Humphrey's Book of Fun Fun Fun

Bearport Publishing

The fifth book in the beloved and award-winning school hamster series! The students in Room 26 are learning about boats and building their own for a race on Potter's Pond. Humphrey the hamster loves dreaming about being a pirate and watching his friends

build ships. But when he mistakenly ends up at sea on the day of the boat race, he finds himself in the middle of more adventure than he bargained for! Humphrey is back in this charming story of a hamster on the high seas of hilarity. Look for all twelve of Humphrey's adventures!

Faber & Faber

Humphrey's eleventh adventure celebrates stories, writing, and the power of the imagination! Imaginations are running wild in Mrs. Brisbane's class, but Humphrey is stumped. His friends are writing about where they would go if they could fly, but Humphrey is HAPPY-HAPPY-HAPPY right where he is in Room 26. It's

pawsitively easy for Humphrey to picture exciting adventures with dragons and knights in the story Mrs. Brisbane is reading aloud. He has no trouble coming up with Plans to help his friends and tricks to entertain them. His imagination even goes a little too far when he wonders if Carlos's imaginary friend might be a ghost. If only his imagination wouldn't disappear when he tries to write. Luckily, Humphrey likes a challenge, and Mrs. Brisbane has lots of writing tips that do the trick.

Friendship According to Humphrey Faber & Faber

Humphrey the hamster is puzzled when unfamiliar students fill Mrs. Brisbane's classroom at summer's end, but he soon learns that his

friends from last year are fine and that the new class needs his special help. Available in hardcover and paperback reprint.

Karen's Dinosaur (Baby-Sitters Little Sister #73) Scholastic Inc. It ' s the HAPPY-HAPPY-HAPPY holidays for everyone's favorite classroom pet! The holidays are coming and Humphrey is unsqueakably excited. He loves to hear about all the different ways his friends in Room 26 celebrate and to watch them make costumes and learn songs for the Winter Wonderland pageant. (He even squeaks along!) But with so much to do, will the holidays go according to plan? Do-It-Now-Daniel is having trouble practicing, Helpful-Holly can ' t stop worrying about making presents for her friends, and Humphrey still has to find a gift for Og! Good thing Humphrey is one smart hamster who can help them all fill the season with JOY-JOY-JOY! Nominated for twenty-four state awards and the winner of seven, the Humphrey series is a hit

across the country. And he's a One School, One Book favorite!

The World According to Humphrey
Penguin

Only in the last decade have climatologists developed an accurate picture of yearly climate conditions in historical times. This development confirmed a long-standing suspicion: that the world endured a 500-year cold snap-The Little Ice Age-that lasted roughly from A.D. 1300 until 1850. The Little Ice Age tells the story of the turbulent, unpredictable and often very cold years of modern European history,

how climate altered historical events, and what they mean in the context of today's global warming. With its basis in cutting-edge science, The Little Ice Age offers a new perspective on familiar events. Renowned archaeologist Brian Fagan shows how the increasing cold affected Norse exploration; how changing sea temperatures caused English and Basque fishermen to follow vast shoals of cod all the way to the New World; how a generations-long subsistence crisis in France contributed to social disintegration and ultimately revolution; and how English efforts to improve farm productivity in the face of a deteriorating climate helped pave the way for the Industrial Revolution and hence for global warming. This is a fascinating, original book for anyone interested in history, climate, or the new subject of how they interact. /Div

Humphrey's job as classroom pet is to help his humans solve their problems, but all these secrets are making it HARD-HARD-HARD!

Summer According to Humphrey Winter According to Humphrey

Everyone's favorite classroom pet is now starring in chapter books! Longfellow School is having a school fair! They will have bouncy castles, bean bag games, painted faces, and delicious treats. And there's also a contest for best class spirit. Of course Mrs. Brisbane's class decides Humphrey and Og are the biggest reasons their class is so special and they make costumes and signs to show everyone why. At first it seems as though Humphrey and Og won't get to go to the fair, but luckily Aldo figures out a way to get them there safely. The fair is as wonderful as Humphrey imagined and he even ends up being the surprise star of the day. Just-right for readers transitioning from easy-to-

reads to chapter books, Humphrey's Tiny Tales simply make kids HAPPY-HAPPY-HAPPY.

The Magic of Friendship Snow Penguin

Dear Friends Jingle bells and dancing snowflakes, Christmas was coming and suddenly my life as a classroom hamster became unshakably exciting! The music teacher, Miss Lark, spent a lot of time in Room 26, preparing our class for Longfellow School's Winter Wonderland show so there was plenty of FUN-FUN-FUN. But my classmates were also having some BIG-BIG-BIG problems. Could one small hamster solve them on his own? Luckily, the spirit of the season managed to shine through and in the end it was definitely a Christmas to remember.

Case Closed? Penguin

Leaves change color and fall from trees. Farmers' crops are fully grown and ready for harvesting. The days grow shorter and cooler. What does it all mean? It must be fall! From changes in plant growth to

adjustments in animal behavior (for example, storing food for winter), this colorful book gives kids an exciting opportunity to discover nature in action. Fun activities, such as making a weather notebook to regularly record temperature, cloud cover, and precipitation, help emergent readers participate in a key part of the scientific process. Expertly crafted to meet early elementary reading and science curriculum standards, *How Do You Know It's Fall?* introduces young readers to science concepts and the two fundamental components of scientific inquiry--making observations, and drawing inferences from those observations.
