Microsoft Windows Media Player for Windows XP Handbook Que Publishing

New to Windows XP? Learn everything you need to know to make your computer work for you with the Absolute Beginners Guide from Que. Includes the latest coverage of Service Pack 1, the first update to Windows XP since its 10/01 release. XP is the fastest-selling Windows version ever, selling 32 million copies within 6 months of release. Other guides focus on features rather than how those features are used in everyday computing tasks. This guide is designed to help readers use Windows XP effortlessly.

Microsoft Windows continues to dominate the home and corporate desktop, growing in market share from 89 percent last year to 92 percent this year. For the first time, Windows XP brings the power and stability of Windows NT/2000 to the consumer and home computer with Windows XP Home Edition, the successor to Windows 98/Me.

Hundreds of thousands of users are looking for straightforward, easy-to-understand information on how to use this version of Windows XP to make computing easier. Absolute Beginners Guide to Microsoft Windows XP is the perfect tool to get new Windows users up and running and making their computer work for them. Shelley O'Hara is the author of more than 100 books,

most of which relate to computers. She specializes in books that explain technical concepts and features, and writes in terms that the average user can understand. She has done training and worked in the publishing industry before becoming a full-time writer. Additional titles written by Shelley are Easy Windows XP, Home Edition, (10/01, 0789726599) and Easy Windows 98, (6/98, 0789714841).
