*Use These Guidelines Of Super Healthy Food Consumption And Start Treating Your Body How It Deserves Today!* Nature gifted us her most valuable resources and we should value them as they are, without trying to transform them. For many years, humans lived on the natural nutrients that nature provides us with, but unfortunately, only in the last century food experiments were conducted and implemented to produce crazy amounts of food. Today, it's increasingly harder to find an ingredient that has naturally grown under the sun. Instead, the food industry giants are continually looking for cheaper ways of producing more and more food for larger profits thus introducing many artificial ingredients into our food. What does this mean for us? The sad thing is that, as our schedules become tighter and tighter, most of us are opting for empty-calorie, ready-to-eat foods from these food giants that only require to be popped in the microwave for 3 minutes and voila! Dinner is ready! Should the ever-increasing cases of lifestyle diseases such as cancer, diabetes, heart diseases, and the like then come as a surprise to us? I will tell you with certainty, NO! If we all stop just for a few seconds and pay attention to what our bodies are saying and respect that, only then will we understand that our bodies need real food to function and heal. This is where the whole food diet comes in; healthy living is a lifestyle and starting with the whole food diet is the first step to success. When undertaking the whole food diet, you should emphasize on dark green leafy veggies, plant obtained foods and other natural foods that have undergone zero or minimal processing. We are going to look at the whole food diet approved foods, complete with over 100 healthy whole food recipes in this guide. With the popularity of this diet, what's your excuse for not giving it a shot? Is it the cost, being too busy to make any diet work or the fact that you have a raging sweet tooth? We've all been here so I totally get it. But, with a lot of determination and some planning and keeping things simple, the whole food diet is totally possible. We are going to look at some delicious recipes made using every day healthy ingredients so don't worry about cost or using too much time cooking. When it comes to all the functions within your body, it all starts with food. So, let's get started! Here Is A Sneak Peek Of What You Will Learn

Theophilus of Antioch was a second-century Syrian bishop who sought to promote in three books, collectively known as *Ad Autolyicum*, a moralistic form of Christianity. Given that this form of Christianity is generally considered by scholars as atypical within the early church, Theophilus has not received the same amount of attention as have other second-century theologians. Rick Rogers seeks to redress this gap, offering a fuller analysis of the rhetoric and focus of Theophilus's theological system as it is manifest in *Ad Autolyicum*. Rogers concludes that Theophilus's thought may have been closer to the emphasis of Hellenistic Judaism than was any other form of New Testament or early Christianity. His book will hold strong appeal for scholars and students of early Christianity.

MALVINA BERTONATI is a chef and owner of a traditional Italian restaurant " Da Malvina " in one of the most popular seaside tourist destinations: Bonassola, right next to the famous Cinque Terre in Liguria, Italy. She has been cooking with passion for the last 40 years and she received a national award for her tasty, healthy and traditional cuisine. She was knighted for her services to the industry. ALINKA RUTKOWSKA just happened to pass by and fall in love with Malivna's cuisine. She was always very curious about what was going on in the restaurant kitchen but what she heard from Malvina most often was " fuori dalla mia cucina! ", meaning " get out of my kitchen! ". She obeyed until once she decided that even a complete cooking analphabetic like herself could at least try to replicate the masterpieces being created in Malvina's kitchen. With a pen, paper, camera and Malvina's blessing she compiled the amazing recipes and over 300 photographs into this book.

Read. Write. Reflect. The Collective Book Studio

"How do I write the great book that's inside me, dying to get out?"

This is a question that Monica Bhide has been asked thousands of times when speaking everywhere from the Smithsonian to leading blogging conferences to Les Dames d'Escoffier, from London to Dubai to Washington, DC. There's no boilerplate or blueprint for being a successful creative artist. But Ms. Bhide, through her decade of writing and teaching, has formulated easy-to-follow principles to help you unleash your creativity, whether it be writing a book, painting a canvas, or composing a musical opus. Read. Write. Reflect. will show you how to face your fears, shoot down your demons, get yourself started, and follow through with persistence until you complete your creative project. Be still. Believe. Persevere. Ms. Bhide uses stories and anecdotes as reflecting ponds to elucidate these basic actions that will set you on YOUR path to creativity. She guides you to the place where YOU make the commitment to apply these ideas daily to get your work out into the world. Read. Write. Reflect. is a guide to, in Ms. Bhide's words, "being led by your dreams, not your demons." You can't wait for inspiration. Don't hang around expecting your muse to show up. Don't sit and hope for someone to discover you. Use the tools in this book to understand yourself and your motivations, to reflect, and then work and persevere to become a creative artist who produces art that is straight from the heart.
