"Koontz is brilliant in the creation of his characters and in building tension." CHICAGO SUN-TIMES In Los Angeles, a hot Hollywood director, high on PCP, turns a city street into a fiery apocalypse. Heroic LAPD officer Jac McGarvey is badly wounded and will not walk for months. His wife and his child are left to fend for themselves against both criminals that control an increasingly violent city and the dead director's cult of fanatic fans. In a lonely corner of Montana, Eduardo Fernandez, the father of McGarvey's murdered partner, witnesses a strange nocturnal sight. The stand of pines outside his house suddenly glows with eerie amber light, and Fernandez senses a watcher in the winter woods. As the seasons change, the very creatures of the forest seem in league with a mysterious presence. Fernandez is caught up in a series of chilling incidents that escalate toward a confrontation that could rob him of his sanity or his life--or both. As events careen out of control, the McGarvey family is drawn to Fernandez's Montana ranch. In that isolated place they discover their destiny in a terrifying and fiercely suspenseful encounter with a hostile, utterly ruthless, and enigmatic enemy, from which neither the living nor the dead are safe. Journey into the Grazi Kelly Universe with this heart pounding Young Adult Urban Fantasy series featuring teen Werewolf Maria Graziana Kelly, aka Grazi, as she comes of age and learns the truth behind the mystery of who she really is. "It was difficult to remember the girl I used to be when my Wolf instincts were at the forefront as they were now. I closed my eyes and counted backwards. A little calming technique Cara had told me in one of the rare moments during our training when she was not out for my blood. It was a useful tool. When I opened my eyes I could think more clearly. The footsteps were closer and any second their bearers would break from the stand of trees into the small clearing where I was being held. I braced myself, but nothing could have prepared me for the sight that came next. Angela's fiery red hair broke through the tree line followed by a tall mystery guy with dark hair and a limp Wolf in his arms. I knew that Wolf. It was Ronan." It is close to the winter solstice when Maeve Lewin's simple trip to Scotland to re-unite with her mother throws her headlong into a dangerous world. A prophecy written centuries before seems to describe her as 'the one', and despite Maeve's insistence that this couldn't possibly be true her mother and grandmother both agree that it is. What Maeve doesn't know is that her boyfriend, Harold, is part of her destiny, mentioned in the ancient text as 'the one of noble birth who will stand by her side.' But Harold's only plan is to join Maeve in Scotland for the New Year before the two of them fly home to the States.
