The Churchills Vintage Canada

The final volume of the acclaimed official biography: “A meticulously detailed and annotated account of Churchill’s declining years . . . A contemporary classic” (Foreign Affairs). The eighth and final volume of Winston S. Churchill’s official biography begins with the defeat of Germany in 1945 and chronicles the period up to his death nearly twenty years later. It sees him first at the pinnacle of his power, leader of a victorious Britain. In July 1945 at Potsdam, Churchill, Stalin, and Truman aimed to shape postwar Europe. But upon returning home, was thrown out of office in the general election. Though out of office, Churchill worked to restore the fortunes of Britain’s Conservative Party while warning the world of Communist ambitions, urging the reconciliation of France and Germany, pioneering the concept of a united Europe, and seeking to maintain the close link between Britain and the United States. In October 1951, Churchill became prime minister for the second time. The Great Powers were navigating a precarious peace at the dawn of the nuclear age. With the election of Eisenhower and the death of Stalin, he worked for a new summit conference to improve East-West relations; but in April of 1955, ill health and pressure from colleagues forced him to resign. In retirement Churchill completed his acclaimed four-volume *History of the English-Speaking Peoples* and watched as world conflicts continued, still convinced they could be resolved by statesmanship. “Never despair” remained his watchword, and his faith, until the end. “A milestone, a monument, a magisterial achievement . . . rightly regarded as the most comprehensive life ever written of any age.” —Andrew Roberts, historian and author of *The Storm of War* “The most scholarly study of Churchill in war and peace ever written.” —Herbert Mitgang, *The New York Times*

The Second World War Rosetta Books

A look at the towering twentieth-century leader and his lifestyle that goes beyond the political and into the personal. Countless books have examined the public accomplishments of the man who led Britain in a desperate fight against the Nazis with a ferocity and focus that earned him the nickname “the British Bulldog.” *Churchill Style* takes a different kind of look at this historic icon—delving into the way he lived and the things he loved, from books to automobiles, as well as how he dressed, dined, and drank in his daily life. With numerous photographs, this unique volume explores Churchill’s interests, hobbies, and vices—from his maddening oversight of the renovation of his country house, Chartwell, and the unusual styles of clothing he preferred, to the seemingly endless flow of cognac and champagne he demanded and his ability to enjoy any cigar, from the cheapest stogies to the most pristine Cubans. Churchill

always knew how to live well, truly combining substance with style, and now you can get to know the man behind the legend—from the top of his Homburg hat to the bottom of his velvet slippers. “All readers will appreciate Singer’s highly intelligent observations about how Churchill’s style contributed to, and was ultimately an integral part of his brilliant career.” —Gentleman’s Gazette

The Churchill Documents: Disruption and chaos, July 1919-March 1921
Macmillan + ORM

The two most significant British political figures of the twentieth-century, Churchill and Lloyd George were political rivals but personal friends. Between them their ministerial careers spanned seventy years and two world wars. Although they could not have been more different temperamentally, and often disagreed violently about politics, theirs was ‘the longest political friendship in the life of Great Britain’ and Churchill was the only person outside his family to call Lloyd George ‘David’. Richard Toye’s book is a dynamic account of their relationship. Drawing on diaries and letters, some never before published, (there are more than 1,000 pieces of correspondence between the two men), he explores their long-standing friendship and rivalry, the impact they had on each other’s careers, and the fate of their respective reputations, arguing that Lloyd George’s major achievements have been undeservedly overshadowed, in part as a consequence of Churchill’s later mythmaking. It is a major work from a brilliant young historian.

