The Ford F53 Chassis is the most popular chassis used for the manufacture of motorhomes in America. Normally, the manufacturer of the motorhome does not include a discussion of the technical aspects of the chassis in it's operator's manual. This manual covers the equipment supplied by Ford starting from the headlights, wipers, blinkers, batteries, the engine, transmission, power train and fuel system. The manual offers important information about the maintenance and operation of the F53 chassis as well as charts on all relays and fuses used in the vehicle.
