This book introduces future educators and researchers to several different psychological perspectives and uses these perspectives to introduce key issues such as knowledge acquisition and transfer, strategic process, and student motivation. As an editor and reviewer of the

top journals in the field, the author is able to present the latest research in language that is accessible and understandable. Unlike other books that are organized around theoretical topics valued by psychologists, it is organized around education problems and issues deemed important by educators.

The Harry Potter phenomenon created a surge in reading with a lasting effect on all areas of culture, especially education. Today, teachers across the world are harnessing the power of the series to teach history, gender studies, chemistry, religion, philosophy, sociology, architecture, Latin, medieval studies, astronomy, SAT skills, and much more. These essays discuss the diverse

educational possibilities of J.K. Rowling's books. Teachers of younger students use Harry and Hermione to encourage kids with disabilities or show girls the power of being brainy scientists. Students are reading fanfiction, splicing video clips, or exploring Rowling's new website, Pottermore. Harry Potter continues to open new doors to learning.

Chelsea Barrett finally has her life under control. She recently moved back home to Chilton Crosse, finished her first year of teaching, and completed the renovations on her Nightingale Cottage. But the sudden appearance of Luka McKane stops her in her tracks. Luka is the vicar ' s rebellious son and Chelsea ' s first love from sixteen years ago—the one she never got out of her system, the one who still occasionally haunts her

dreams. When Luka decides to stay in the village indefinitely, Chelsea makes the best of it by choosing to ignore their rocky past and start fresh with him, as friends. But when Chelsea and Luka begin inching closer together, the lines of their friendship blur, and they're forced to face their troubled past. Chelsea must decide whether loving Luka is worth the risk, a second time around.

For centuries, *Titus Andronicus* has carried the reputation of being the worst play by the best playwright. Though it was a great success when first staged in the late sixteenth century, in 1687 an English producer, Edward Ravenscroft, declared *Titus* "rather a heap of rubbish than

a structure," and in the twentieth century T.S. Eliot called it "one of the stupidest and most uninspired plays ever written." It is routinely referred to as "absurd" and "ridiculous", and many critics throughout the centuries have expressed their astonishment that the author of *Twelfth Night* and *Hamlet* could have been responsible for such a debacle. Only in recent decades has *Titus Andronicus* regained some of its initial popularity, due in great part to imaginative stagings by Peter Brook and Deborah Wagner, as well as to Julie Taymor's striking film

adaptation, Titus, which was released in 2000. Titus Andronicus was first performed sometime between 1590 and 1594, making it one of Shakespeare's earliest plays and, according to traditional opinion, his first tragedy. The story, set during the decline of the Roman Empire, tells of a fictional Roman general, Titus Andronicus, whose daughter is raped and mutilated through the mechanizations of the Goth-cum-Roman Queen, Tamara, her two lascivious sons, and her Moorish lover, Aaron. Titus' attempts to seek revenge are rebuffed by the corrupt state until he finally takes justice into his own hands - with astonishingly gruesome results. Many critics view Titus as Shakespeare's youthful attempt at working in a very popular genre of the Elizabethan era: the revenge tragedy. The revenge tragedy is exemplified by Thomas Kyd's *The Spanish Tragedy*, which was produced around 1587, and was best represented at the time of Titus's composition by Christopher Marlowe's *Tambourline Parts I & II*. Likely the young Shakespeare, feeling a simultaneous urge to pen a hit play and to answer the challenge of Marlowe's excellent epic, wrote Titus as a kind of "apprentice piece" (MacDonald xxxi). It bears many of the earmarks of youth: it is overstated and shocking, yet it is also strictly formal, containing many speeches of the Classically rhetorical sort that Shakespeare would have studied in grammar school. It is bombastic yet scholastic; wild in content yet proper in form. As a specimen of juvenilia Titus is fascinating: there are stretches of dense and complex poetry, and numerous foreshadowings of Shakespeare's masterpieces to come. As a play in its own

right, however, Titus is generally viewed as a merely adequate work, unable to reconcile the themes it contains with the way it contains them.

This book is designed to assist educators' exploration of the Internet and educational resources available online. An overview lists the five basic types of information exchange possible on the Internet, and outlines five corresponding telecomputing options. The book contains an overview and four sections. The chapters in Section One, "Information Resources," focus on: (1) Gopher Tools; (2) The World Wide Web; (3) Interactive Telnet Sessions; (4) File Transfers on the Internet; and (5) Receiving and

Uncompressing Files. Section Two, "Interpersonal Resources," contains chapters: (6) Electronic Mail Services; (7) Internet-Based Discussion Groups; and (8) Finding People on the Internet. Section Three, "Educational Applications," includes chapters: (9) Telecollaborative Educational Activities, including interpersonal exchanges, information collections, problem-solving projects, and an educational telecomputing archive; and (10) Teleresearch Activities. Section Four consists of five appendixes which list recommended gophers, World

Wide Web pages; telnet sites; FTP archives; and mailing lists; and an index. (AEF)

In July 2007, the School of Law at the University of Warwick hosted an international conference on 'Shakespeare and the Law'. This was a truly interdisciplinary event,

which included contributions from eminent speakers in the fields of English, history, theatre and law. The intention was to provide a congenial forum for the exploration, dissemination and discussion of Shakespeare's evident fascination with and knowledge of law, and its manifestation in his works. The papers included in this volume reflect the diverse academic interests of participants at the conference. The eclectic themes of the edited

collection range from analyses of the juristic content of specific plays, as in 'Consideration, Contract and the End of The Comedy of Errors', 'Judging Isabella: Justice, Care and Relationships in Measure for Measure', 'Law and its Subversion in Romeo and Juliet', 'Inheritance in the Legal and Ideological Debate of Shakespeare's King Lear' and 'The Law of Dramatic Properties in The Merchant of Venice', to more general explorations of Shakespearean

jurisprudence, including 'Shakespeare and Specific Performance', 'Shakespeare and the Marriage Contract', 'The Tragedy of Law in Shakespearean Romance' and 'Punishment Theory in the Renaissance: the Law and the Drama'.

Biting Cold Neal Schuman

The tale begins over three-hundred years ago, when the Fair People—the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen lands—fled the Old World for the New, seeking haven from the ways of Man.

With them came their precious jewels: diamonds, rubies, emeralds, pearls... But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now... Across North America, these twelve treasures, over ten-thousand dollars in precious jewels in 1982 dollars, are buried. The key to finding each can be found within the twelve full-color paintings and verses of THE SECRET. Are you smart enough? THE SECRET: A TREASURE HUNT was published in 1982. The year before publication, the author

and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in

2004 in Cleveland by two members of the Quest4Treasure forum. Net-mom's Internet Kids & Family Yellow Pages Metropolitan Museum of Art From William Horton -- a world renowned expert with more than thirty-five years of hands-on experience creating networked-based educational systems -- comes the next-step resource for e-learning training professionals.