Lloyd George and Churchill Macmillan

The introduction and annotations by Boyle help place the letters in context, but, as the editor intended, the letters speak for their own importance. Collected here are personally written communications that reveal the warm relationship of the two men as well as their individual personalities and their grasp of the issues of the day. Paper edition (unseen), \$10.95. Annotation copyrighted by Book News, Inc., Portland, OR
Winston S. Churchill: Never Despair, 1945 – 1965 Casemate Publishers

WINNER OF THE HWA NON-FICTION CROWN A TIMES AND SPECTATOR BOOK OF THE YEAR ‘Britain’s wartime story has been told many times, but never as cleverly as this.’ Dominic Sandbrook In the bleak first half of the Second World War, Britain stood alone against the Axis forces. Isolated and outmanoeuvred, it seemed as though she might fall at any moment. Only an extraordinary effort of courage - by ordinary men and women - held the line. The Second World War is the defining experience of modern British history, a new Iliad for our own times. But, as Alan Allport reveals in this, the first part of a major new two-volume history, the real story was often very different from the myth that followed it. From the subtle moral calculus of appeasement to the febrile dusts of the Western Desert, Allport interrogates every aspect of the conflict - and exposes its echoes in our own age. Challenging orthodoxy and casting fresh light on famous events from Dunkirk to the Blitz, this is the real story of a clash between civilisations that remade the world in its image.

Drawn from Churchill's personal papers and other archives, the document volumes contain materials referenced in the narrative, including top secret telegrams, private letters and diaries from family, friends, and opponents.

Churchill's Political Philosophy Good Press

This “superb, unsettling new history” examines how the man who stood for freedom in WWII staunchly promoted Imperialism across the globe (Johan Hari, The New York Times Book Review). A charmer and a bully, Winston Churchill was driven by a belief that the English were a superior race, whose goals went beyond individual interests to offer an enduring good to the entire world. No better example exists than Churchill's resolve to stand alone against a more powerful Hitler in 1940 while the world's democracies fell to their knees. But there is also the Churchill who frequently inveighed against human rights, nationalism, and constitutional progress—the imperialist who could celebrate racism and believed India was unsuited to democracy. Drawing on newly released documents and an uncanny ability to separate the facts from the overblown reputation (by mid-career Churchill had become a global brand), Richard Toye provides the first comprehensive analysis of Churchill's relationship with the empire. Instead of branding Churchill as a simple hero or villain of history, Toye demonstrates how the statesman evolved over time. He challenges the reader to understand Churchill's need to reconcile the demands of conscience with those of political conformity.

The Churchill Documents W. W. Norton & Company

A major new history of Churchill in the 1930s, showing how his meetings at Chartwell, his country home, strengthened his fight against the Nazis. In the 1930s, amidst an impending crisis in Europe, Winston Churchill found himself out of government and with little power. In these years, Chartwell, his country home in Kent, became the headquarters of his campaign against Nazi Germany. He invited trusted advisors and informants, including Albert Einstein and T. E. Lawrence, who could strengthen his hand as he worked tirelessly to sound the alarm at the prospect of war. Katherine Carter tells the extraordinary story of the remarkable but little known meetings that took place behind closed doors at Chartwell. From household names to political leaders, diplomats to spies, Carter reveals a fascinating cast of characters, each of whom made their mark on Churchill's thinking and political strategy. With Chartwell as his base, Churchill gathered intelligence about Germany's preparations for war—and, in doing so, put himself in a position to change the course of history.

How Churchill Waged War Rosetta Books

Forms part of the official biography of Winston Churchill, consisting of eight narrative volumes and twenty-three planned document volumes. Drawn from Churchill's personal papers and other archives, the document volumes contain materials referenced in the narrative, including top secret telegrams, private letters and diaries from family, friends, and opponents.

The Churchill Documents: Youth, 1874-1896 HarperCollins UK

Although remembered and even lauded in the public mind as the British prime minister during the Second World War who played a major role in Allied victory over the Axis Powers and Japan, Winston Churchill had a life and political career before 1939 conditioned by fighting other wars and, in peacetime, thinking about war. While historians debate his achievements and failures between 1939 and 1945, a less explored dimension is Churchill's earlier connexion with war and warfare. This book explores Churchill's earlier experience in fighting wars as a soldier and politician.

Winston Churchill Reporting Pan Macmillan

Winston Churchill is arguably the most famous Briton, but a shroud of mystery still surrounds him and his family. From Sir Randolph's alleged syphilis to Winston's illegitimacy, and from Jennie's gambling problem to Jack's dashed ambitions, authors Celia and John Lee use never before seen archives to cut through the rumors and lies and get to the truth about the life of the former prime minister and his relationship with his family. Chock full of intrigue and scandal, *The Churchills* finally sets the record straight regarding one of the world's greatest dynasties.

The Churchill-Eisenhower Correspondence, 1953-1955 McFarland

Winston Churchill's 'My Early Life' is a captivating autobiographical account that provides a unique insight into the formative years of one of the most influential figures in British history. Written in a candid and engaging style, the book details Churchill's early experiences, from his childhood to his time as a young army officer and war correspondent. Its narrative is rich with vivid descriptions and poignant reflections, offering a valuable perspective on the events that shaped Churchill's character and worldview. Set against the backdrop of the late 19th and early 20th centuries, 'My Early Life' captures the spirit of the Victorian era and provides a personal glimpse into the life of a remarkable leader. The book is not only a compelling memoir but also a literary masterpiece that showcases Churchill's eloquent writing style and keen intellect. An essential read for history enthusiasts and admirers of Churchill, 'My Early Life' offers a profound understanding of the man behind the iconic figure, shedding light on the influences that would later define his legacy.

Winston and Clementine Taylor & Francis

How to analyze behavior using personology. Major traits illustrated with descriptions, examples and suggestions.

Personology is a scientific method of identifying aspects of individual personalities by linking appearance and human structure.

The Churchill Documents: Young soldier, 1896-1901 Imperial War Museums

Winston Churchill is a renowned historical figure, whose remarkable political and military career continues to enthral. This book consists of short, highly readable chapters on key aspects of Churchill's career. Written by leading experts, the chapters draw on documents from Churchill's extensive personal papers as well as cutting-edge scholarship. Ranging from Churchill's youthful statesmanship to the period of the Cold War, the volume considers his military strategy during both World Wars as well as dealing with the social, political and economic issues that helped define the Churchillian era. Suitable for those coming to Churchill for the first time, as well as providing new insights for those already familiar with his life, this is a sparkling collection of essays that provides an enlightening history of Churchill and his era.

Winston Churchill Bloomsbury Publishing

This in-depth account of the legendary leader's ailments and their effects is a “tremendously important contribution to Churchillian studies” (Claremont Review of Books). Prominent physicians Allister Vale and John Scadding have written a meticulously researched and definitive account documenting all of Winston Churchill's major illnesses, from an episode of childhood pneumonia in 1886 until his death in 1965. They have adopted a thorough approach in gaining access to numerous sources of medical information and have cited extensively from the clinical records of the distinguished physicians and surgeons invited to consult on Churchill during his many episodes of illness. These include not only objective clinical data, but also personal reflections by Churchill's family, friends and political colleagues, resulting in a unique and fascinating study.

Churchill Style ABRAMS

A books which traces Churchill's life in the news from cradle to grave, showing how tensions between tradition and novelty played into his constantly evolving media image.

The Churchill War Papers Yale University Press

The Second World War saw the role of espionage, secret agents and spy services increase exponentially as the world was thrown into a conflict unlike any that had gone before it. At this time, no one in

government was really aware of what MI5 and its brethren did. But with Churchill at the country's helm, it was decided to let him in on the secret, providing him with a weekly report of the spy activities. These reports were so classified that he was handed each report personally and copies were never allowed to be made, nor was he allowed to keep hold of them. Even now, the documents only exist as physical copies deep in the archives, many pages annotated by hand by 'W.S.C.' himself. In Churchill's Spy Files intelligence expert Nigel West unravels the tales of hitherto unknown spy missions, using this groundbreaking research to paint a fresh picture of the worldwide intelligence scene of the Second World War.
