It's been a few years since I
read a Dean Koontz I'd
forgotten just how good he is
– if not the master of horror,
then very close. Winter
Moon is the essence of a
collective of stories, if you
like King's Tommy
Knockers, and Herbert's

The Fog, this will suit you. It
begins with two seemingly
unrelated stories.

The first time I read a Dean Koontz novel was under his pseudonym, Leigh Nichols, it was many years ago but I remember that it was an excellent spine-tingling, suspenseful book and Winter Moon was no different. Dean Koontz knows how to instil fear in the reader, from the first page of Winter Moon the terror escalates little by little until the last few pages and then BOOM the tension builds faster and faster.

Winter Moon:
