emily as lonely spinster; here is Dickinson in her own words, passionate and fully alive. Praise for Open Me Carefully "With spare commentary, Smith . . . and Hart

. . . let these letters speak for themselves. Most important, unlike previous editors who altered line breaks to fit their sense of what is poetry or prose, Hart and Smith offer faithful reproductions of the letters' genre-defying form as the words unravel spectacularly down the original page." —Renee Tursi, The New York Times Book Review

Morning Penguin UK

A collection of the author's greatest poetry--from the wistful to the unsettling, the wonders of nature to the foibles of human nature--is an ideal introduction for first-time readers. Original.

### Be Holding Gentleman Bastard

From evil vampires to a mysterious pack of wolves, new threats of danger and vengeance test Bella and Edward's romance in the second book of the irresistible Twilight saga. For Bella Swan, there is one thing more important than life itself: Edward Cullen. But being in love with a vampire is even more dangerous than Bella could ever have imagined. Edward has already rescued Bella from the clutches of

one evil vampire, but now, as their daring relationship threatens all that is near and dear to them, they realize their troubles may be just beginning. Passionate, riveting, and full of surprising twists and turns, this vampire love saga is well on its way to literary immortality. It's here! #1 bestselling author Stephenie Meyer makes a triumphant return to the world of Twilight with the highly anticipated companion, *Midnight Sun*: the iconic love story of Bella and Edward told from the vampire's point of view. sanctuary. It's 2032, and in this near-future America, all citizens are chipped and everyone is tracked--from buses to grocery stores. It's almost impossible to survive as an undocumented immigrant, but that's exactly what sixteen-year-old Vali is doing. She and her family have carved out a stable, happy life in small-town Vermont, but when Vali's mother's counterfeit chip starts malfunctioning and the Deportation Forces raid their town, they are forced to flee. Now on the run, Vali and her family are desperately trying to make it to her tía Luna's in California, a sanctuary state that is currently being walled off from the rest of the country. But when Vali's mother is detained before their journey even really begins, Vali must carry on with her younger brother across the country to make it to safety before it's too late. Gripping and urgent, co-authors Paola Mendoza and Abby Sher have crafted a narrative that is as haunting as it is hopeful in envisioning a future where everyone can find sanctuary. *Willa of Dark Hollow* Aladdin

From one of contemporary literature's bestselling, critically acclaimed, and beloved authors: a "luminous" novel (Jennifer Egan, *The New York Times Book Review*) about a fiercely compelling young widow navigating grief, fear, and longing,

and finding her own voice—"heartrendingly transcendent" (*The New York Times*, Janet Maslin). Set in Wexford, Ireland, Colm Tóibín's magnificent seventh novel introduces the formidable, memorable, and deeply moving Nora Webster. Widowed at forty, with four children and not enough money, Nora has lost the love of her life, Maurice, the man who rescued her from the stifling world to which she was born. And now she fears she may be sucked back into it. Wounded, selfish, strong-willed, clinging to secrecy in a tiny community where everyone knows your business, Nora is drowning in her own sorrow and blind to the suffering of her young sons, who have lost their father. Yet she has moments of stunning insight and empathy, and when she begins to sing again, after decades, she finds solace, engagement, a haven—herself. Nora Webster "may actually be a perfect work of fiction" (*Los Angeles Times*), by a "beautiful and daring" writer (*The New York Times Book Review*) at the zenith of his career, able to "sneak up on readers and capture their imaginations" (*USA TODAY*). "Miraculous...Tóibín portrays Nora with tremendous sympathy and

*Not If I See You First* Poppy

The New York Times bestseller that gives readers a paradigm-shattering new way to think about motivation from the author of *When: The Scientific Secrets of Perfect Timing* Most people believe that the best way to motivate is with rewards like money—the carrot-and-stick approach. That's a mistake, says Daniel H. Pink (author of *To Sell Is Human: The Surprising Truth About Motivating Others*). In this provocative and persuasive new book, he asserts that the secret to high performance and satisfaction—at work, at school, and at home—is the deeply human need to direct our own lives, to learn and create new things, and to do better by ourselves and our world. Drawing on four decades of scientific research on human motivation, Pink exposes the mismatch between what science knows and what business does—and how that affects every aspect of life. He examines the three elements of true motivation—autonomy, mastery, and purpose—and offers smart and surprising techniques for putting these into action in a unique book that will change how we think and transform how we live.

*Drive* Harper Collins

#1 New York Times Bestseller Over 10 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier

people. For decades, we've been told that positive thinking is the key to a happy, rich life. "F\*\*k positivity," Mark Manson says. "Let's be honest, shit is f\*\*ked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. *The Subtle Art of Not Giving a F\*\*k* is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f\*\*k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane,

ruthless humor, *The Subtle Art of Not Giving a F\*\*k* is a refreshing slap for a generation to help them lead contented, grounded lives.

*A Libertarian Walks Into a Bear* University of Pittsburgh Press

"Simultaneously hilarious, poignant, and deeply unsettling." —The New Republic  
A tiny American town's plans for radical self-government overlooked one hairy detail: no one told the bears. Once upon a time, a group of libertarians got together and hatched the Free Town Project, a plan to take over an American town and completely eliminate its government. In 2004, they set their sights on Grafton, NH, a barely populated settlement with one paved road. When they descended on Grafton, public funding for pretty much everything shrank: the fire department, the library, the schoolhouse. State and federal laws became meek suggestions, scarcely heard in the town's thick wilderness. The anything-goes atmosphere soon caught the attention of Grafton's neighbors: the bears. Freedom-loving citizens ignored hunting laws and regulations on food disposal. They built a tent city in an effort to get off the grid. The bears smelled food and

opportunity. *A Libertarian Walks Into a Bear* is the sometimes funny, sometimes terrifying tale of what happens when a government disappears into the woods. Complete with gunplay, adventure, and backstabbing politicians, this is the ultimate story of a quintessential American experiment -- to live free or die, perhaps from a bear.

honing their unique skills, such as sleight of hand, breaking and entering, observation, and explosives. All of these allow them to go places in the world of espionage where adults can't. Before she knows what she's doing, Sara is heading to Paris for an international youth summit, hacking into a rival school's computer to prevent them from winning a million euros, dangling thirty feet off the side of a building, and trying to stop a villain...all while navigating the complex dynamics of her new team. ### **One of Us Is Lying** Harper Collins

Be Holding is a love song to legendary basketball player Julius Erving—known as Dr. J—who dominated courts in the 1970s and '80s as a small forward for the Philadelphia '76ers, as well as over his career in both the NBA and ABA. But this book-length poem is more than just an ode to a magnificent athlete. Through a kind of lyric research, or lyric meditation, Ross Gay connects Dr. J's famously impossible move from the 1980 NBA Finals against the Los Angeles Lakers to pick-up basketball and the flying Igbo and the Middle Passage, to photography and surveillance

and state violence, to music and personal histories of flight and familial love. Be Holding wonders how the imagination, or how our looking, might make us, or bring us, closer to each other. How our looking might make us reach for each other. And might make us be reaching for each other. And how that reaching might be something like joy.
