Acclaimed as one of the most exciting books in the history of American letters, this modern epic became an instant bestseller upon publication in 1974, transforming a generation and continuing to inspire millions. This 25th Anniversary Quill Edition features a new introduction by the author; important typographical changes; and a Reader's Guide that includes discussion topics, an interview with the author, and letters and documents detailing how this extraordinary book came to be. A narration of a summer motorcycle trip undertaken by a father and his son, the book becomes a personal and philosophical odyssey into fundamental questions of how to live. The narrator's relationship with his son leads to a powerful self-reckoning; the craft of motorcycle maintenance leads to an austerely beautiful process for reconciling science, religion, and humanism. Resonant with the confusions of existence, Zen and the Art of Motorcycle Maintenance is a touching and transcendent book of life.

Taste is considered one of the lowest sensory modalities, and the most difficult to express in language. Recently, an increasing body of research in perception language and in Food Studies has been sparking new interest and new perspectives on the importance of this sense. Merging anthropology, evolutionary physiology and philosophy, this book investigates the language of Taste in English, and its relationship with our embodied minds. In the first part of the book, the author explores the semantic dimensions of Taste terms with a usage-based approach. With the application of experimental protocols, Bagli enquires their possible organization in a radial network and calculates the Salience index of gustatory terms in both American and British English. The second part of the book is an overview of the metaphorical extensions that motivate the polysemy of Taste terms, with the aid of corpus analysis methods and various texts. This book is the first to review systematically and in a usage-based perspective the role of the sensory domain of Taste in English, showing a more complicated picture and suggesting that its under-representation and difficulty of encoding does not correspond to lack of importance.

My name is Elizabeth Anne Hawksmith, and my age is three hundred and eighty-four years. Each new settlement asks for a new journal, and so this Book of Shadows begins... In the spring of 1628, the Witchfinder of Wessex finds himself a true Witch. As Bess Hawksmith watches her mother swing from the Hanging Tree she knows that only one man can save her from the same fate at the hands of the panicked mob: the Warlock Gideon Masters, and his Book of Shadows. Secluded at his cottage in the woods, Gideon instructs Bess in the Craft, awakening formidable powers she didn't know she had and making her immortal. She couldn't have foreseen that even now, centuries later, he would be hunting her across time, determined to claim payment for saving her life. In present-day England, Elizabeth has built a quiet life for herself, tending her garden and selling herbs and oils at the local farmers' market. But her solitude abruptly ends when a teenage girl called Tegan starts hanging around. Against her better judgment, Elizabeth begins teaching Tegan the ways of the Hedge Witch, in the process awakening memories--and demons--long thought forgotten. Part historical romance, part modern fantasy, Paula Brackston's New York Times bestseller, The Witch's Daughter, is a fresh, compelling take on the magical, yet dangerous world of Witches. Readers will long remember the fiercely independent heroine who survives plagues, wars, and the heartbreak that comes with immortality to remain true to herself, and protect the protégé she comes to love.

Barbara Kingsolver's acclaimed international bestseller tells the story of an American missionary family in the Congo during a poignant chapter in African history. It spins the tale of the fierce evangelical Baptist, Nathan Price, who takes his wife and four daughters on a missionary journey into the heart of darkness of the Belgian Congo in 1959. They carry with them to Africa all they believe they will need from home, but soon find that all of it - from garden seeds to the King James Bible - is calamitously transformed on African soil. Told from the perspective of the five women, this is a compelling exploration of African history, religion, family, and the many paths to redemption. The Poisonwood Bible was nominated for the Pulitzer Prize in 1999 and was chosen as the best reading group novel ever at the Penguin/Orange Awards. It continues to be read and adored by millions worldwide.

USA TODAY BESTSELLER “ Lt Colonel Dan Rooney is a true patriot who serves our country with courage and honor. ” —George H.W. Bush, 41st President of the United States F-16 fighter pilot, American hero, Folds of Honor founder, PGA professional, and inspirational family man Dan Rooney delivers a motivational code for living to help ordinary people ascend to their highest level in life. Part spiritual guide and part call-to-action, Fly Into the Wind combines Lt Colonel Rooney ’ s fighter pilot stories with his discovery of faith and purpose in order to help each reader achieve a philosophy he calls CAVU, after the Air Force acronym that stands for “ ceiling and visibility unrestricted. ” CAVU describes the perfect conditions for flying a fighter jet, when steel-blue skies invite pilots to spread their wings like supersonic eagles. In today ’ s world of identity politics, fractured racial relations, and external turmoil, Rooney ’ s book will show how all of us are connected by God in more ways than we realize, and that the path to fulfillment begins with changing ourselves in order to better one another. From the outside, Lieutenant Colonel Dan “ Noonan ” Rooney was living the American Dream: he was an F-16 fighter pilot, PGA Professional, husband to his college sweetheart, and father of five daughters. His position in life should have been a blessing. But a near-tragic mishap while piloting his F-16 triggered an ominous life storm that altered his trajectory and filled him with self-doubt. Realizing that a jet takes off into the wind because it requires resistance over its wings to fly, Lt Colonel Rooney ’ s attitude toward the resistance he encountered in his life changed from resentment to humble introspection. Hyper-focused on the precise areas that are immediately under your control, CAVU is a disciplined approach to each day that will help you reshape, motivate, prioritize, and ultimately thrive. In Fly Into the Wind, Lt. Colonel Rooney breaks down CAVU into ten unique lines of effort (LOE), with each LOE building upon the previous one to provide a positive vector toward a new way of living. Along this enlightened path, readers will discover a renewed belief in themselves and the art of the possible. The time for self-discovery and ultimate achievement begins now.

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

The creator of The Fat-Burning Man Show shares his revolutionary Paleo-inspired weight-loss program Every month, half a million visitors download The Fat-Burning Man Show, eager to learn the secret of Abel James ’ s incredible weight-loss success. Growing up on a defunct farm in the backwoods of New Hampshire, Abel had easy access to a host of natural foods that a backyard garden could provide: eggs, fresh produce, and real butter. But as he got older, he started eating a "modern diet" of processed foods, and by his early twenties, Abel found himself with high blood pressure, insomnia, acne, digestive problems, and love handles. Following the typical dieting advice of “ eat less, exercise more, ” and despite running thirty miles a week and nibbling tasteless, low-fat, low-calorie food, his health only worsened as his waistline expanded. In an effort to gain control of his health, Abel dug deep into nutrition research and discovered that everything he ’ d been told about low-calorie eating was wrong. He realized that our bodies are wired to eat luxuriously—and burn fat—as long as we ’ re eating real, natural foods that are grown on a farm and not in a factory. Incredibly, after just a few days of eating a Paleo-inspired diet of the most delicious "wild" foods that were rich in fat and fiber, Abel ’ s health problems began to disappear. And after forty days—and radically cutting back his exercise routine—he had lost twenty pounds. The Wild Diet is the book Abel ’ s hundreds of thousands of fans have been clamoring for. At a time when our collective health is failing, Abel sounds a clarion call to announce that good health doesn ’ t live in a pill, exercise program, or soul-crushing diet. The secret is simply getting back to our wild roots and eating the way we have for centuries.
