The Winchester Model 94 and its revolutionary 30-30 cartridge changed the world of shooting forever. Sam Fadala is here to tell you the whole story, tracing the development of the most popular hunting rifle ever designed, discussing sights, ammunition, and cleaning procedures, as well as telling you how to

hunt large and small game.

Reloading for Handgunners Simon and Schuster

In *Reloading for Handgunners*, the reader will learn the benefits of serious handgun ammunition reloading (decreased cost, increased reliability) in an accessible, step-by-step way. In addition, the reader will learn how to avoid the costly, wasteful errors that plague many reloaders, experienced and novice alike. Finally, the reader will enjoy the vast experience and unique style that have made Patrick Sweeney the country's leading guru on tactical and competition shooting and ammunition.

Features: Shortcuts, hints and tips (from a certified master

gunsmith, film consultant, and certified Armorer Instructor) to reload your own ammunition and avoid costly errors Loading data for the most popular and asked-about calibers Specialty loading info for: Competition: IPSC/IDPA, Bullseye, Steel Challenge, Cowboy Hunting: heavy magnums and big bores Florida Wildlife Vintage This five-part series provides field stripping basics and thoroughly explains all takedown components and finishes with reassembly instructions for hundreds of popular firearms. Clear photos and easy-to-understand instructions guide readers every step of the way. Author J.B. Wood has revised and expanded these volumes, so each contains hundreds of variants. More than

2,500 pages of hands-on information help to increase your accuracy and speed. Shooting Lever Guns of the Old West Krause Publications Incorporated In the study and appreciation of American history, and in understanding the crucial role played by firearms in that extraordinary saga, one of the most famous gunmakers is Winchester. Their products are so much in demand that they indisputably hold the title of the Blue Chips of gun collecting. And while a notable amount of literature on these marques has appeared in print, much of it from the period of post-World War II, there are

still major categories which demand focused books. Such works are in response not only to the "need to know" from students, historians and collectors, but also are a powerful reflection of the ever-expanding explosion of interest in the magical world of firearms. The study of arms is a highly visual, and technical, pursuit. Having the objects sitting on a page, as if they are on the reader's desk, is a true delight. Few photographers can equal those images of excellence. And no one today can match his combination of skill, aptitude and artistry at doing both text and photographs

The History of Winchester Firearms 1866-1992 Briar Patch Press

The New Official Gun Book
Simon and Schuster

Diagnose and repair a broad selection of popular hunting firearms in the convenience of your home workshop and save money, too. Do-It-Yourself Gun Repair is an authoritative guide to maintaining, repairing, and improving rifles, shotguns, and handguns. Many of the repairs professional gunsmiths make involve replacing broken or worn parts, and you ' ll learn to identify and correct these

common problems quickly, safely, and easily by following the detailed instructions and illustrations of gunsmithing expert Edward A. Matunas. Matunas teaches the home gunsmith a wide variety of repairs with easy-to-understand directions and solid, step-by-step advice based on his many years of professional gunsmithing.

Topics include:

- Hand and power tool suggestions for home gunsmithing

- Replacing firing pins, extractors, and ejectors
- Analyzing and correcting accuracy problems
- Top-notch information about bedding the barrel and bore

- Easy installation of scopes, mounts, sights, and recoil pads
- Repair of splits and cracks in stocks
- Avoiding common mistakes and time-consuming double work

A unique feature of this book is a section covering disassembly, repair, and reassembly of seven of the

most popular firearms: Remington 700, Remington 1100, Remington 870, Winchester 94, Savage 110, Marlin 336, and Marlin 70. The instructions are fully illustrated with photos and drawings as well as exploded views and parts lists, and much of this information can be applied to other guns with similar actions.

News Media Guide to Firearms

This book is a summary of

important information regarding the popular Winchester Models 1873, 1892 and 1894. This third edition has added material on the Models 53, 65, 55, 64 & 95 and some added pictures and details regarding these old Winchesters. The goals for this publication are to:1. Provide information on how to preserve these old Winchesters, so we leave them for the next generation in as good or better condition than we found them. This includes proper cleaning and minor repairs.5. Provide details of the various parts of the rifles and carbines to assist in the proper disassembly and assembly. This includes the proper size of screwdriver bits to use in order to not damage the screw heads. And the correct screw thread sizes for the various screws in each of these models.2. Provide a summary of important historical and

production information regarding these Models.3. Provide information regarding how to judge the condition of these old rifles. I have included some information from others regarding how to evaluate an old Winchester. This is important when examining a rifle for possible purchase. Common mistakes in purchasing are also included. 4. Provide references for information regarding ATF regulations on gun transfers, i.e. buying and selling. 5. Provide instructions on how to properly refinish the stocks & forearms using a 100% linseed oil formula like was originally used on most of these old guns, and considerations as when to refinish or not refinish these old guns. 6. Another published book by the author, The Winchester 1894, Survey & Production Information, includes a reprint of the 1995 ARMAX Survey of the first 353,999

Records by Cody Firearms Museum. And additional information regarding the model 1894.
