Audels Millwrights & Mechanics Guide for Plant Maintainers, Builders, Rigges, Erectors, Operators, Construction Men and Engineers Perhaps the most charismatic automobile ever, the

Volkswagen Beetle was the longest-running, most-manufactured automobile on a single platform of all time. From 1938 to 2003, more than 21.5 million "Bugs" were assembled, distributed, and sold on nearly every continent in the world. Throughout the Beetle's successful run, many of these cars have been relegated to project car status due to their age or condition. Airkooled Kustoms, a VW restoration shop in Hazel Green, Alabama, brings its expertise in restoring these cars to book form with this all-encompassing compilation. Restoring your Beetle is covered through step-by-step sequences from unbolting that first nut through polishing the paint on your freshly restored Bug. The

specialists at Airkooled Kustoms walk you through the proper disassembly methods, restoring versus replacing components, and reassembling your restored Bug, covering everything related to the body, undercarriage, and interior along the way. It's about time a thorough, hands-on restoration book has been authored by authorities who know the Beetle like the back of their hands. With this book, you will have everything you need to bring your old or new VW Beetle project back to life.

Popular Mechanics Magazine Stonewall Book Award Honor Book winner Ivan Coyote is a celebrated storyteller and the author of ten previous books, including Gender Failure (with Rae Spoon) and One in Every Crowd, a collection for LGBT youth. Tomboy Survival Guide is a funny and moving memoir told in stories, in which Ivan recounts the pleasures and difficulties of growing up a tomboy in

Canada ' s Yukon, and how they learned to embrace their tomboy past while carving out a space for those of us who don ' t fit neatly into boxes or identities or labels. Ivan writes movingly about many firsts: the first time they were mistaken for a boy; the first time they purposely discarded their bikini top so they could join the boys at the local swimming pool; and the first time they were chastised for using the women ' s washroom. Ivan also explores their years as a young butch, dealing with new infatuations and old baggage, and life as a gender-box-defying adult, in which they offer advice to young people while seeking guidance from others. (And for tomboys in training, there are even directions on building

---

your very own unicorn trap.) Tomboy Survival Guide warmly recounts Ivan ' s adventures and mishaps as a diffident yet free-spirited tomboy, and maps their journey through treacherous gender landscapes and a maze of labels that don ' t quite stick, to a place of self-acceptance and an authentic and personal strength. These heartfelt, funny, and moving stories are about the culture of difference—a “ guide ” to being true to one ' s self.
